3. MOTION FOR A EUROPEAN PARLIAMENT RESOLUTION

with observations forming an integral part of the decision on discharge in respect of the implementation of the budget of the European Centre for the Development of Vocational Training (Cedefop) (before 20 February 2019: European Centre for the Development of Vocational Training) for the financial year 2019 (2020/2150(DEC))

The European Parliament,

- having regard to its decision on discharge in respect of the implementation of the budget of the European Centre for the Development of Vocational Training (Cedefop) for the financial year 2019,
 - having regard to Rule 100 of and Annex V to its Rules of Procedure,
 - having regard to the opinion of the Committee on Employment and Social Affairs,
 - having regard to the report of the Committee on Budgetary Control (A9-0069/2021),
- A. whereas, according to its statement of revenue and expenditure¹, the final budget of the European Centre for the Development of Vocational Training (Cedefop) (the ‘Centre’) for the financial year 2019 was EUR 17 866 920, an increase of 0,09 % in comparison with the 2018 budget; whereas the budget of the Centre derives mainly from the Union budget;
- B. whereas the Court of Auditors (the ‘Court’), in its report on the Centre’s annual accounts for the financial year 2019 (the ‘Court’s report’), states that it has obtained reasonable assurances that the Centre’s annual accounts are reliable and that the underlying transactions are legal and regular;

Budget and financial management

1. Notes with satisfaction that the budget monitoring efforts during the financial year 2019 resulted in a budget implementation rate of 99,99 %, representing a very slight decrease of 0,01 % compared to 2018; takes note of the fact that the payment appropriations execution rate was at 95,12 %, representing a decrease of 1,38 % compared to 2018;
2. Notes with concern from the Court’s report that the Centre did not apply the proper method for calculating the contributions for Iceland and Norway, resulting in a too low contribution;

Performance

3. Notes that the Centre uses a noteworthy performance measurement system that includes key performance indicators to assess the added value provided by its activities on project, activity and organisational levels and other measures to improve its budget

¹ OJ C 107, 31.3.2020, p. 1.

management;

4. Welcomes the introduction of more qualitative indicators in 2018-2019, which aimed to provide a more balanced view of the Centre's performance; reminds the Centre to regularly review and update its performance measurement system and key performance indicators to ensure the Centre's efficient contribution and expertise at Union level; encourages the Centre to carefully analyse the outcomes and use them to improve the Centre's strategy and activity planning;
5. Notes that the external evaluation, to which the Centre was subject in 2017 as required by the financial rules, has assessed the Centre's work positively; welcomes the actions planned to address the issued recommendations and calls on the Centre to continue to pursue further cooperation with other agencies; encourages the Centre to continue to implement its performance measurement indicators and to align the performance indicator methodologies with other agencies in order to present the implemented policies in a more detailed manner; welcomes the introduction of an environmental indicator;
6. Notes that the cross-cutting evaluation of the Union agencies under the remit of the Commission's Directorate-General for Employment suggested a number of recommendations for each of the agencies, but that those recommendations did not suggest further legislative amendments or the merger or relocation of agencies;
7. Appreciates the Centre's expertise and continuing high-quality work, providing research, analyses and technical advice in vocational education and training (VET), qualifications and skills policies with the aim of promoting high-quality training tailored to the needs of individuals and of the labour market; notes with concern, however, that while it has a positive image in the Union, VET is still seen as a second choice when compared to general education;
8. Recalls the importance of the Centre's role in ensuring that digital skills are integrated into VET across the Union and in monitoring the implementation and impact of Council Recommendation of 24 November 2020 on vocational education and training (VET) for sustainable competitiveness, social fairness and resilience², the new Skills Agenda for Europe and the Digital Education Action Plan;
9. Highlights the particular relevance of the Centre's recent work in helping to analyse the impact of the COVID-19 pandemic on skills demand and employment in the Union labour market via the Skills-OVATE (Online Vacancy Analysis Tool for Europe); in that context, stresses the need of ensuring adequate human and financial resources allowing the Centre to continue implementing its work programme with a very high activity completion rate;
10. Notes that the Centre has regular coordination and cooperation with the European Training Foundation, the European Foundation for the Improvement of Living and Working Conditions and the European Agency for Safety and Health at Work; encourages the Centre to continue that collaboration, which allows for the creation of synergies, the sharing of knowledge, expertise and best practices across the agencies, as well as the avoidance of overlaps by providing a common space where agencies can

² OJ C 417, 2.12.2020, p. 1.

consult each other on the fulfilment of their mandate; warmly welcomes the new service level agreement with the European Union Agency for Cybersecurity, in particular in the field of digitalisation, procurement, data protection and human resources;

