Amendments to a draft act

Amendments by Parliament set out in two columns

Deletions are indicated in **bold italics** in the left-hand column. Replacements are indicated in **bold italics** in both columns. New text is indicated in **bold italics** in the right-hand column.

The first and second lines of the header of each amendment identify the relevant part of the draft act under consideration. If an amendment pertains to an existing act that the draft act is seeking to amend, the amendment heading includes a third line identifying the existing act and a fourth line identifying the provision in that act that Parliament wishes to amend.

Amendments by Parliament in the form of a consolidated text

New text is highlighted in **bold italics**. Deletions are indicated using either the **symbol** or strikeout. Replacements are indicated by highlighting the new text in **bold italics** and by deleting or striking out the text that has been replaced.
By way of exception, purely technical changes made by the drafting departments in preparing the final text are not highlighted.

pre-accession are substantially distinct from the general objectives of Union external action as this instrument aims to prepare the beneficiaries listed in Annex I for future membership of the Union and support their accession process. It is therefore essential to have a dedicated instrument in support of enlargement, while ensuring its complementarity with the general objectives of Union external action and in particular with the Neighbourhood, Development and International Cooperation Instrument (NDICI).

Text proposed by the Commission

(3) Article 49 of the Treaty on European Union (TEU) provides that any European state which respects the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, and commits to promote these values, may apply to become a member of the Union. A European State which has applied to join the Union can become a member only when it has been confirmed that it meets the membership criteria established at the Copenhagen European Council in June 1993 (the ‘Copenhagen criteria’) and provided that the Union has the capacity to integrate the new member. The Copenhagen criteria relate to the stability of institutions guaranteeing democracy, the rule of law, human rights and respect for and protection of minorities, the

(3) Article 49 TEU provides that any European State which respects the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, and commits to promote these values, may apply to become a member of the Union. Those values are common to Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail.
existence of a functioning market economy as well as the capacity to cope with competitive pressure and market forces within the Union, and the ability to assume not only the rights but also the obligations under the Treaties, including adherence to the aims of political, economic and monetary union.

(4) The enlargement process is built on established criteria and fair and rigorous conditionality. Each beneficiary is assessed on the basis of its own merits. The assessment of progress achieved and the identification of shortcomings aim to provide incentives and guidance to the beneficiaries listed in Annex I to pursue the necessary far-reaching reforms. For the prospect of enlargement to become a reality, a firm commitment to the principle of the 'fundamentals first' remains essential. Progression towards accession depends on each applicant's respect for the Union's values and its capacity to undertake the necessary reforms to align its political, institutional, legal, administrative and economic systems with the rules, standards, policies and practices in the Union.

Amendment

(4) The enlargement process is built on established criteria and fair and rigorous conditionality. Each beneficiary is assessed on the basis of its own merits. The assessment of progress achieved and the identification of shortcomings aim to provide incentives and guidance to the beneficiaries listed in Annex I to pursue the necessary far-reaching reforms. For the prospect of enlargement to become a reality, a firm commitment to the principle of the 'fundamentals first' remains essential. Good neighbourly relations and regional cooperation based on a definitive, inclusive and binding resolution of bilateral disputes are essential elements of the enlargement process and critical for security and stability of the Union as a whole. Progress towards accession depends on each applicant's respect for the Union's values and its capacity to undertake and implement the necessary reforms to align its political, institutional, legal, social, administrative and economic systems with the rules, standards, policies and practices in the Union. The Negotiating Framework sets out requirements against which progress in the accession negotiations with each candidate country is assessed.

15 The 'fundamentals first' approach links
rule of law and fundamental rights with the two other crucial areas of the accession process: economic governance — strengthened focus on economic development and improved competitiveness — and the strengthening of democratic institutions and public administration reform. Each of the three fundamentals is of crucial importance for the reform processes in the candidate countries and potential candidates and addresses key concerns of the citizens.

Amendment 4
Proposal for a regulation
Recital 4 a (new)

Text proposed by the Commission

(4 a) Any European State which has applied to join the Union can become a member of the Union only where it has been confirmed that it fully meets the accession criteria established at the Copenhagen European Council in June 1993 (the ‘Copenhagen criteria’) and provided that the Union has the capacity to integrate the new member. The Copenhagen criteria relate to the stability of institutions which guarantee democracy, the rule of law, human rights and respect for and protection of minorities, the existence of a functioning market economy as well as the capacity to cope with competitive pressure and market forces within the Union, and the ability to assume not only the rights but also the obligations under the Treaties, including the pursuit of the aims of political, economic and monetary union.

(7) Assistance should also be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should mainly focus on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights and promote gender equality, tolerance, social inclusion and non-discrimination. Assistance should also support the key principles and rights as defined in the European Pillar of Social Rights. Assistance should continue to support their efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the

(7) Assistance should also be provided in compliance with the international agreements concluded by the Union, including with the beneficiaries. Assistance should mainly focus on assisting the beneficiaries to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights, including those of minorities and promote gender equality, tolerance, social inclusion, respect for international labour standards on workers’ rights and non-discrimination of vulnerable groups, including children and people with disabilities. Assistance should also support adherence by the beneficiaries to the key principles and rights as defined in the European Pillar of Social Rights as well as to the social market economy and convergence towards the social acquis. Assistance should continue to support their efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies, with the aim to develop good neighbourly relations and enhance

Amendment 7

Proposal for a regulation
Recital 7 a (new)

Text proposed by the Commission

(7 a) Taking into consideration the transformatory nature of the reform process during the enlargement process in the candidate countries, the Union should enhance its efforts in prioritising key areas for Union funding, such as institution and security building, and enhance its support to candidate countries when implementing projects with a view of protecting those candidate countries from non-EU influences.

Amendment 8

Proposal for a regulation
Recital 7 b (new)

Text proposed by the Commission

(7 b) The Union's efforts to support reform progress in candidate countries through IPA funding should be well communicated in candidate countries, as well as in the Member States. The Union, in that regard, should enhance communication and campaign efforts in order to ensure visibility of the IPA funding, as the main EU instrument of peace and stability in enlargement area.

Amendment 9

Proposal for a regulation

Recital 7 c (new)

Text proposed by the Commission

(7 c) The importance of the facilitation and implementation of the budget is recognised as regards institution building, which will in return help in anticipation of possible security issues, and prevent possible future illegal migratory flows towards the Member States.

Amendment 10

Proposal for a regulation

Recital 9

Text proposed by the Commission

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security is pivotal to addressing effectively and efficiently security and terrorism threats.

Amendment

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security and defence sector reform is pivotal to addressing effectively and efficiently security, organised crime and terrorism threats.
Amendment 11

Proposal for a regulation
Recital 9 a (new)

Text proposed by the Commission

(9 a) Actions under the instrument established by this Regulation should also contribute to assisting the beneficiaries in the progressive alignment with the Common Foreign and Security Policy (CFSP), and the implementation of restrictive measures as well as the Union's broader external policies in international institutions and multilateral fora. The Commission should encourage the beneficiaries to uphold a rules- and values-based global order and cooperate on the promotion of multilateralism and the further strengthening of the international trading system, including WTO reforms.

Amendment 12

Proposal for a regulation
Recital 10

Text proposed by the Commission

(10) It is essential to further step up cooperation on migration including border management, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control and pursuing our effort in the fight against irregular migration, trafficking in human beings and migrant smuggling.

Amendment

(10) Cooperation on migration, including border management and control, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control and efforts to prevent and discourage irregular migration and forced displacement, and to fight against trafficking in human beings and people smuggling are an important aspect of cooperation between the Union and the beneficiaries.
Amendment 13
Proposal for a regulation
Recital 11

Text proposed by the Commission

(11) Strengthening the rule of law, including the fight against corruption and organised crime, and good governance, including public administration reform, remain key challenges in most of the beneficiaries listed in Annex I and are essential in order for beneficiaries to come closer to the Union and later to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should address the requirements placed on the beneficiaries listed in Annex I as early as possible.

Amendment

(11) Strengthening the rule of law, including the independence of the judiciary, fight against corruption, money laundering and organised crime, and good governance, including public administration reform, providing support for human rights defenders, continued alignment on transparency, public procurement, competition, state aid, intellectual property and foreign investment remain key challenges and are essential in order for beneficiaries to come closer to the Union and to prepare to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should be programmed to address these issues as early as possible.

Amendment 14
Proposal for a regulation
Recital 12

Text proposed by the Commission

(12) In accordance with the principle of participatory democracy, parliamentary oversight in each beneficiary listed in Annex I should be encouraged by the Commission.

Amendment

(12) The parliamentary dimension remains fundamental in the accession process. Therefore, in accordance with the principle of participatory democracy, the strengthening of parliamentary capacities, parliamentary oversight, democratic procedures and fair representation in each of the beneficiaries should be promoted by the Commission.
Amendment 15
Proposal for a regulation
Recital 13

*Text proposed by the Commission*

(13) The beneficiaries *listed in Annex I* need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25% of the EU budget expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16% of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

*Amendment*

(13) The beneficiaries need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25% of the EU budget expenditures supporting climate objectives. Actions under this Programme should aim to contribute at least 16% of the overall financial envelope of the Programme to climate objectives, striving to achieve the goal that climate-related spending reaches 30% of MFF expenditure by 2027. Priority should be given to environmental projects addressing cross-border pollution. Relevant actions will be identified during the Programme's preparation and execution, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

Diverse independent civil society organisations and different types and levels of local authorities should play a meaningful role in the process. In line with the principle of inclusive partnership, civil society organisations should be part of both the design, implementation, monitoring and evaluation of the programmes executed through government bodies and be direct beneficiaries of Union assistance.

Amendment 17
Proposal for a regulation
Recital 17

(17) The priorities for action towards the objectives in the relevant policy areas which will be supported under this Regulation should be defined in a programming framework established by the Commission for the duration of the Union multiannual financial framework for the period from 2021 to 2027 in partnership with the beneficiaries listed in Annex I, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and taking relevant national strategies into due account. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.

Specific and measurable objectives in the relevant policy areas should be defined for each beneficiary, followed up by priorities for action towards meeting these objectives in a programming framework established by the Commission by means of delegated acts. The programming framework should be established in partnership with the beneficiaries, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and the principles of Union external action, taking relevant national strategies and pertaining European Parliament resolutions into due account. That partnership should include, as appropriate, competent authorities, as well as civil society organisations. The Commission should encourage cooperation among the relevant stakeholders and donor co-ordination.
The programming framework should be reviewed following the mid-term evaluation. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.

Amendment 18

Proposal for a regulation
Recital 18

Text proposed by the Commission

(18) It is in the Union’s interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria.

Amendment

(18) It is in the common interest of the Union and the beneficiaries to assist the beneficiaries’ efforts to reform their political, legal and economic systems with a view to Union membership. Assistance should be managed in accordance with a performance-based approach and with significant incentives for more effective and efficient use of funds for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria. Assistance should be allocated in line with the “fair share” principle and clear consequences in cases of serious deterioration or lack of progress in the respect for human dignity, freedom, democracy, equality, the rule of law and human rights.

Amendment 19

Proposal for a regulation
Recital 18 a (new)

Text proposed by the Commission

(18 a) The Commission should set up clear monitoring and evaluation mechanisms to ensure that the objectives and actions concerning different
beneficiaries remain relevant and feasible and to regularly measure progress. To that effect, every objective should be accompanied by one or more performance indicators, assessing the beneficiaries’ adoption of reforms and their concrete implementation.

