Amendment 846
Pascal Canfin,
on behalf of Committee on the Environment, Public Health and Food Safety

Report
Peter Jahr
Common agricultural policy - support for strategic plans to be drawn up by Member States and financed by the EAGF and by the EAFRD (COM(2018)0392 – C8-0248/2018 – 2018/0216(COD))

Proposal for a regulation
Annex XII

*Text proposed by the Commission*

**Objectives**
- Support viable farm income and resilience across the Union to enhance food security;
- Enhance market orientation and increase competitiveness, including through a greater focus on and uptake of research, innovative solutions, technology and digitalisation;
- Improve the farmers' position in the value chain;

**Core set of indicators**
- O.3 Number of CAP support beneficiaries
- R.6 Redistribution to smaller farms: Percentage additional support per hectare for eligible farms below average farm size (compared to average)
- R.9 Farm modernisation: Share of farmers receiving investment support to restructure and modernise, including to improve resource efficiency
- R.10 Better supply chain organisation: Share of farmers participating in supported Producer Groups, Producer Organisations, local markets, short supply
Contribute to climate change mitigation and adaptation, as well as sustainable energy;

Foster sustainable development and efficient management of natural resources such as water, soil and air;

Contribute to the protection of biodiversity, enhance ecosystem services and preserve habitats and landscapes;

Attract young farmers and facilitate business development;

Promote employment, growth, social inclusion and local development in rural areas, including bio-economy and sustainable forestry;

Improve the response of EU agriculture to societal demands on food and health, including safe, nutritious and sustainable food chains and quality schemes

R.14 Carbon storage in soils and biomass: Share of agricultural land under commitments to reducing emissions, maintaining and/or enhancing carbon storage (permanent grassland, agricultural land in peatland, forest, etc.)

O.13 Number of ha (agricultural) covered by environment/climate commitments going beyond mandatory requirements

R.4 Linking income support to standards and good practices: Share of UAA covered by income support and subject to conditionality

R.27 Preserving habitats and species: Share of agricultural land under management commitments supporting biodiversity conservation or restoration

R.30 Generational renewal: Number of young farmers setting up a farm with support from the CAP

R.31 Growth and jobs in rural areas: New jobs in supported projects

R.34 Connecting rural Europe: Share of rural population benefitting from improved access to services and infrastructure through CAP support

O.16 Number of livestock units covered by support for animal welfare, health or increased biosecurity measures
food, as well as animal welfare.

**Objectives**

- Support viable farm income and resilience across the Union to enhance food security;
- Enhance market orientation and increase competitiveness, including through a greater focus on and uptake of research, innovative solutions, technology and digitalisation;
- Improve the farmers' position in the value chain;
- Contribute to climate change mitigation and adaptation, as well as sustainable energy;
- Foster sustainable development and efficient management of natural resources such as water,

**Amendment**

**Core set of indicators**

- O.3 Number of CAP support beneficiaries
- R.6 Redistribution to smaller farms: Percentage additional support per hectare for eligible farms below average farm size (compared to average)
- R.9 Farm modernisation: Share of farmers receiving investment support to restructure and modernise, including to improve resource efficiency
- R.10 Better supply chain organisation: Share of farmers participating in supported Producer Groups, Producer Organisations, local markets, short supply chain circuits and quality schemes
- R.14 Carbon storage in soils and biomass: Share of agricultural land under commitments to reducing emissions, maintaining and/or enhancing carbon storage (permanent grassland, *permanent crops*, agricultural land in peatland, forest, etc.)
- O.13 Number of ha (agricultural) covered by environment/climate commitments going beyond mandatory requirements
soil and air;