11. Welcomes the Centre's actions to increase digitalisation in terms of internal operation and management but also with regard to the acceleration of the digitalisation of procedures; stresses the need for the Centre to continue to be proactive in that regard in order to avoid a digital gap between the agencies at all costs; draws attention, however, to the need to continue all the necessary security measures to avoid any risk to the online security of the information processed;
12. Welcomes the Centre's initiative on a new strand on digitalisation, in particular on its online tools, providing country specific information and improved visualisation opportunities of online data, such as guidance resources on labour market information or skills forecasts; acknowledges to that end the Centre's targeted marketing campaigns in raising awareness on the content of its website;
13. Notes with satisfaction the new service level agreement with the Directorate-General for Budget for the migration to the Commission's finance and accounting system;

Staff policy

14. Notes that, on 31 December 2019, the establishment plan was 94,51 % implemented, with 12 officials and 74 temporary agents appointed out of 78 temporary agents and 13 officials authorised under the Union budget (compared to 92 authorised posts in 2018); notes that in addition 25 contract agents and three seconded national experts worked for the Centre in 2019;
15. Notes the gender imbalance among the Centre's senior management (4 men and 2 women); notes with satisfaction that the management board is almost gender balanced (53 % male and 47 % female); welcomes the staff's geographical representation within the Centre;
16. Notes with concern that the Centre's issues regarding the externalisation of its legal service highlighted by the discharge authority and the Court under discharge 2018 are still not resolved and that the externalisation has increased the workload and cost for the Centre; calls on the Centre to consider reinstating the internal legal service to mitigate the high cost and to ensure a proper audit trail for legal expenditure, as well as to continue to report to the discharge authority on any developments in that regard;
17. Welcomes the Centre's efforts to build a more diverse and inclusive work environment and culture by taking actions in favour of people with disabilities; asks the Centre to assess the possibilities of further strengthening and integrating the principles of equal opportunities in recruitment, training, career development, working conditions as well as to raise staff awareness of these aspects; invites the Centre to consider possible reasonable improvements and modifications of its buildings (access, adequate office equipment) for people with reduced mobility or other disabilities;
18. Encourages the Centre to pursue the development of a long-term human resources policy framework which addresses work-life balance, lifelong guidance and career development, gender balance, teleworking, geographical balance and the recruitment

and integration of people with disabilities;

19. Notes with regret that, as a result of the judgment of the General Court in case T-187/18, the Centre must pay EUR 40 000 in compensation, and draws attention to the importance of complying with existing labour law in order to avoid such cases in the future;
20. Welcomes the efforts made by the Centre to create an environmentally friendly working place and all the measures taken by the Centre to reduce its carbon footprint, its energy consumption and to develop a paperless workflow;

Procurement

21. Welcomes the introduction of e-tendering and e-submission for its open procedures and the initiative to join the Commission's or other agencies' inter-institutional framework contracts and to organise joint procurement procedures with other agencies;
22. Notes with concern that, according to the Court's report, mistakes in procurement and contract management were made, that the Centre accepted the change in the execution of a contract without properly documenting whether the alternative proposed by the contractor was at least equivalent to the solution proposed in the tender and that the Centre did not amend the framework contract concluded with that contractor in order to include such change; notes that the Centre formalised its guidelines on contract management to complement the training given to contract managers, the workflow and the controls in place;
23. Notes with regard to the follow-up on the previous year's discharge recommendation concerning procurement documentation and methodology that the implementation is still ongoing while acknowledging the steps made to implement the recommendation;

Prevention and management of conflicts of interest and transparency

24. Notes the Centre's existing measures and ongoing efforts to secure transparency, prevention and management of conflicts of interest and whistleblower protection; points out, however, that the publication of 22 declarations of conflicts of interest and the CVs of 163 members and alternates are still pending; reiterates that all members and alternates who attend management board meetings or exercise the right to vote must submit a declaration of interest; calls on the Centre to publish the declarations of interest and the CVs of all the members of the management board and to report to the discharge authority on the measures taken in that regard;

Internal controls

25. Notes that following the audit conducted by the internal audit service (IAS) on the Centre's human resources management and ethics from 14 to 18 January 2018, recruitment procedures have been updated to reflect the IAS recommendation and that this recommendation, initially flagged as critical, has been closed by the IAS after a follow-up engagement;

26. Notes that five out of six recommendations from the human resources management and ethics audit have now been implemented; calls on the Centre to report to the discharge authority on the implementation of the last recommendation;
27. Notes that the Centre's executive director, as authorising officer, has delegated the powers of budget implementation to the deputy director and heads of departments; notes that the deputy director's delegation has no capped amount for transactions, while the delegation to the head of department for resources and support is capped at EUR 1 500 000 per transaction concerning Title 1 (Staff expenditure), with other delegations limited to the appropriations available under the specific budget lines and up to the ceiling of EUR 1 000 000 per transaction; welcomes the fact that the Centre sets financial caps for delegations in such a way that the need for flexibility is balanced with the need for oversight and hierarchical control over transactions;

