Amendment

16a. Independently of the importance of reaching the MSY objectives, Member States should propose positive measures to ensure greater flexibility for small-scale, coastal and artisanal fisheries in achieving those objectives, avoiding drastic changes to the fishing opportunities, which could be dramatic for the sector and the communities that sustain it.

Text proposed by the Commission

Amendment

2a. The progressive and incremental basis to achieve MSY referred to in the preceding paragraph shall only be accessible to small-scale, coastal and artisanal fisheries. Member States shall assess the impact of that flexibility, in order to avoid drastic changes in fishing opportunities, but without jeopardising maritime resources.