Amendment 20
Proposal for a regulation
Recital 19

**Text proposed by the Commission**

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

**Amendment**

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries should be progressive and in line with the respective capacities of those beneficiaries. That transition should be reversed or suspended in specific policy or programme areas in the event that the beneficiaries fail to fulfil relevant obligations or to administer the Union funds in accordance with the established rules, principles and objectives. Such a decision should give due consideration to any possible negative economic and social consequences. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

*Text proposed by the Commission*

(21 a) Without prejudice to the budgetary procedure and the provisions on the suspension of aid established in international agreements with beneficiaries, the power to adopt delegated acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission in respect of amending Annex I to this Regulation in order to suspend or partially suspend Union assistance. That power should be used in cases where there is consistent backsliding on one or more of the Copenhagen criteria or where a beneficiary fails to respect the principles of democracy, the rule of law, human rights and fundamental freedoms or violates the commitments taken in the relevant agreements concluded with the Union. Where the Commission finds that the reasons justifying the suspension of assistance no longer apply, it should be empowered to adopt delegated acts to amend Annex I in order to reinstate Union assistance.

Amendment 23
Proposal for a regulation
Recital 24

*Text proposed by the Commission*

*Amendment*
(24) The types of financing and the methods of implementation under this Regulation should be chosen on the basis of their ability to achieve the specific objectives of the actions and to deliver results, taking into account, in particular, the costs of controls, the administrative burden, and the expected risk of non-compliance. This should include consideration of the use of lump sums, flat rates and unit costs, as well as financing not linked to costs as referred to in Article 125(1) of the Financial Regulation.

Amendment 24
Proposal for a regulation
Recital 25

Text proposed by the Commission

(25) The Union should continue to apply common rules for the implementation of the external actions. Rules and procedures for the implementation of the Union's instruments for financing external action are laid down in Regulation (EU) No [NDICI] of the European Parliament and of the Council. Additional detailed provisions should be laid down for addressing the specific situations in particular for cross-border cooperation, agriculture and rural development policy area.

Amendment

(26) External actions are often implemented in a highly volatile environment requiring a continuous and rapid adaptation to the evolving needs of Union partners and to global challenges such as human rights, democracy and good
governance, security and stability, climate change and environment and irregular migration and its root causes. Reconciling the principle of predictability with the need to react rapidly to new needs consequently means adapting the financial implementation of the programmes. To increase the ability of the Union to respond to unforeseen needs, while respecting the principle that the Union budget is set annually, this Regulation should preserve the possibility to apply the flexibilities already allowed by the Financial Regulation for other policies, namely carry-overs and re-commitments of committed funds, to ensure an efficient use of the EU funds both for the EU citizens and the beneficiaries listed in Annex I, thus maximising the EU funds available for the EU external action interventions.

Amendment 26

Proposal for a regulation
Recital 29 a (new)

Text proposed by the Commission

(29 a) Cross border cooperation programmes are the most visible programmes of the Instrument of Pre-Accession Assistance, as well as being well-known by citizens. Cross border cooperation programmes could therefore significantly improve the visibility of Union-funded projects in the candidate states;
Amendment 27
Proposal for a regulation
Recital 31 a (new)

Text proposed by the Commission

(31 a) All funding allocations under this Regulation should be carried out in a transparent, effective, accountable, depoliticised and non-discriminatory manner, including by means of an equitable distribution reflecting the needs of the regions and local municipalities. The Commission, the Vice-President/High Representative of the Union for Foreign Affairs and Security Policy (“VP/HR”), and in particular Union delegations should monitor closely that those criteria are met and the principles of transparency, accountability and non-discrimination are respected in the allocation of funds.

Amendment 28
Proposal for a regulation
Recital 31 b (new)

Text proposed by the Commission

(31 b) The Commission, the VP/HR, and in particular Union delegations and the beneficiaries should enhance the visibility of the Union’s pre-accession assistance in order to communicate the added value of the Union’s support. The recipients of Union funding should acknowledge the origin of the Union’s funding and ensure its proper visibility. IPA should contribute to financing communication actions for promotion of the results of the Union’s assistance to multiple audiences in the beneficiaries.

Recital 33

*Text proposed by the Commission*

(33) In order to ensure uniform conditions for the implementation of this Regulation in particular on specific conditions and structures for indirect management with the beneficiaries listed in Annex I and on the implementation of rural development assistance, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with [Regulation (EU) No 182/201125 of the European Parliament and of the Council]. When establishing the uniform conditions for implementing this Regulation, the lessons learnt from the management and implementation of past pre-accession assistance should be taken into account. Those uniform conditions should be amended if developments so require.

Article 7a
Evaluation
1. The Commission shall adopt a new IPA programming framework based on the mid-term evaluation. No later than 30 June 2024, the Commission shall submit a mid-term evaluation report on the application of this Regulation. The mid-term evaluation report shall cover the period from 1 January 2021 to 31 December 2023 and shall examine the Union contribution to the achievement of the objectives of this Regulation, by means of indicators measuring the results delivered and any findings and conclusions concerning the impact of this Regulation.

2. The mid-term evaluation report shall also address efficiency, the added value, the scope for simplification, internal and external coherence, and the continued relevance of the objectives of this Regulation.

3. The mid-term evaluation report shall be undertaken for the specific purpose of improving the application of Union funding. It shall inform decisions on the renewal, modification or suspension of the types of actions implemented under the Regulation.

4. The mid-term evaluation report shall also contain consolidated information from relevant annual reports on all funding governed by this Regulation, including external assigned revenues and contributions to trust funds offering a breakdown of spending by beneficiary country, use of financial instruments, commitments and payments.

5. The Commission shall communicate the conclusions of the evaluations accompanied by its observations, to the European Parliament, to the Council and to Member States. The results shall feed into programme design and resource allocation.

6. The Commission shall associate all relevant stakeholders in the evaluation process of the Union's funding provided
under this Regulation, and may, where appropriate, seek to undertake joint evaluations with the Member States and development partners with close involvement of the partner countries.

7. The Commission shall submit the mid-term evaluation report referred to in this Article to the European Parliament and to the Council, accompanied, if appropriate, by legislative proposals setting out necessary amendments to this Regulation.

8. At the end of the period of application of this Regulation, but no later than four years after the end of the period specified in Article 1, the Commission shall carry out a final evaluation of the Regulation on the same terms as the mid-term evaluation referred to in this Article.

Article 8 a (new)
Action plans and measures

1. The Commission shall adopt annual or multiannual action plans or measures. The measures may take the form of individual measures, special measures, support measures or exceptional assistance measures. Action plans and measures shall specify for each action the objectives pursued, the expected results and main activities, the methods of application, the budget and any associated support expenditures.

2. Action plans shall be based on programming documents, except for cases referred to in paragraphs 3 and 4.

When necessary, an action may be adopted as an individual measure before or after the adoption of action plans. Individual measures shall be based on programming documents, except for cases referred to in paragraph 3 and in other duly justified cases.

In the event of unforeseen needs or circumstances, and when funding is not possible from more appropriate sources, the Commission is empowered to adopt delegated acts in accordance with Article 34 of Regulation ...[NDICI Regulation] laying down special measures not based on the programming documents.

3. Annual or multiannual action plans and individual measures may be used to execute rapid response actions referred to in Article 4(4)(b) of Regulation ...[NDICI Regulation].

4. The Commission may adopt exceptional assistance measures for rapid response actions as referred to in Article 4(4)(a) of Regulation ...[NDICI Regulation].

5. Measures taken under Article 19 (3) and (4) may have a duration of up to 18 months, which may be extended twice by a further period of up to six months, up to a total maximum duration of 30
months, in the event of objective and unforeseen obstacles to execution, provided that there is no increase in the financial amount of the measure.

In cases of protracted crisis and conflict, the Commission may adopt a second exceptional assistance measure of a duration of up to 18 months. In duly justified cases, further measures may be adopted where the continuity of the Union's action under this paragraph is essential and cannot be ensured by other means.

Article 8b
Support measures

1. Union financing may cover expenditure to support the execution of the Instrument and the achievement of its objectives, including administrative support associated with the preparation, follow-up, monitoring, control, audit and evaluation activities necessary for such execution, as well as expenditure at headquarters and Union delegations for the administrative support needed for the programme, and to manage operations financed under this Regulation, including information and communication actions, and corporate information technology systems.

2. When support expenditure is not included in the action plans or measures referred to in Article 8c, the Commission shall adopt, where applicable, support measures. Union financing under support measures may cover:

(a) studies, meetings, information, awareness-raising, training, preparation
and exchange of lessons learnt and best practices, publication activities and any other administrative or technical assistance expenditure necessary for the programming and management of actions, including remunerated external experts;

(b) research and innovation activities and studies on relevant issues and the dissemination thereof;

Article 8c

Adoption of action plans and measures

1. The Commission shall adopt action plans and measures by decision in accordance with the Financial Regulation.

2. The Commission shall take account of the relevant policy approach of the Council and the European Parliament for the planning and subsequent application of such action plans and measures, in the interests of consistency of the Union's external action.

The Commission shall immediately inform the European Parliament about the planning of action plans and measures pursuant to this Article, including the financial amounts envisaged, and shall also inform the European Parliament when making substantial changes or extensions to that
assistance. As soon as possible following the adoption of an action plan or measure, and in any case within two months thereof, the Commission shall report to the European Parliament and to the Council and give an overview of the nature, context and rationale of the action plan or measure adopted, including its complementarity with the ongoing and planned Union response.

3. Before adopting any action plans and measures that are not based on programming documents pursuant to Article 7, the Commission shall adopt a delegated act in accordance with Article 14 to supplement this Regulation by setting out the specific objectives to be pursued, the results expected, the instruments to be used, the main activities and the indicative financial allocations of these action plans and measures.

4. Appropriate human rights, social and environmental screening, including for climate change and biodiversity impacts, shall be undertaken at the level of actions, in accordance with the applicable legislative acts of the Union, including Directive 2011/92/EU\(^1\) of the European Parliament and of the Council and Council Directive 85/337/EEC\(^2\), comprising, where applicable, an environmental impact assessment for environmentally sensitive actions, in particular for major new infrastructure.

Where relevant, human rights, social and strategic environmental assessments shall be used in the execution of sectoral programmes. The Commission shall ensure the involvement of interested stakeholders in these assessments and public access to the results of such assessments.

Methods of cooperation

1. Financing under this Instrument shall be implemented by the Commission, as provided for by the Financial Regulation, either directly by the Commission itself, by Union delegations and by executive agencies, or indirectly through any of the entities listed in Article 62 (1) c) of the Financial Regulation.

2. Financing under this Instrument may also be provided through contributions to international, regional or national funds, such as those established or managed by the EIB, by Member States, by partner countries and regions or by international organisations, or other donors.

3. The entities listed in Article 62(1)(c) of the Financial Regulation and in Article 29(1) of of Regulation ...[NDICI Regulation] shall annually fulfil their reporting obligations under Article 155 of the Financial Regulation. The reporting requirements for any of these entities are laid down in the framework partnership agreement, the contribution agreement, the agreement on budgetary guarantees or the financing agreement.

4. Actions financed under this Instrument may be implemented by means
of parallel or joint co-financing.

5. In the case of parallel co-financing, an action is split into a number of clearly identifiable components which are each financed by the different partners providing co-financing in such a way that the end-use of the financing can always be identified.

6. In the case of joint co-financing, the total cost of an action is shared between the partners providing the co-financing and the resources are pooled in such a way that it is no longer possible to identify the source of financing for any given activity undertaken as part of the action.

