(iv) contribute to the development of local food systems and domestic and regional markets both in the Union and in partner countries, with the aim of minimising food import dependency and shortening food chains;

(v) end trade practices that distort global trade on agricultural markets;

(vi) fully integrate climate change mitigation and adaptation measures;

(vii) respect the “Climate first, trade second”.

The compliance of the CAP with Policy Coherence for Development shall be assessed on a regular basis, inter alia using data from the monitoring mechanism set out in Article 119a. The Commission shall report to the Council and to the European Parliament about the results of the assessment and the Union’s policy response.
