Proposal for a regulation
Article 29 – paragraph 1 – subparagraph 1 – point a

Or. en

Justification

It is proposed that the Commission will pay a pre-financing to the Member States in amount of 15% of Strategic plan in the first 3 years of the programming period. This is the equivalent of 75% of the annual allocation according to the Strategic Plan. The share of pre-financing is in accordance with the Financial Regulation. Member States must pay the full budget contribution each year. There is no reason for keeping 99% of subsidies in Commission’s accounts for 3 years.