7. Cooperation between the Union and its partners may take the form, inter alia, of:

(a) triangular arrangements whereby the Union coordinates with third countries its assistance funding to a partner country or region;

(b) administrative cooperation measures such as twinning between public institutions, local authorities, national public bodies or private law entities entrusted with public service tasks of a Member State and those of a partner country or region, as well as cooperation measures involving public sector experts dispatched from the Member States and their regional and local authorities;

(c) contributions to the necessary costs of setting up and administering a public-private partnership including support of broad participation by setting up independent third party CSO body to assess and monitor public-private partnership set-ups;

(d) sector policy support programmes whereby the Union provides support to a partner country's sector programme;

(e) contributions to the cost of the countries' participation in Union
programmes and actions implemented by Union agencies and bodies, as well as bodies or persons entrusted with implementation of specific actions in the Common Foreign and Security Policy pursuant to Title V of the Treaty on European Union;

(f) interest rate subsidies.

Article 8e

Forms of Union funding and methods of application

1. The Union funding may be provided through the types of financing envisaged by the Financial Regulation and in particular:

(a) grants;

(b) procurement contracts for services, supplies or works;

(c) budget support;

(d) contributions to trust funds set up by the Commission, in accordance with Article 234 of the Financial Regulation;

(e) financial instruments;

(f) budgetary guarantees;

(g) blending;

(h) debt relief in the context of internationally agreed debt relief programme;

(i) financial assistance;

(j) remunerated external experts.

2. When working with stakeholders of partner countries, the Commission shall take into account their specificities, including their needs and the relevant
context, when defining the financing modalities, the type of contribution, the award modalities and the administrative provisions for the management of grants, with a view to reaching and best responding to the widest possible range of such stakeholders. That assessment shall take into account the conditions for a meaningful participation and involvement of all stakeholders, in particular local civil society. Specific modalities shall be encouraged in accordance with the Financial Regulation, such as partnership agreements, authorisations of financial support to third parties, direct award or eligibility-restricted calls for proposals, or lump sums, unit costs and flat-rate financing as well as financing not linked to costs as envisaged in Article 125(1) of the Financial Regulation. Those different modalities shall ensure transparency, traceability and innovation. Cooperation between local and international NGOs shall be encouraged in order to bolster local civil society’s capacities with a view to achieving its full participation in development programmes.

3. In addition of the cases referred to in Article 195 of the Financial Regulation, the direct award procedure may be used for;

(a) low-value grants to human rights defenders and to mechanisms for the protection of human rights defenders at risk, to finance urgent protection actions, where appropriate without the need for co-financing, as well as to mediators and other civil society actors involved in crisis and armed conflict related dialogue, conflict resolution, reconciliation and peace-building;

(b) grants, where appropriate without the need for co-financing, to finance actions in the most difficult conditions where the publication of a call for proposals would be inappropriate including situations where there is a serious lack of fundamental freedoms,
threats to democratic institutions, escalation of crisis, armed conflict where human security is most at risk or where human rights organisations and defenders, mediators and other civil society actors involved in crisis and armed conflict related dialogue, reconciliation and peace-building operate under the most difficult conditions. Such grants shall not exceed EUR 1 000 000 and shall have a duration of up to 18 months, which may be extended by a further 12 months in the event of objective and unforeseen obstacles to their application;

(c) grants to the Office of the UN High Commissioner for Human Rights as well as to Global Campus, the European Inter-University Centre for Human Rights and Democratisation, providing a European Master’s Degree in Human Rights and Democratisation, and its associated network of universities delivering human rights postgraduate diplomas, including scholarships to students, researchers, teachers, and human rights defenders from third countries.

(d) Small projects as described in Article 23a of of Regulation ...[NDICI Regulation].

Budget support as referred to in point (c) of paragraph 1, including through sector reform performance contracts, shall be based on country ownership, mutual accountability and shared commitments to universal values, democracy, human rights, gender equality, social inclusion and human development and the rule of law, and aims at strengthening partnerships between the Union and partner countries. It shall include reinforced policy dialogue, capacity development, and improved governance, complementing partners’ efforts to collect more and spend better in order to support sustainable and inclusive socio-economic development which benefits all, decent job creation, with particular attention to
young people, the reduction of inequalities and poverty eradication with due regard to local economies, environmental and social rights.

Any decision to provide budget support shall be based on budget support policies agreed by the Union, a clear set of eligibility criteria and a careful assessment of the risks and benefits. One of the key determinants of that decision shall be an assessment of the commitment, record and progress of partner countries with regard to democracy, human rights and the rule of law.

4. Budget support shall be differentiated in such a way as to respond better to the political, economic and social context of the partner country, taking into account situations of fragility.

When providing budget support in accordance with Article 236 of the Financial Regulation, the Commission shall clearly define and monitor criteria for budget support conditionality, including progress in reforms and transparency, and shall support the development of parliamentary control, national audit capacities, CSO participation in monitoring and increased transparency and public access to information and development of strong public procurement systems that support local economic development and local businesses.

5. Disbursement of the budget support shall be based on indicators demonstrating satisfactory progress being made towards achieving the objectives agreed with the partner country.

6. Financial instruments under this Regulation may take forms such as loans, guarantees, equity or quasi-equity, investments or participations, and risk-sharing instruments, whenever possible and in accordance with the principles laid down in Article 209(1) of the Financial
Regulation under the lead of the EIB, a multilateral European finance institution, such as the European Bank for Reconstruction and Development, or a bilateral European finance institution, such as bilateral development banks, possibly pooled with additional other forms of financial support, both from Member States and third parties.

Contributions to Union financial instruments under this Regulation may be made by Member States as well as any entity referred to in Article 62(1)(c) of the Financial Regulation.

7. Those financial instruments may be grouped into facilities for application and reporting purposes.

8. The Commission and the EEAS shall not enter into new or renewed operations with entities incorporated or established in jurisdictions defined under the relevant Union policy as non-cooperative, or that are identified as high risk third countries pursuant to Article 9(2) of Directive(EU) 2015/849 of the European Parliament and of the Council, or that do not effectively comply with Union or internationally agreed tax standards on transparency and exchange of information.

9. The Union's funding shall not generate or activate the collection of specific taxes, duties or charges.

10. Taxes, duties and charges imposed by partner countries may be eligible for financing under this Regulation.

Article 8f
Carry-overs, annual instalments, commitment appropriations, re-payments and revenue generated by financial instruments

1. In addition to Article 12(2) of the Financial Regulation, unused commitment and payment appropriations under this Regulation shall be automatically carried over and may be committed up to 31 December of the following financial year. The carried-over amount shall be used first in the following financial year.

The Commission shall submit to the European Parliament and to the Council information on appropriations which were automatically carried over, including the amounts involved, in line with Article 12(6) of the Financial Regulation.

2. In addition to the rules laid down in Article 15 of the Financial Regulation on making appropriations available again, commitment appropriations corresponding to the amount of decommitments made as a result of total or partial non implementation of an action under this Regulation shall be made available again to the benefit of the budget line of origin.

References to Article 15 of the Financial Regulation in Article 12(1)(b) of Regulation laying down the multi annual financial framework shall be understood as including a reference to this paragraph for the purpose of this Regulation.

3. Budgetary commitments for actions extending over more than one financial year may be broken down over several years into annual instalments, in line with Article 112(2) of the Financial Regulation.

The third subparagraph of Article 114(2) of the Financial Regulation shall not apply to these multiannual actions. The Commission shall automatically de-commit any portion of a budgetary...
commitment for an action that by 31 December of the fifth year following that of the budgetary commitment has not been used for the purpose of pre-financing or making interim payments or for which no certified statement of expenditure or any payment request has been submitted.

Paragraph 2 of this Article shall also apply to annual instalments.

4. By way of derogation from Article 209(3) of the Financial Regulation repayments and revenues generated by a financial instrument shall be assigned to the budget line of origin as internal assigned revenue after deduction of management costs and fees. Every five years, the Commission shall examine the contribution made to the achievement of Union objectives, and the effectiveness, of existing financial instruments.

Democratic Accountability
1. In order to enhance dialogue between the institutions and services of the Union, in particular the European Parliament, the Commission and the EEAS, foster the overall coherence of all External Financing Instruments, and to ensure greater transparency and accountability, as well as the expediency in the adoption of acts and measures by the Commission, the European Parliament may invite the Commission and the EEAS to appear before it to discuss the strategic orientations and guidelines for the programming under this Regulation. That dialogue may take place prior to the adoption of delegated acts and of the draft annual budget by the Commission or, at the request of the European Parliament, the Commission or the EEAS, on an ad hoc basis in view of major political developments.

2. Where a dialogue referred to in paragraph 1 is due to take place, the Commission and the EEAS shall present to the European Parliament all relevant documents in relation to that dialogue. Where the dialogue is related to the
annual budget, consolidated information on all action plans and measures adopted or planned in accordance with Article 8 c, information on cooperation per country, region and thematic area, and the use of rapid response actions and the External Action Guarantee shall be provided.

3. The Commission and the EEAS shall take the utmost account of the position expressed by the European Parliament. In the event that the Commission or the EEAS do not take the European Parliament's positions into account, they shall provide due justification.

4. The Commission and the EEAS, in particular through the steering group pursuant to Article 7 c, shall be responsible for keeping the European Parliament informed about the state of this Regulation’s application, in particular about ongoing measures, actions and results.

EXPLANATORY STATEMENT

Since 2007, the Instrument for Pre-Accession Assistance has been the main financial instrument supporting reforms in the candidate and potential candidate countries, i.e. the six Western Balkan countries and Turkey, aimed at preparing the beneficiaries for the obligations of the EU membership. IPA funding supports the accession process by building up capacities and bringing positive, irreversible, long-term changes in the countries, aiming to become future members of the EU. The legal framework of the second generation of the Instrument for Pre-Accession Assistance (IPA II) approved back in 2014 is set to expire on 31 December 2020.

General remarks

Parliament’s position on the overall 2021-2027 financial framework, reflected in the Interim report on the new MFF (2018/0166R(APP)), shapes its stance on the envelope for the IPA III Regulation. The MFF and IPA III should be revised before 2027 in an event of accession(s) to the Union, to take account of the resulting expenditure requirements.

The co-rapporteurs note the proposal to increase the 2021-2027 IPA envelope in nominal terms to EUR 14.5 billion (current prices), but are convinced that a failure to match or exceed the 2014-2020 IPA II allocations in real terms would fail to ensure sufficient funding during the period that is critical to the accession process and implementation of the EU-related reforms.

IPA funding is a long-term investment into the European future the Western Balkans, and efficient use of the EU funds must be secured via stringent control and monitoring to ensure delivery of results and good value for the tax-payers’ money.

Without prejudice to the final decision concerning the proposed merger of the most other EU External Financing Instruments (EFIs) under the umbrella of Neighbourhood, Development and International Cooperation Instrument (NDICI), it is important that enlargement policy continues to be financed under a separate dedicated instrument, while ensuring sufficient alignment and coherence between the EFIs. Your co-rapporteurs underline the need for the IPA to remain a standalone instrument due to a specific nature of the enlargement process within the external action, underpinned by the Western Balkans Strategy and the relationship with Turkey.

Your co-rapporteurs are convinced that IPA financing for cross-border co-operation with the EU members states under the European Territorial Cooperation (Interreg) should be limited and monitored to safeguard a more balanced co-contribution. This would ensure that it does not replace, but rather complements and encourages existing or potential cooperation between and among IPA beneficiaries under the thematic priorities established in the Annex III.

Clearer strategic focus

For the candidate countries, the third generation of IPA must be shaped to function as a springboard for implementing the future cohesion framework after they join the EU; for the potential candidates, it must set ground to prepare for the reforms related to the accession negotiations. It is vital to ensure a smooth transition from IPA II to IPA III and, after the accession of new members, from IPA III to the framework of the European Structural and Investment Funds.
The pre-accession assistance must continue supporting cross-cutting, EU-focused political, institutional, legal, administrative and socio-economic reforms in candidate and potential candidate countries. They are based on the Copenhagen criteria, conditionality and progressive alignment to Union’s rules, standards and policies.

