Proposal for a regulation  
Article 15 – paragraph 1 – introductory part

**Text proposed by the Commission**

1. Member States **shall** reduce the amount of **direct** payments to be granted to a farmer pursuant to this Chapter for a given calendar year exceeding EUR **60 000** as follows:

**Amendment**

1. Member States **may** reduce the amount of payments **referred to in Article 14 paragraph 6 point (a)** to be granted to a farmer pursuant to this Chapter for a given calendar year exceeding EUR **150 000**.

**Or. en**

**Justification**

The proposal to implement capping as mandatory is discriminatory for certain Member States and regions of the EU, mainly because of the different historical development and various farming structure across the Member States. All farmers actively farming shall be properly supported, regardless of their size, since every hectare of land has to be taken care of, and since every hectare helps to achieve EU environmental, social and economic goals.
