Euratom Research and Training programme 2021- 2025  
(COM(2018)0437 – C8-0380/2018 – 2018/0226(NLE))

**A8-0406/2018**

**Proposal for a regulation**

**Recital 5 a (new)**

*Text proposed by the Commission*

*Amendment*

***(5 a) Severe nuclear accidents could endanger human health. Therefore, nuclear safety and, where appropriate, security aspects dealt with by the Joint Research Centre (the 'JRC') should be given the greatest possible attention in the Programme.***

Or. en

*Justification*

*We shouldn't neglect the dramatic consequences of past nuclear accidents. The amendment is derived from recital 6 of the recently published COUNCIL REGULATION (Euratom) 2018/1563 of 15 October 2018 on the Research and Training Programme of the European Atomic Energy Community (2019–2020) complementing the Horizon 2020 Framework Programme for Research and Innovation, and repealing Regulation (Euratom) No 1314/2013 (L262).*

Euratom Research and Training programme 2021- 2025  
(COM(2018)0437 – C8-0380/2018 – 2018/0226(NLE))

**Proposal for a regulation**

**Recital 6**

*Text proposed by the Commission*

*Amendment*

(6) *Fusion energy research is being implemented in accordance with the European Fusion Roadmap, which outlines the research and developments required to provide the basis for an electricity-generating fusion power plant. In the short to medium term the key step is the construction and exploitation of ITER and a vigorous fusion research programme shall complement the European activities on ITER in order to support the future ITER operations and the preparation for DEMO.*

(6) The construction and exploitation of ITER *is not covered by this* Programme.

Or. en

*Justification*

*ITER falls under an other legal basis than this Euratom Programme. It is therefore important to make sure that there is no confusion between the two R&D programmes.*

**Proposal for a regulation****Recital 12 a (new)***Text proposed by the Commission**Amendment*

***(12 a) The activities developed under the Programme should aim to promote equality between women and men in research and innovation, by addressing in particular the underlying causes of gender imbalance, exploiting the full potential of both female and male researchers, and integrating the gender dimension into the content of projects in order to improve the quality of research and stimulate innovation. The activities should also aim at the implementation of the principles relating to equality between women and men laid down in Articles 2 and 3 of the Treaty on European Union and Article 8 of the Treaty on the Functioning of the European Union (TFEU).***

Or. en

*Justification*

*The Programme shall ensure the effective promotion of gender equality and the gender dimension in research and innovation content;*

*The amendment is pasted from the Just adopted COUNCIL REGULATION (Euratom) 2018/1563 of 15 October 2018 on the Research and Training Programme of the European Atomic Energy Community (2019–2020) complementing the Horizon 2020 Framework Programme for Research and Innovation, and repealing Regulation (Euratom) No 1314/2013 (L262)*