The funding should be refocused to address specific fundamental needs and overdue essential reforms in each of the countries concerned. Along with a stronger emphasis on the well-established existing IPA priorities, covering the rule of law, fundamental rights, good governance, socio-economic cohesion and a thorough preparation across the 35 chapters of the EU acquis, including the CFSP alignment, the IPA III must strengthen the recipients’ resilience across the areas of migration, security, gender equality, climate protection and trade facilitation.

IPA III must also put greater emphasis on the social dimension of the enlargement policy by fostering cohesion and convergence on the rights and principles enshrined in the European Pillar of Social Rights. In addition to a stronger focus on social market economy, social and regional cohesion in the IPA implementation, social dimension needs to be taken into account in the mid-term review of the IPA and assessed via clear and measurable indicators, such as the GINI coefficient.

The EU must refocus efforts on strengthening democratisation by reinforcing capacities of parliaments, civil society and the media, while supporting measures to achieve a genuine political dialogue and reconciliation as a prerequisite for peace. In this respect, the cross-border cooperation, improving dialogue, neighbourly relations, regional connectivity and economic integration, is of a great importance.

**Stronger role for the EP**

While the role of the Parliament is to provide the general direction and scrutiny of the external financing instruments rather than their "micromanagement", your co-rapporteurs underline the need to safeguard the role of the EP and the duty of the Commission to keep the Parliament regularly, timely and fully involved.

Drawing from the lessons learned from the IPA II mid-term review, your rapporteurs propose to strengthen the involvement of the European Parliament without compromising the speed of decision-making by increasing the use of delegated acts procedure.

Your rapporteurs are also convinced that the programming framework should be subject to “a sunset clause”, that would ensure its genuine mid-term review.

It is essential that the EP’s positions in areas in which Parliament has its own assistance programmes, such as capacity-building, mediation and election observation, are fully taken into account in the overall programming.

**Greater involvement of the civil society and local authorities**

It is of a particular importance that funding is allocated in a transparent, effective, accountable, depoliticised and non-discriminatory manner, including equitable distribution reflecting the needs of the regions and local municipalities.

Your co-rapporteurs underline the crucial role played by the EU delegations on the ground in ensuring proper use and visibility of the EU funding and in involving a wide-range of relevant civil society organisations and local authorities during different stages of the assistance cycle.
Performance-based approach

The major change within the proposed programming framework is a shift from per-country allocations to priority-based allocations under a ‘fair share’ principle, i.e. IPA programming through five ‘windows’ mirroring specific objectives and performance.

Your co-rapporteurs support the increased flexibility of moving away from country envelopes towards thematic priority ‘window’ allocations and the performance-based approach. IPA III programming and performance framework, based on the needs and performance criteria and a fair share principle, should be operationalised and fine-tuned via delegated acts during the course of IPA III preparation, implementation and evaluation.

Enhanced conditionality

While supporting a reinforced performance-based approach, your rapporteurs suggest strengthening the conditionality of IPA assistance by envisaging a possibility of suspending pre-accession assistance in cases of breaches of the principles of democracy, the rule of law, respect for human rights and fundamental freedoms and commitments taken in the relevant agreements concluded with the Union. In this regard, the monitoring, suspension and reinstatement mechanism enshrined in the EU’s Generalised Scheme of Preferences (GSP) can serve as an example.

In line with the Articles 2 and 49, and by an analogy with the Article 7 of the Treaty on European Union, the future EU member states should face suspension of the Union assistance for violating fundamental EU values and for backsliding on the rule law. In line with the sound financial management rule under the Financial Regulation (No 966/2012), in accordance with the principles of economy, efficiency and effectiveness, the Commission should also suspend payments in cases of systemic errors, calling into question the legality and regularity of transactions.

The co-rapporteurs recall the need to apply and follow up on conditionality at a political and at a project level and reinforce systematic monitoring and evaluations of sensitive programmes and projects. Annual allocations must be based on a viable monitoring and evaluation framework, to be established through a delegated act, and a thorough performance exercise, reflecting the progress made or a lack of it.

Noting the backlogs and delays in implementation of the IPA I & II, you rapporteurs urge to keep the flexibility to carry-over and re-commit funds already committed, while encouraging the Commission to reconsider reintroducing direct management where appropriate, in particular in order to fight high level corruption and organised crime and to strengthen civil society and reinforce media freedom.

Budget support must be reduced or suspended in cases of systemic irregularities in the management and control systems or unsatisfactory progress being made towards achieving the objectives agreed with the beneficiary countries. Stronger conditionality for the budget support, based on progress in reforms and sound management, must be coupled with a targeted assistance fostering development of parliamentary control, national audit capacities and increased transparency and public access to information.

Enhanced visibility

With IPA support channelled to the countries aiming to become the members of the EU, your
co-rapporteurs call for better-targeted communication efforts in order to ensure the visibility of the EU funding, permitting to better follow-up and to capitalise on the EU investment. The Commission, the EU delegations on the ground and the beneficiaries of IPA should improve communication on the results of the EU assistance in order to contribute to better understanding of its benefits to improving lives of citizens.

Alignment of general rules governing external financing

While the enlargement policy shall continue to be supported under a dedicated instrument, IPA III provisions should be consistent with the overall financing architecture of the Union’s external action. In line with the outcome of AFET vote on the IPA III, the relevant horizontal provisions of this Regulation that should be aligned with those of the NDICI during the plenary phase cover rules on action plans, measures, application methods; evaluation; governance and democratic accountability.

Text proposed by the Commission

(5) The enlargement policy of the Union is an investment in peace, security and stability in Europe. It provides increased economic and trade opportunities to the mutual benefit of the Union and the aspiring Member States. The prospect of Union membership has a powerful transformative effect, embedding positive democratic, political, economic and societal change.

Amendment

(5) The enlargement policy of the Union is an investment in peace, security and stability in Europe. It provides increased economic and trade opportunities to the mutual benefit of the Union and the aspiring Member States while respecting the principle of asymmetric and progressive integration to ensure a smooth transformation for the fragile economies of the aspiring Member States. The prospect of Union membership has a powerful transformative effect, embedding positive democratic, political, economic and societal change.

Amendment 3

Proposal for a regulation
Recital 7

Text proposed by the Commission

(7) Assistance should also be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should mainly focus on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights and promote gender equality, tolerance, social inclusion and non-discrimination. Assistance should also support the key principles and rights as defined in the European Pillar of Social Rights. Assistance should continue to support their
efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.

Amendment 4

(8) The Union should provide support to the transition towards accession for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States. This cooperation should focus in particular on the sharing of experience acquired by the Member States in the reform process.

Amendment

(8) The Union should provide support to the transition towards accession for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States. This cooperation should focus in particular on the sharing of experience acquired by the Member States in the reform process, in particular on enhancing economic and customs cooperation and on joint action to fight against corruption, smuggling, money
Amendment 5
Proposal for a regulation
Recital 9 a (new)

Text proposed by the Commission

(9a) The Commission should encourage the beneficiaries listed in Annex I to cooperate with the Union's work related to the promotion of multilateralism and the further strengthening of the international trading system, including WTO reforms.

Amendment 6
Proposal for a regulation
Recital 11

Text proposed by the Commission

(11) Strengthening the rule of law, including the fight against corruption and organised crime, and good governance, including public administration reform, remain key challenges in most of the beneficiaries listed in Annex I and are essential in order for beneficiaries to come closer to the Union and later to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should address the requirements placed on the beneficiaries listed in Annex I as early as possible.

Amendment 7

(12) In accordance with the principle of participatory democracy, parliamentary oversight in each beneficiary listed in Annex I should be encouraged by the Commission.

Amendment

(12) In accordance with the principle of participatory democracy, parliamentary oversight and the proactive role of national Parliaments in the EU accession process and compliance with the accession criteria in each beneficiary listed in Annex I should be encouraged by the Commission, in close cooperation with the European Parliament.

Amendment 8

Proposal for a regulation
Recital 13

Text proposed by the Commission

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25 % of the EU budget expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16 % of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

Amendment 9
Proposal for a regulation
Recital 14 a (new)

Text proposed by the Commission

(14 a) Actions under this Regulation should also contribute to the trade related aspects of the Union's external relations, such as the Aid for Trade initiatives, cooperation with third countries on supply chain due diligence for tin, tantalum and tungsten, their ores and gold and the Kimberley Process, the Sustainability Compact, the monitoring of the commitments of third countries under the GSP regulation to ensure political coherence at the EU level and safeguard and further promote trade rules and regulations in a multilateral framework;

Amendment 10

Proposal for a regulation
Recital 17

Text proposed by the Commission

(17) The priorities for action towards meeting objectives in the relevant policy areas which will be supported under this Regulation should be defined in a programming framework established by the Commission for the duration of the Union multiannual financial framework for the period from 2021 to 2027 in partnership with the beneficiaries listed in Annex I, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and taking relevant national strategies into due account. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.

Amendment

(17) The priorities for action towards meeting objectives in the relevant policy areas which will be supported under this Regulation should be defined in a programming framework established by the Commission, in cooperation with the European Parliament, for the duration of the Union multiannual financial framework for the period from 2021 to 2027 in partnership with the beneficiaries listed in Annex I, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and taking relevant national strategies into due account. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.
Amendment 11
Proposal for a regulation
Recital 18

Text proposed by the Commission

(18) It is in the Union's interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria.

Amendment

(18) It is in the Union’s interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria. Substantial progress made by beneficiaries in opening up their economic environment in line with EU Treaties and WTO Agreements and in fully implementing existing agreements with the Union would be a positive step with a view to Union membership.

Amendment 12
Proposal for a regulation
Recital 19

Text proposed by the Commission

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Amendment

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. The transition should be suspended if EU funds are being used inefficiently, resulting in significant shortcomings of relevant obligations. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Assistance shall be targeted and adjusted to the specific situation of the beneficiaries listed in Annex I, taking into account further efforts needed to meet the membership criteria as well as the capacities of those beneficiaries. Assistance shall be differentiated in scope and intensity according to needs, commitment to reforms and progress in implementing those reforms.

*Amendment*

Assistance shall be targeted and adjusted to the specific situation of the beneficiaries listed in Annex I, taking into account further progress needed to meet the membership criteria as well as the capacities of those beneficiaries. Assistance shall be differentiated in scope and intensity according to needs, commitment to reforms and progress in implementing those reforms, keeping in mind the need for sustainable economic development and growth, a good business and investment climate and fiscal consolidation. Progress shall be regularly monitored and evaluated by the Commission.

Union assistance shall be suspended or partially suspended in case of unsatisfactory progress being made towards meeting specific objectives as outlined in Article 3 or if a beneficiary fails to respects the principle of democracy, the rule of law, human rights and fundamental freedoms or violates the commitments taken in the relevant
agreements concluded with the Union. Under the same conditions and upon request of the European Parliament, the Commission shall examine the suspension or partial suspension of Union assistance and report back, justifying the decision.

OPINION OF THE COMMITTEE ON BUDGETS

for the Committee on Foreign Affairs

Rapporteur for opinion: Ivana Maletić

SHORT JUSTIFICATION

IPA has important role in enlargement as a main instrument for preparation of the candidates and potential candidates for negotiation process and full membership. The enlargement process strengthens peace, democracy and stability in Europe and allows the Union to be better positioned to address global challenges.

IPA is positioned in the EU budget as a key component of the external action policy and should be closely linked to other external action programmes. In addition, consistency with other relevant Union policies and programmes must be ensured.

