Report

A8-0475/2018

Norbert Lins, Bart Staes

Union's authorisation procedure for pesticides
(2018/2153(INI))

Motion for a resolution

Paragraph 25 a (new)

Motion for a resolution

Amendment

25a. Calls on the Commission and the Member States to include legally binding requirements, when approving active substances and plant protection products, to ensure that rural residents receive prior notification and have direct access to information regarding pesticides sprayed on fields in their surrounding areas;

A8-0475/2018

Motion for a resolution

Paragraph 32 a (new)

Motion for a resolution

Amendment

32a. Calls on the Commission to set up a pesticide labelling scheme for food produced in, or imported into, the EU in order to enhance consumer choice; stresses that the labelling should inform consumers about any pesticide treatments that have been applied during the production of the food in question, taking into account the dose and frequency of treatment, as well as the toxicity of the chemicals used;

Union's authorisation procedure for pesticides
(2018/2153(INI))

Motion for a resolution

Paragraph 51

Motion for a resolution

51. Calls on the Commission and the Member States to ensure that key tests (e.g. up-to-date ecotoxicological tests for soil organisms, assessment of environmental concentration and residues in dust, wind, air and water, and tests addressing long-term toxic effects, in particular for vulnerable groups) and up-to-date scientific and technological developments in methods are included in the risk assessment;

Amendment

51. Calls on the Commission and the Member States to ensure that key tests (e.g. up-to-date ecotoxicological tests for soil organisms, assessment of environmental concentration and residues in dust, wind, air and water, and tests addressing ***acute and*** long-term toxic effects, in particular for vulnerable groups) and up-to-date scientific and technological developments in methods are included in the risk assessment;

Motion for a resolution

Paragraph 104

Motion for a resolution

104. Calls on the Commission to finalise methods to determine when certain derogations should be applied, if at all, in particular as regards 'negligible exposure' or 'serious danger to plant health';

Amendment

104. Calls on the Commission to finalise methods to determine when certain derogations should be applied, if at all, in particular as regards 'negligible exposure' or 'serious danger to plant health', ***without changing the spirit of the law; warns the Commission that any reinterpretation of the term 'negligible exposure' as 'negligible risk' would be against the spirit of the law, and that any outdoor use of pesticides sprayed on crops in the open air cannot, under any circumstances, be classified or interpreted as being used in 'closed systems' or in 'other conditions excluding contact with humans';***
