Common agricultural policy - support for strategic plans to be drawn up by Member States and financed by the EAGF and by the EAFRD (COM(2018)0392 – C8-0248/2018 – 2018/0216(COD))

Proposal for a regulation  
Article 89 – paragraph 1 – subparagraph 1

\textbf{Text proposed by the Commission}

Without prejudice to the application of Article 15, Member States shall set a maximum amount of support per unit or a percentage of variation for each intervention of the following types of interventions:

\textbf{Amendment}

Without prejudice to the application of Article 15, Member States shall set out one or more planned unit amounts for each intervention included in their CAP Strategic Plan. The planned unit amount may be uniform or average, as determined by Member States. Uniform unit amount is the value that is expected to be paid for each related output. Average unit amount is the average value of the different unit amounts that are expected to be paid for the related outputs.

For interventions covered by the integrated system referred to in Article 63(2) of Regulation [HzR], uniform unit amounts shall be set out, except where uniform unit amounts are not possible or appropriate, as determined by Member States, in view of the design and scope of the intervention. In such case, average unit amounts shall be set out.

\(a\) decoupled direct payments and coupled income support referred to in Chapter II of Title III;

\(b\) payments for management commitments referred to in Article 65;

\(c\) payments for natural constraints or other area-specific disadvantages referred to in Articles 66 and 67.

Article 92 a

Risk management preventions

Member States shall explain in their CAP strategic plans, on the basis of available information and SWOT analysis, how they intend to provide sufficient and relevant risk management solutions to help farmers face climatic, sanitary and economical hazards. The risk management solutions referred to in this article may include risk management tools listed in Article 70 or any national pre-existing risk management solution.