New challenges such as migration, security, protection of the environment and climate change are taken on board in IPA III and therefore the rapporteur supports the European Commission proposal to allocate 1.2 times more funds to the new IPA in comparison with IPA II in current MFF 2014-2020. Rapporteur emphasizes the importance of strategic programming and performance measurement in IPA III as well as need for more flexibility in responding to unforeseeable challenges and crises.

IPA II contributed to the implementation of reforms in key areas, such as the judiciary, anti-corruption, public administration and social inclusion, and supported the progressive alignment with EU legislation and standards, and with IPA III more support is needed to strengthened focus on economic development and improved competitiveness and the strengthening of democratic institutions and public administration reform.

The Commission should take appropriate actions to accelerate absorption of the IPA funds, in particular in the early years, to prevent structural backlogs in contracting and payments. The overall architecture of the instruments and administrative and financial procedures should be simplified and, more technical assistance provided to support capacity building, project preparation, contracting and implementation.
The rapporteur stresses the importance of coherence and complementarity between the internal and external policies of the Union, as well as between the external instruments themselves, for providing synergies and high EU added value.

**AMENDMENTS**

The Committee on Budgets calls on the Committee on Foreign Affairs, as the committee responsible, to take into account the following amendments:

It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.</td>
<td>(7) Assistance should also be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should mainly focus on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights and promote gender equality, tolerance, social inclusion and non-discrimination. Assistance should also support the key principles and rights as defined in the European Pillar of Social Rights. Assistance should continue to support their efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies with the aim to overcome geographical and cultural barriers, develop good neighbourly relations and reach reconciliation. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.</td>

Text proposed by the Commission

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security is pivotal to addressing effectively and efficiently security and terrorism threats.

Amendment

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security and defence issues is pivotal to addressing effectively and efficiently security and terrorism threats.

Amendment 3

Proposal for a regulation
Recital 13

Text proposed by the Commission

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25 % of the EU budget.

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of at least 25 % of the EU budget.

expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16% of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme’s preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

Amendment 4
Proposal for a regulation
Recital 14

Text proposed by the Commission

(14) Actions under this Instrument should support implementation of the United Nations 2030 Agenda for Sustainable Development, as a universal agenda, to which the EU and its Member States are fully committed and which all beneficiaries listed in Annex I have endorsed.

Amendment

(14) Actions under this Instrument should support implementation of the United Nations 2030 Agenda for Sustainable Development, as a universal agenda, to which the EU and its Member States are fully committed and which all beneficiaries listed in Annex I have endorsed. In this context, specific attention should be given to Sustainable Development Goals 1 "No poverty", 5 "Gender equality", 7 "Affordable and clean energy", 8 "Decent work and economic growth", 9 "Industry, innovation and infrastructure", 10 "Reduced inequalities", 11 "Sustainable cities and communities", 13 "Climate action" and 16 "Peace, justice and strong institutions".

budget expenditures supporting climate objectives over the MFF 2021-2027 period, and an annual target of 30% as soon as possible, at the latest by 2027.

Actions under this Programme are expected to contribute 20% of the overall financial envelope of the Programme to climate objectives. In the case of cross-border pollution, priority of IPA spending should be given to preparation and implementation of the projects which will eliminate cross-border pollution. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.
Amendment 5

Proposal for a regulation
Recital 16

*Text proposed by the Commission*

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

*Amendment*

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The assistance should set out to ensure alignment with the Union strategy for smart, sustainable and inclusive growth, arrangements for the partnership principle and an integrated approach to territorial development. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

Amendment 6

Proposal for a regulation
Recital 18

*Text proposed by the Commission*

(18) It is in the Union's interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria.

*Amendment*

(18) It is in the Union's interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for more effective and efficient use of funds for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria, achieving positive changes in their socio-economic environment and response to current
challenges.

Amendment 7
Proposal for a regulation
Recital 19

Text proposed by the Commission
(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Amendment
(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. The transition to indirect management by the beneficiaries should be suspended or reversed in case those capacities evolve negatively. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Amendment 8
Proposal for a regulation
Recital 19 a (new)

Text proposed by the Commission
(19 a) Implementation should be accelerated and the Commission should provide technical assistance to the beneficiaries for establishing sound financial management and control system and capacity building for preparation of project pipelines, for contracting and monitoring procedures and for implementation of the structural reforms which will support achievement of the goals and performance of IPA.

Amendment
(19 a) Implementation should be accelerated and the Commission should provide technical assistance to the beneficiaries for establishing sound financial management and control system and capacity building for preparation of project pipelines, for contracting and monitoring procedures and for implementation of the structural reforms which will support achievement of the goals and performance of IPA.
(20) The Union should seek the most efficient use of available resources in order to optimise the impact of its external action. That should be achieved through coherence and complementarity among the Union’s external financing instruments, as well as the creation of synergies with other Union policies and programmes. This includes, where relevant, coherence and complementarity with macro-financial assistance.

(20) The Union should seek the most efficient use of available resources in order to optimise the impact of its external action, while avoiding double targeting and overlapping. That should be achieved through consistency, strong coherence and complementarity among the Union’s external financing instruments, as well as the creation of synergies with other Union policies and external actions, funding resources and programmes. This includes, where relevant, coherence and complementarity with macro-financial assistance.

Amendment 10

Proposal for a regulation
Recital 26

(26) External actions are often implemented in a highly volatile environment requiring a continuous and rapid adaptation to the evolving needs of Union partners and to global challenges such as human rights, democracy and good governance, security and stability, climate change and environment and irregular migration and its root causes. Reconciling the principle of predictability with the need to react rapidly to new needs consequently means adapting the financial implementation of the programmes. To increase the ability of the Union to respond to unforeseen needs, while respecting the principle that the Union budget is set annually, this Regulation should preserve the possibility to apply the flexibilities already allowed by the Financial Regulation for other policies, namely carry-overs and re-commitments of committed funds, to ensure an efficient use of the EU funds both for the EU citizens

and the beneficiaries listed in Annex I, thus maximising the EU funds available for the EU external action interventions.

Additional forms of flexibility should be allowed such as reallocation among priorities, phasing projects and over-contracting.

Amendment 11
Proposal for a regulation
Article 3 – paragraph 2 – point d

Text proposed by the Commission
(d) To strengthen economic and social development including through increased connectivity and regional development, agriculture and rural development and social and employment policies, to reinforce environmental protection, increase resilience to climate change, accelerate the shift towards a low-carbon economy and develop the digital economy and society.

Amendment
(d) To strengthen economic and social development and competitiveness through increased connectivity and regional development, agriculture and rural development and social and employment policies, to reinforce environmental protection, increase resilience to climate change, accelerate the shift towards a low-carbon economy, develop the digital economy and society, improve business and investment climate, encourage smart specialisation, skills development, research and innovation and create job opportunities in particular for the youth.

Amendment 12
Proposal for a regulation

OPINION OF THE COMMITTEE ON THE ENVIRONMENT, PUBLIC HEALTH AND FOOD SAFETY

for the Committee on Foreign Affairs

Rapporteur for opinion: Adina-Ioana Vălean

AMENDMENTS

The Committee on the Environment, Public Health and Food Safety calls on the Committee on Foreign Affairs, as the committee responsible, to take into account the following amendments:

Amendment 1

Proposal for a regulation
Recital 13

Text proposed by the Commission

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Amendment

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's
policies and to the achievement of an overall target of 25 % of the EU budget expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16 % of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

In the case of cross-border pollution, priority in IPA spending should be given to preparing and implementing projects which will do away with that form of pollution. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

*Amendment*

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The **aim of that assistance should be to ensure consistency with the Union strategy for smart, sustainable and inclusive growth and lay down arrangements for putting in place the partnership principle and an integrated approach to territorial development. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.**
Amendment 3
Proposal for a regulation
Recital 17 a (new)

Text proposed by the Commission

Amendment

(17a) National strategies and sectoral policies are to guarantee the highest level of environmental and nature protection; that should become an integral part of those strategies and policies following the completion of appropriate environmental impact assessment procedures and public consultations, which should not last for less than 30 days. Furthermore, assessments should take into account possible cross-border impacts on the environment and nature.

Amendment 4
Proposal for a regulation
Article 3 – paragraph 2 – point a

Text proposed by the Commission

Amendment

(a) To strengthen the rule of law, democracy, the respect of human rights, fundamental rights and international law, civil society and security as well as improve migration management including border management;

(a) To strengthen the rule of law, democracy, the respect of human rights, including the rights of persons belonging to minorities, fundamental rights and international law, civil society and security as well as improve migration management including border management;

Amendment 5
Proposal for a regulation
Article 7 – paragraph 2 – subparagraph 1 a (new)

Text proposed by the Commission

Amendment

Appropriate environmental and nature impact assessments shall be carried out for the national strategies and sectoral
policies referred to in the first subparagraph.

Those national strategies and sectoral policies, based on completed assessment procedures involving public consultations, shall include appropriate recommendations for minimising the potential negative impact on the environment and nature that could be expected as a result of their implementation, including cross-border procedures, if such an impact across national borders is assessed as feasible, and shall determine the appropriate degree of monitoring, in accordance with the needs established for each of them.

Those cross-border procedures shall include impact assessment and public consultation procedures in the neighbouring country in which an impact on the environment or nature is assessed as likely as a result of the implementation of such a strategy or sectoral policy.

Those public consultations shall have a duration of at least 30 days.

Amendment 6

Proposal for a regulation
Annex II – paragraph 1 – point a a (new)

Text proposed by the Commission

(aa) Strengthening the capacity to face security and migration challenges, including the establishment of a robust system for border protection; preventing and fighting against irregular migration; establishing an effective return and readmission policy; granting asylum to those who have the right to it; formulating effective instruments for combating organised crime, human trafficking, smuggling migrants, money laundering and terrorist financing; combating corruption and strengthening the
Amendment 7
Proposal for a regulation
Annex II – paragraph 1 – point i

Text proposed by the Commission

(i) Promoting social protection and inclusion and combating poverty. Interventions in this area shall aim at modernising social protection systems to provide effective, efficient, and adequate protection throughout all stages of a person’s life, fostering social inclusion, promoting equal opportunities and addressing inequalities and poverty. Interventions in this area shall also focus on: integrating marginalised communities such as the Roma; combating discrimination based on sex, racial or ethnic origin, religion or belief, disability, age or sexual orientation; enhancing access to affordable, sustainable and high quality services, such as early childhood education and care, housing, healthcare and essential social services and long term care, including through the modernisation of social protection systems.

Amendment

(7) Assistance should be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should focus, on the one hand, on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect freedom of media and fundamental human rights, in particular the rights of minorities, respect and advance workers' rights and promote gender equality, tolerance, social inclusion and non-discrimination, as well as support the key principles and rights as defined in the
efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.

European Pillar of Social Rights\textsuperscript{17}. On the other hand, assistance should continue to support their efforts to advance economic, social and territorial development as well as regional, macro-regional and cross-border cooperation, gradually adopting relevant EU policies and practices, especially those of Cohesion Policy contributing also to the implementation of Union macro-regional strategies. Furthermore, IPA III should also enhance their economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through the implementation of multi-annual programmes aimed at regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.

Amendment 4

Proposal for a regulation

Recital 8

\textit{Text proposed by the Commission}

(8) The Union should provide support to the transition towards accession for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States. This cooperation should focus in particular on the sharing of experience acquired by the Member States in the reform process.

\textit{Amendment}

(8) The Union should provide support to the transition towards accession, as well as to participation in EU cohesion Policy upon accession, for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States and duly taking into consideration their specific situations. This cooperation should focus in particular on the sharing of experience and best practices acquired by the Member States, as well as by the beneficiaries listed in Annex I, in the reform process.

Amendment 5

Proposal for a regulation
Recital 10

Text proposed by the Commission

(10) It is essential to further step up cooperation on migration including border management, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control and pursuing our effort in the fight against irregular migration, trafficking in human beings and migrant smuggling.

Amendment

(10) It is essential to further step up cooperation on migration including border management, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control, making humanitarian assistance available and pursuing our effort in the fight against irregular migration, trafficking in human beings, migrant smuggling and other forms of crime.

Amendment 6

Proposal for a regulation
Recital 11

Text proposed by the Commission

(11) Strengthening the rule of law, including the fight against corruption and organised crime, and good governance, including public administration reform, remain key challenges in most of the beneficiaries listed in Annex I and are essential in order for beneficiaries to come closer to the Union and later to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should address the requirements placed on the beneficiaries listed in Annex I as early as possible.

Amendment

(11) Strengthening the rule of law, including the fight against corruption and organised crime, and good governance, including public administration reform and bolstering administrative capacities, remain key challenges in most of the beneficiaries listed in Annex I and are essential in order for beneficiaries to come closer to the Union and later to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should address the requirements placed on the beneficiaries listed in Annex I as early as possible.

Amendment 7

Proposal for a regulation
Recital 13
(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25% of the EU budget expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16% of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity,
including through regular consultations, with other donors. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

Amendment 9
Proposal for a regulation
Recital 19

Text proposed by the Commission

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Amendment

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process. In addition, IPA III should finance capacity building actions to establish the structures necessary for shared management upon accession, including through the implementation of pilot operational programmes via these structures, aiming at economic and social development modelled on the relevant EU practices. The Union should facilitate exchange of experience and best practice among beneficiaries, as well as among beneficiaries and one or more Member States.

Amendment 10
Proposal for a regulation
Recital 20
The Union should seek the most efficient use of available resources in order to optimise the impact of its external action. That should be achieved through coherence and complementarity among the Union's external financing instruments, as well as the creation of synergies with other Union policies and programmes. This includes, where relevant, coherence and complementarity with macro-financial assistance.

Amendment 11
Proposal for a regulation
Recital 21

In order to maximise the impact of combined interventions to achieve a common objective, this Regulation should be able to contribute to actions under other programmes, as long as the contributions do not cover the same costs.

Amendment 12
Proposal for a regulation
Recital 24

The types of financing and the methods of implementation under this Regulation should be chosen on the basis of their ability to achieve the specific objectives of the actions and to deliver results, taking into account, in particular, the costs of controls, the administrative burden, and the expected risk of non-compliance. This should include consideration of the use of lump sums, flat
rates and unit costs, as well as financing not linked to costs as referred to in Article 125(1) of the Financial Regulation.

Amendment 13
Proposal for a regulation
Recital 26

Text proposed by the Commission

(26) External actions are often implemented in a highly volatile environment requiring a continuous and rapid adaptation to the evolving needs of Union partners and to global challenges such as human rights, democracy and good governance, security and stability, climate change and environment and irregular migration and its root causes. Reconciling the principle of predictability with the need to react rapidly to new needs consequently means adapting the financial implementation of the programmes. To increase the ability of the Union to respond to unforeseen needs, while respecting the principle that the Union budget is set annually, this Regulation should preserve the possibility to apply the flexibilities already allowed by the Financial Regulation for other policies, namely carry-overs and re-commitments of committed funds, to ensure an efficient use of the EU funds both for the EU citizens and the beneficiaries listed in Annex I, thus maximising the EU funds available for the EU external action interventions.

Amendment 14
Proposal for a regulation
Recital 29 a (new)

(26) External actions are often implemented in a highly volatile environment requiring a continuous and rapid adaptation to the evolving needs of Union partners and to global challenges such as human rights, democracy and good governance, security and stability, climate change and environment, natural disasters, and irregular migration and its root causes. Reconciling the principle of predictability with the need to react rapidly to new needs consequently means adapting the financial implementation of the programmes. To increase the ability of the Union to respond to unforeseen needs, while respecting the principle that the Union budget is set annually, this Regulation should preserve the possibility to apply the flexibilities already allowed by the Financial Regulation for other policies, namely carry-overs and re-commitments of committed funds, to ensure an efficient use of the EU funds both for the EU citizens and the beneficiaries listed in Annex I, thus maximising the EU funds available for the EU external action interventions.
Text proposed by the Commission

(29a) Cross border cooperation programmes are the most visible programmes of the Instrument of Pre-Accession Assistance as well as the well-known by citizens thus cross border cooperation programmes could significantly improve the visibility of the EU funded projects in the candidate states;

Amendment 15
Proposal for a regulation
Recital 31 a (new)

Text proposed by the Commission

(31a) Given the increased risk of corruption in large projects, it is desirable, with regard to projects receiving support, to have a balanced mix of projects of varying sizes, with an emphasis on small projects (especially those using the proven LEADER method), which should also be prioritised for a host of other reasons (such as their contribution to visibility).

Amendment 16
Proposal for a regulation
Recital 33 a (new)

Text proposed by the Commission

(33a) Member States and the beneficiaries and stakeholders listed in Annex I should raise awareness of the achievements of Union funding and inform the general public accordingly. Communication and visibility activities are essential in making Union action visible on the ground and should be based on true, accurate and updated
information. In order for these requirements to be enforceable, the competent authorities and the Commission should be able to apply remedial measures in case of non-compliance.

Amendment 17

Proposal for a regulation
Article 3 – paragraph 1

_Text proposed by the Commission_

1. The general objective of IPA III shall be to support the beneficiaries listed in Annex I in adopting and implementing the political, institutional, legal, administrative, social and economic reforms required by those beneficiaries to comply with Union values and to progressively align to Union rules, standards, policies and practices with a view to Union membership, thereby contributing to their stability, security and prosperity.

_Amendment_

1. The general objective of IPA III shall be to support the beneficiaries listed in Annex I in adopting and implementing the political, institutional, legal, administrative, social, environmental and economic reforms required by those beneficiaries to comply with Union values and to progressively align to Union rules, standards, policies and practices with a view to Union membership, thereby contributing to their stability, security and prosperity.

(b) To reinforce the effectiveness of public administration and support structural reforms and good governance at all levels;

Amendment

(b) To reinforce the effectiveness and transparency of public administration, bolster administrative capacities and support structural reforms and good governance at all level, from national to regional and local;

Amendment 20

Proposal for a regulation

Article 3 – paragraph 2 – point c

Text proposed by the Commission

(c) To shape the rules, standards, policies and practices of the beneficiaries listed in Annex I in alignment to those of the Union and to reinforce reconciliation and good neighbourly relations, as well as people to people contacts and communication;

Amendment

(c) To shape the rules, standards, policies and practices of the beneficiaries listed in Annex I in alignment to those of the Union and to reinforce reconciliation, peace building and good neighbourly relations, as well as people to people contacts and communication;

Amendment 21

Proposal for a regulation

Article 3 – paragraph 2 – point d

Text proposed by the Commission

(d) To strengthen economic and social development including through increased connectivity and regional development, agriculture and rural development and social and employment policies, to reinforce environmental protection, increase resilience to climate change, accelerate the shift towards a low-carbon economy and develop the digital economy.

Amendment

(d) To strengthen economic and social development and cohesion based on the relevant policies and practices of the European Union, supporting beneficiaries’ preparations for participation in EU cohesion policy upon accession, including through multi-annual operational programmes aimed at increased connectivity and regional development, agriculture and rural development and social and employment policies, to reinforce environmental protection, increase resilience to climate change, accelerate the shift towards a low-
carbon economy and develop the digital economy and society, and create conditions for the development of entrepreneurship.

Amendment 22
Proposal for a regulation
Article 3 – paragraph 2 – point e

Text proposed by the Commission
(e) To support territorial and cross-border cooperation.

Amendment
(e) To support territorial, interregional and cross-border cooperation.

Amendment 23
Proposal for a regulation
Article 4 – paragraph 2

Text proposed by the Commission
2. The amount referred to in paragraph 1 may be used for technical and administrative assistance for the implementation of the Programme, such as preparatory, monitoring, control, audit and evaluation activities including corporate information technology systems and any activities related to the preparation of the successor programme for pre-accession assistance, in accordance with Article 20 of [NDICI Regulation].

Amendment
2. The amount referred to in paragraph 1 may be used for technical and administrative assistance for the implementation of the Programme, such as preparatory, monitoring, control, audit and evaluation activities including corporate information technology systems and any activities related to the preparation of the successor programme for pre-accession assistance, in accordance with Article 20 of [NDICI Regulation]. Furthermore, an amount equivalent to 4% of the total budget of IPA III actions under implementation should be used for the same type of activities at the initiative of the national IPA III authorities, with the aim of covering needs related to programming, programme delivery as well as ensuring administrative capacity and human resources.

Justification
The institutional structures in charge of IPA have been suffering from a constant lack of resources when it came to the development of human capacity, organisations and policies.
National budgets are lacking funds, public administration reforms are slow to materialise, and targeted technical assistance measures included in IPA programmes so far did not solve the problem. As a response, similarly to technical assistance in cohesion policy, IPA authorities should benefit from an automatic allocation to be dedicated to management and capacity building, allowing a strategic approach to the task.

Amendment 24

Proposal for a regulation
Article 5 – paragraph 4

Text proposed by the Commission

4. Assistance under IPA III may be provided to the type of actions provided for under the European Regional Development Fund and the Cohesion Fund30, the European Social Fund Plus31 and the European Agricultural Fund for Rural Development32.

Amendment

4. Assistance under IPA III may be provided to the type of actions provided for under the European Regional Development Fund and the Cohesion Fund30, the European Social Fund Plus31 and the European Agricultural Fund for Rural Development32, at national level as well as in a cross-border, transnational, interregional or macro-regional context.

Justification

The amendment makes it clear that cohesion policy type interventions should be possible not only in a cross-border, but also a national context - as part of each beneficiary’s preparations for EU cohesion policy, and with the aim of applying relevant European practices to socio-economic development.

Amendment 25

Proposal for a regulation
Article 5 – paragraph 5

Text proposed by the Commission

5. The [ERDF]\(^{33}\) shall contribute to programmes or measures established for cross-border cooperation between the beneficiaries listed in Annex I and Member States. These programmes and measures shall be adopted by the Commission in accordance with Article 16. The amount of the contribution from IPA-CBC shall be determined pursuant to Article 10 (3) of [ETC Regulation]. IPA-Cross Border Cooperation programmes shall be managed in accordance with [ETC Regulation].

Amendment

5. The [ERDF]\(^{33}\) shall contribute to programmes or measures established for cross-border cooperation between the beneficiaries listed in Annex I and Member States. These programmes and measures shall be adopted by the Commission in accordance with Article 16. The amount of the contribution from IPA-CBC shall be determined pursuant to Article 10 (3) of [ETC Regulation]. IPA-Cross Border Cooperation programmes shall be managed in accordance with [ETC Regulation]. The beneficiaries referred to in Annex I to this Regulation and their local and regional authorities are invited to take part in the types of cooperation provided for under the EGTC Regulation.

4a. In cooperation with Member States, the Commission shall take the necessary measures to involve local and regional authorities in identifying and selecting the specific objectives of this Regulation.

Amendment 28
Proposal for a regulation
Article 7 – paragraph 2 – subparagraph 1

Text proposed by the Commission

The IPA programming framework shall take relevant national strategies and sector policies into due account.

Amendment

The IPA programming framework shall take relevant EU macro-regional and national and local strategies and sector policies into due account.

Amendment 29
Proposal for a regulation
Article 8 – paragraph 1
1. Assistance under IPA III shall be implemented in direct management or in indirect management in accordance with the Financial Regulation through annual or multi-annual action plans and measures as referred to in Chapter III of Title II of [NDICI Regulation]. Chapter III of Title II of [NDICI Regulation] shall apply to this Regulation with the exception of paragraph 1 of Article 24 [eligible persons and entities].

Where support is provided via budget support - as per Article 23 paragraph 1(c) of the [NDICI Regulation] – through sector reform performance contracts, IPA III funds made available shall be used entirely within the sector concerned.

**Justification**

Support agreed via sector budget support should not be diverted to other policy areas, even if the agreed reform objectives are achieved with a smaller investment. Instead, all IPA III funds made available via this method of financing should serve reform objectives in the originally targeted policy area.

**Amendment 30**

**Proposal for a regulation**

**Article 8 – paragraph 2**

**Text proposed by the Commission**

2. Under this Regulation, action plans may be adopted for a period of up to seven years.

**Amendment**

2. Under this Regulation, action plans may be adopted for a period of up to seven years. This includes the possibility to devise multi-annual pilot operational programmes for economic and social development modelled on the practices of EU cohesion policy.

**Justification**

The option to implement “operational programmes” modelled on EU cohesion policy practice was made available to IPA beneficiaries towards the end of IPA I (around 2012). Under IPA II, the option existed in principle, but was rarely used. It would be beneficial, both
from the perspective of effectively investing into socio-economic development, and of cohesion policy preparations, to keep that option alive, and to make it explicit at the level of the IPA III regulation.

Amendment 31
Proposal for a regulation
Article 9 – paragraph 1

Text proposed by the Commission

1. Up to 3 % of the financial envelope shall be indicatively allocated to cross-border cooperation programmes between the beneficiaries listed in Annex I and the Member States, in line with their needs and priorities.

Amendment

1. Up to 5 % of the financial envelope shall be indicatively allocated to cross-border cooperation programmes between the beneficiaries listed in Annex I and the Member States, in line with their needs and priorities. This shall include support for capacity building at local and regional level.

Amendment 32
Proposal for a regulation
Article 10 – paragraph 1 a (new)

Text proposed by the Commission

1a. Where a Beneficiary has fully transposed relevant EU legislation, and has demonstrated the existence of administrative capacities to apply that legislation in practice, the European Commission may decide to permit the use of national rules for the selection of applications for funding and the award of contracts under IPA III, subject to ex-post controls, and the possibility to withdraw that permission in case of systemic irregularities.

Amendment

Justification

The need to use the EU’s Practical Guide (PRAG) for the award of grants and tenders under IPA considerably makes implementation considerably more complex and costly. This is especially true as regards socio-economic development actions (e.g. grant schemes, financial instruments, etc.) Overall, PRAG has limited relevance for Beneficiaries’ preparations for implementing cohesion policy upon accession. Therefore, where a Beneficiary has
successfully implemented relevant EU legislation, it should be possible to apply the harmonised national rules instead of PRAG.

Amendment 35
Proposal for a regulation
Article 12 – paragraph 1 a (new)

Text proposed by the Commission

1a. In addition, in each Beneficiary country, the Commission and the national authorities shall jointly set up an IPA III Monitoring Committee based on partnership, and a balanced representation of relevant national authorities, social partners, academia, and the representatives of civil society organisations. The Monitoring Committee shall meet at least once a year, and discuss

(a) the proposed priorities of IPA III in the beneficiary country in the context of the programming process;
(b) the progress of implementation,
any issues that affect the performance of IPA III and measures taken to address them;

(c) the contribution of IPA III to the process of EU accession and related socio-economic reforms;

(d) monitoring reports and evaluations on IPA III actions and programmes;

(e) communication and visibility actions;

(f) progress made in preparations for the implementation of EU cohesion policy upon accession.

Justification

The Chapter of the NDICI Regulation referred to has no specific provisions regarding the institutional framework of monitoring. To continue but also further develop existing IPA practice, that institutional framework should be built around a Monitoring Committee based on cohesion policy practice, with special regard to partnership with the relevant national stakeholders, including civil society.

OPINION OF THE COMMITTEE ON CIVIL LIBERTIES, JUSTICE AND HOME AFFAIRS

for the Committee on Foreign Affairs

Rapporteur for opinion: Bodil Valero

AMENDMENTS

The Committee on Civil Liberties, Justice and Home Affairs calls on the Committee on Foreign Affairs, as the committee responsible, to take into account the following amendments:

Amendment 1

Proposal for a regulation
Recital 1

Text proposed by the Commission

(1) Regulation (EU) No 231/2014 expires on 31 December 2020. In order to maintain the Union’s effectiveness in external actions, a framework for planning and delivering external assistance should be maintained.

Amendment

(1) Regulation (EU) No 231/2014 expires on 31 December 2020. In order to maintain the effectiveness of the Union’s enlargement policy, it should continue to be supported by a specific funding instrument for financing external action.

Amendment 2

Proposal for a regulation
Recital 3

Text proposed by the Commission

(3) Article 49 of the Treaty on European Union (TEU) provides that any European state which respects the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, and commits to promote these values, may apply to become a member of the Union. A European State which has applied to join the Union can become a member only when it has been confirmed that it meets the membership criteria established at the Copenhagen European Council in June 1993 (the ‘Copenhagen criteria’) and provided that the Union has the capacity to integrate the new member. The Copenhagen criteria relate to the stability of institutions guaranteeing democracy, the rule of law, human rights and respect for and protection of minorities, the existence of a functioning market economy as well as the capacity to cope with competitive pressure and market forces within the Union, and the ability to assume not only the rights but also the obligations under the Treaties, including adherence to the aims of political, economic and monetary union.

Amendment

(3) Article 49 of the Treaty on European Union (TEU) provides that any European state which respects the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, and commits to promote these values, may apply to become a member of the Union. A European State which has applied to join the Union can become a member only when it has been confirmed that it fully meets the membership criteria established at the Copenhagen European Council in June 1993 (the ‘Copenhagen criteria’) and provided that the Union has the capacity to integrate the new member. The Copenhagen criteria relate to the stability of institutions guaranteeing democracy, the rule of law, human rights and respect for and protection of minorities, the existence of a functioning market economy as well as the capacity to cope with competitive pressure and market forces within the Union, and the ability to assume not only the rights but also the obligations under the Treaties, including adherence to the aims of political, economic and monetary union.

Amendment

(4) The enlargement process is built on established criteria and fair and rigorous conditionality. Each beneficiary is assessed on the basis of its own merits. The assessment of progress achieved and the
Identification of shortcomings aim to provide incentives and guidance to the beneficiaries listed in Annex I to pursue the necessary far-reaching reforms. For the prospect of enlargement to become a reality, a firm commitment to the principle of the 'fundamentals first' remains essential. Progression towards accession depends on each applicant's respect for the Union's values and its capacity to undertake the necessary reforms to align its political, institutional, legal, administrative and economic systems with the rules, standards, policies and practices in the Union.

15 The 'fundamentals first' approach links rule of law and fundamental rights with the two other crucial areas of the accession process: economic governance – strengthened focus on economic development and improved competitiveness – and the strengthening of democratic institutions and public administration reform. Each of the three fundamentals is of crucial importance for the reform processes in the candidate countries and potential candidates and addresses key concerns of the citizens.

Amendment

(5) The enlargement policy of the Union is an investment in peace, security, stability and prosperity in Europe. It provides increased economic and trade opportunities to the mutual benefit of the Union and the aspiring Member States. The prospect of Union membership can have a
transformative effect, embedding positive democratic, political, economic and societal change. This potential should be tapped into to the highest possible degree.

Amendment 5
Proposal for a regulation
Recital 7

Text proposed by the Commission

(7) Assistance should also be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should mainly focus on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights and promote gender equality, tolerance, social inclusion and non-discrimination. Assistance should also support the key principles and rights as defined in the European Pillar of Social Rights. Assistance should continue to support their efforts to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through implementation of Union macro-regional strategies. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation of regional development, agriculture and rural development, social and employment policies and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.

Amendment

(7) Assistance should also be provided in compliance with the agreements concluded by the Union with the beneficiaries listed in Annex I. Assistance should mainly focus on assisting the beneficiaries listed in Annex I to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental human rights, including the rights of persons belonging to minorities, protect minorities, promote gender equality, tolerance, social inclusion and non-discrimination, protect human rights’ defenders, whistle-blowers and civil society, and support initiatives that promote transparency, accountability, integrity and the fight against corruption. Assistance should also support adherence to the key principles and rights as defined in the European Pillar of Social Rights. Assistance should continue to support their efforts to advance regional, macro-regional and cross-border cooperation, including across maritime borders, as well as territorial development, including through implementation of Union macro-regional strategies, such as the Danube Strategy. It should also support good neighbourly relations, reconciliation and regional cooperation. It should also enhance their economic and social development and economic governance, underpinning a smart, sustainable and inclusive growth agenda, including through implementation
of regional development, agriculture and rural development, social and employment policies by the development of SMEs and the development of the digital economy and society, also in line with the flagship initiative Digital Agenda for the Western Balkans.

Amendment 6
Proposal for a regulation
Recital 8

Text proposed by the Commission

(8) The Union should provide support to the transition towards accession for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States. This cooperation should focus in particular on the sharing of experience acquired by the Member States in the reform process.

Amendment

(8) The Union should provide support to the transition towards accession for the benefit of the beneficiaries listed in Annex I, based on the experience of its Member States. This cooperation should focus in particular on the sharing of experience acquired by the Member States in the political, social and economic reform process.

Amendment 7
Proposal for a regulation
Recital 9

Text proposed by the Commission

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security is pivotal to addressing effectively and efficiently security and terrorism threats.

Amendment

(9) Enhanced strategic and operational cooperation between the Union and the beneficiaries listed in Annex I on security is pivotal to addressing effectively and efficiently security threats, including serious crime, organised crime, terrorism and other threats to stability and peace.
within Member States.

Amendment 8
Proposal for a regulation
Recital 10

*Text proposed by the Commission*

(10) It is essential to further step up cooperation on migration including border management, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control and pursuing our effort in the fight against irregular migration, trafficking in human beings *and* migrant smuggling.

*Amendment*

(10) It is essential to further step up cooperation on migration including border management, ensuring access to international protection, sharing relevant information, strengthening the development benefits of migration, facilitating legal and labour migration, enhancing border control and pursuing our effort in the fight against irregular migration, trafficking in human beings, migrant smuggling and terrorism.

Amendment 9
Proposal for a regulation
Recital 10 a (new)

*Text proposed by the Commission*

(10a) It is essential to promote social protection and social inclusion as part of cooperation between the Union and the beneficiaries listed in Annex I. Interventions in this area should seek to promote inclusive, effective, efficient, and adequate social protection systems, fostering social inclusion, promoting equal opportunities and addressing inequalities and poverty.

*Amendment*

(10a) It is essential to promote social protection and social inclusion as part of cooperation between the Union and the beneficiaries listed in Annex I. Interventions in this area should seek to promote inclusive, effective, efficient, and adequate social protection systems, fostering social inclusion, promoting equal opportunities and addressing inequalities and poverty.
(11) Strengthening the rule of law, including the fight against corruption and organised crime, and good governance, including public administration reform, remain key challenges in most of the beneficiaries listed in Annex I and are essential in order for beneficiaries to come closer to the Union and later to fully assume the obligations of Union membership. In view of the longer-term nature of the reforms pursued in those areas and the need to build up track records, financial assistance under this Regulation should address the requirements placed on the beneficiaries listed in Annex I as early as possible.

Amendment 11

Proposal for a regulation
Recital 11 a (new)

Text proposed by the Commission

(11a) In view of the ethnic complexity of the Western Balkans region and its recent turbulent history of ethnic relations, the protection of national, ethnic and linguistic minorities is of particular importance. In order for minority protection to become a force for stability in candidate and potential candidate countries, the Union should support governments in the adoption, monitoring
and effective application of legal minority protection frameworks based on relevant international norms. In this, the Union should capitalise the lessons learnt during and after previous accession negotiations.

Amendment 12
Proposal for a regulation
Recital 11 b (new)

Text proposed by the Commission

(11b) The situation of the Roma remains particularly problematic in most of the candidate and potential candidate countries, where they continue to suffer from pervasive discrimination, miserable living conditions, inadequate access to basic social services and extremely high rates of illiteracy and early school leaving, which in turn exacerbates their social exclusion. IPA III should assist in the provision of well-targeted and strategy-based support for improving the situation of the Roma in the beneficiary countries.

Amendment 13
Proposal for a regulation
Recital 12 a (new)

Text proposed by the Commission

(12a) Assistance should be provided as well to further strengthen the minority rights aspect, improving multi-cultural understanding and peaceful co-existence.

Amendment 14
Proposal for a regulation
Recital 13

Text proposed by the Commission

(13) The beneficiaries listed in Annex I need to be better prepared to address global challenges, such as sustainable development and climate change, and align with the Union's efforts to address those issues. Reflecting the importance of tackling climate change in line with the Union's commitments to implement the Paris Agreement and the Sustainable Development Goals (SDGs), this Programme should contribute to mainstream climate action in the Union's policies and to the achievement of an overall target of 25% of the EU budget expenditures supporting climate objectives. Actions under this Programme are expected to contribute 16% of the overall financial envelope of the Programme to climate objectives. Relevant actions will be identified during the Programme's preparation and implementation, and the overall contribution from this Programme should be part of relevant evaluations and review processes.

Amendment 15

Proposal for a regulation
Recital 16

Text proposed by the Commission

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The role of civil society should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.

Amendment

(16) The Commission and the Member States should ensure compliance, coherence, and complementarity of their assistance, in particular through regular consultations and frequent exchanges of information during the different phases of the assistance cycle. The necessary steps should also be taken to ensure better coordination and complementarity, including through regular consultations, with other donors. The role of civil society, including women, LGBTI and minority human rights organisations, should be enhanced both in programmes implemented through government bodies and as a direct beneficiary of Union assistance.
Amendment 16
Proposal for a regulation
Recital 17

*Text proposed by the Commission*

(17) The priorities for action towards meeting objectives in the relevant policy areas which will be supported under this Regulation should be defined in a programming framework established by the Commission for the duration of the Union multiannual financial framework for the period from 2021 to 2027 in partnership with the beneficiaries listed in Annex I, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and taking relevant national strategies into due account. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.

*Amendment*

(17) The priorities for action towards meeting objectives in the relevant policy areas which will be supported under this Regulation should be defined in a programming framework established by the Commission for the duration of the Union multiannual financial framework for the period from 2021 to 2027 in partnership with the beneficiaries listed in Annex I, based on the enlargement agenda and their specific needs, in line with the general and specific objectives defined by this Regulation and taking relevant national strategies and resolutions of the European Parliament into due account. The programming framework should identify the areas to be supported through assistance with an indicative allocation per area of support, including an estimate of climate-related expenditure.

Amendment 17
Proposal for a regulation
Recital 18

*Text proposed by the Commission*

(18) It is in the *Union's* interest to assist the beneficiaries listed in Annex I in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting the membership criteria.

*Amendment*

(18) It is in the *common* interest of the *Union and* the beneficiaries listed in Annex I to assist the beneficiaries in their efforts to reform with a view to Union membership. Assistance should be managed with a strong focus on results and with incentives for those who demonstrate their commitment to reform through efficient implementation of pre-accession assistance and progress towards meeting
Amendment 18

Proposal for a regulation
Recital 18 a (new)

Text proposed by the Commission

(18a) There should be clear consequences in cases of serious deterioration with respect to the rule of law, democracy, human rights and fundamental freedoms in a candidate or potential candidate country or where the beneficiary violates the commitments taken in the relevant agreements concluded with the Union. In such cases, without prejudice to the budgetary procedure and the provisions on suspension of aid in international agreements with beneficiaries, the power to adopt delegated acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission to amend Annex I to this Regulation with a view to suspend or partially suspend Union assistance. When taking such decisions, the Commission should ensure that financial support for actions directly benefitting the citizens, in particular those run by non-governmental actors directly related to the strengthening of the rule of law, democracy, human rights and fundamental freedoms, remains possible. Where the Commission finds that the reasons justifying the suspension of assistance no longer apply, it should be empowered to adopt delegated acts to amend Annex I with a view to reinstate Union assistance.

Amendment 19

Proposal for a regulation
Recital 19

Text proposed by the Commission

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process.

Amendment

(19) The transition from direct management of pre-accession funds by the Commission to indirect management by the beneficiaries listed in Annex I should be progressive and in line with the respective capacities of those beneficiaries and with full fiduciary safeguards applied, including but not limited to: transparent accounting and tendering procedures; and external periodical review by OLAF. Assistance should continue to make use of the structures and instruments that have proved their worth in the pre-accession process. Special attention needs to be paid to providing assistance for improving the absorption capacity of the beneficiary countries.

Amendment 20

Proposal for a regulation
Recital 20

Text proposed by the Commission

(20) The Union should seek the most efficient use of available resources in order to optimise the impact of its external action. That should be achieved through coherence and complementarity among the Union's external financing instruments, as well as the creation of synergies with other Union policies and programmes. This includes, where relevant, coherence and complementarity with macro-financial assistance.

Amendment

(20) The Union should seek the most efficient use of available resources in order to optimise the impact of its external action. That should be achieved, in order to avoid the overlapping with other existing external financing instruments, through coherence and complementarity among the Union's external financing instruments, as well as the creation of synergies with other Union policies and programmes. This includes, where relevant, coherence and complementarity with macro-financial assistance.

Amendment 21

Proposal for a regulation
Recital 26
(26) External actions are often implemented in a highly volatile environment requiring a continuous and rapid adaptation to the evolving needs of Union partners and to global challenges such as human rights, democracy and good governance, security and stability, climate change and environment and irregular migration and its root causes. Reconciling the principle of predictability with the need to react rapidly to new needs consequently means adapting the financial implementation of the programmes. To increase the ability of the Union to respond to unforeseen needs, while respecting the principle that the Union budget is set annually, this Regulation should preserve the possibility to apply the flexibilities already allowed by the Financial Regulation for other policies, namely carry-overs and re-commitments of committed funds, to ensure an efficient use of the EU funds both for the EU citizens and the beneficiaries listed in Annex I, thus maximising the EU funds available for the EU external action interventions.

Amendment

Proposal for a regulation
Recital 31 a (new)

Text proposed by the Commission

(31a) Transparency, communication and visibility activities are essential to raise awareness about Union actions on the ground. In order to raise awareness in the general public, the Commission, the Union delegations and beneficiaries should communicate clearly and effectively about the use of pre-accession assistance in beneficiary countries by outlining their objectives, use and results.
The beneficiaries of Union funding should acknowledge the origin of the Union funding and ensure its proper visibility. IPA III should contribute to financing communication actions to promote the results of the Union’s assistance to multiple audiences in the beneficiary countries.

Amendment 23

Proposal for a regulation
Recital 32

_text proposed by the Commission_

(32) In order to take account of changes in the enlargement policy framework or of significant developments in the beneficiaries listed in Annex I, the power to adopt acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission in respect of adapting and updating the thematic priorities for assistance listed in Annexes II and III. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level, and that those consultations be conducted in accordance with the principles laid down in the Interinstitutional Agreement on Better Law-Making of 13 April 2016. In particular, to ensure equal participation in the preparation of delegated acts, the European Parliament and the Council receive all documents at the same time as Member States' experts, and their experts systematically have access to meetings of Commission expert groups dealing with the preparation of delegated acts.

Amendment

(32) In order to take account of changes in the enlargement policy framework or of significant developments in the beneficiaries listed in Annex I, the power to adopt acts in accordance with Article 290 of the Treaty on the Functioning of the European Union should be delegated to the Commission in respect of adapting and updating the thematic priorities for assistance listed in Annexes II and III. Amendment 32

Proposal for a regulation

**Article 7 – paragraph 2 – subparagraph 2**

*Text proposed by the Commission*

Assistance shall be targeted and adjusted to the specific situation of the beneficiaries listed in Annex I, taking into account further efforts needed to meet the membership criteria as well as the capacities of those beneficiaries. Assistance shall be differentiated in scope and intensity according to needs, commitment to reforms and progress in implementing those reforms.

*Amendment*

Assistance shall be targeted and adjusted to the specific situation of the beneficiaries listed in Annex I, taking into account further efforts needed to meet the membership criteria as well as the capacities of those beneficiaries, with a special attention to the improvement of their absorption capacities. Assistance shall be differentiated in scope and intensity according to needs, commitment to reforms and progress in implementing those reforms.

Amendment 33

Proposal for a regulation

**Article 7 a (new)**

*Text proposed by the Commission*

**Article 7a**

*Suspension of Union assistance*

1. In cases of serious deterioration in the respect for the rule of law, democracy,
human rights and fundamental freedoms in a beneficiary or where a beneficiary violates the commitments taken in the relevant agreements concluded with the Union, the Commission is empowered to adopt a delegated act in accordance with Article 14 to amend Annex I to this Regulation in order to suspend or partially suspend Union assistance. In the event of a partial suspension, the programmes for which the suspension applies shall be indicated. When taking such decisions, the Commission shall ensure that financial support for actions directly benefitting the citizens, in particular those run by non-governmental actors directly related to the strengthening of the rule of law, democracy, human rights and fundamental freedoms, remains possible.

2. Where the Commission finds that the reasons justifying the suspension of assistance no longer apply, it is empowered to adopt a delegated act in accordance with Article 14 to amend Annex I in order to reinstate Union assistance.

Amendment 34

Proposal for a regulation

Article 17

**Text proposed by the Commission**

**Article 17**

Information, communication and publicity

1. *Articles 36 and 37 of [Regulation NDICI]* shall apply.

**Amendment**

**Article 17**

Information, communication and publicity

1. When providing financial assistance under this Regulation, the Commission and the Union delegations in the beneficiary countries shall take all necessary measures in order to ensure the visibility of the Union's financial support, including monitoring recipients' compliance with those requirements. IPA-financed actions shall be subject to the requirements set out in the
Communication and Visibility Manual for Union External Actions. The Commission shall adopt guidance for Union-funded projects on visibility and communication actions for each beneficiary.

1a. The Commission shall take measures to strengthen strategic communication and public diplomacy for communicating the values of the Union and highlighting the added value of the Union’s support.

1b. The recipients of Union funding shall acknowledge the origin of the Union funding and shall ensure its proper visibility by:

(a) providing a statement highlighting the support received from the Union in a visible manner on documents and communication material relating to the implementation of the funds, including on an official website, where such a website exists;

(b) promoting the actions and their results by providing coherent, effective and proportionate targeted information to multiple audiences, including the media and the public.

1c. The Commission shall implement information and communication actions relating to this Regulation, as well as the actions set out by it and the results achieved. Financial resources allocated to this Regulation shall also contribute to the corporate communication of the political priorities of the Union, insofar as those priorities are directly related to the objectives referred to in Article 3 and in Annexes II and III.

Amendment 35