Other comments

28. Notes the efforts made to increase the Centre's cyber security and data protection, especially as regards the training and awareness of staff;
29. Welcomes the Centre's communication campaigns, focus on social media presence, interactive online tools and visualisations; encourages the Centre to continue promoting their work, research and activities to increase its public visibility;
30. Questions the need to maintain a board of directors composed of 84 people;

31. Refers, for other observations of a cross-cutting nature accompanying its decision on discharge, to its resolution of ... 2021³ on the performance, financial management and control of the agencies.

OPINION OF THE COMMITTEE ON EMPLOYMENT AND SOCIAL AFFAIRS

for the Committee on Budgetary Control

on discharge in respect of the implementation of the general budget of the European Union for the financial year 2019 - European Centre for the Development of Vocational Training (Cedefop)
(2020/2150(DEC))

Rapporteur for opinion: Romana Tomc

SUGGESTIONS

The Committee on Employment and Social Affairs calls on the Committee on Budgetary Control, as the committee responsible, to incorporate the following suggestions into its motion for a resolution:

1. Expresses its satisfaction that the Court of Auditors (the ‘Court’) has declared the transactions underlying the Centre’s annual accounts for the financial year 2019 to be legal and regular and that its financial position as at 31 December 2019 is fairly represented;
2. Commends the continually high budget implementation rate of 99,99 % in 2019 (compared to 100 % in 2018); recognises the Centre's successful efforts towards optimal use of resources in this regard;
3. Appreciates the Centre’s expertise and continued high-quality work, providing research, analyses and technical advice in vocational education and training (VET), qualifications and skills policies with the aim of promoting high-quality training tailored to the needs of individuals and of the labour market; notes with concern, however, that while having a positive image in the Union, VET is still seen as a second choice when compared to general education;
4. Recalls the importance of the Centre's role in ensuring that digital skills are integrated into VET across the Union and in monitoring the implementation and impact of Council Recommendation of 24 November 2020 on vocational education and training (VET) for sustainable competitiveness, social fairness and resilience¹, the new Skills Agenda for Europe and the Digital Education Action Plan;

¹ OJ C 417, 2.12.2020, p. 1.

5. Highlights the particular relevance of the Centre's recent work in helping to analyse the impact of the pandemic on skills demand and employment in the EU labour market via the Skills-OVATE (Online Vacancy Analysis Tool for Europe); in this context, stresses the need of ensuring adequate human and financial resources allowing the Centre to continue implementing its work programme with a very high activity completion rate;
6. Welcomes the Centre's initiative on a new strand on digitalisation, in particular on its online tools, providing country specific information and improved visualisation opportunities of online data, such as guidance resources on labour market information or skills forecasts; acknowledges to that end the Centre's targeted marketing campaigns in raising awareness on the content of its website;
7. Appreciates the Centre's support to the Commission, the Member States and social partners, and its collaboration with other Union agencies, in particular with the European Training Foundation and Eurofound, with the purpose of seeking to ensure synergies; stresses the Centre's importance, autonomy and added value in its field of expertise; expresses its satisfaction that the Centre collaborates with the EU Agencies Network to ensure efficiency gains in administrative matters, such as joint procurement procedures and exchange of knowledge and expertise on IT system, cybersecurity or HR practices;
8. Notes with regret that the Court identified weaknesses in one procurement procedure for cleaning services for which the Centre accepted a change in the execution of the contract following its signature, without properly documenting the change or incorporating the change into the framework contract; notes from the Centre's reply the Centre's commitment to formalise its guidelines on contract management to complement the training given to contract managers, the work flow and the controls in place, by including ways to document modifications during implementation and the signature of relevant contract amendments where necessary and to provide dedicated training to staff in order to ensure proper and timely communication between staff managing contracts and the procurement service of the Centre; therefore, calls on the Centre to adopt all necessary measures to eliminate the deficiencies established by the Court in its report;
9. Notes the Court's observation regarding incorrect application of the method for calculating contribution set out in the Statement on Cedefop-EFTA cooperation; notes, from the Centre's reply, the Centre's declaration that no incorrect application has taken place and that it has been consistently applying the 'proportionality factor' in this regard;
10. Notes with regret that, as a result of the Judgment of the General Court in case T-187/18, the Centre has an obligation to pay EUR 40 000 compensation, and draws attention to the importance of complying with existing labour legislation in order to avoid such cases in the future;
11. Welcomes the fact that with the exception of one ongoing action related to award criteria for the Centre's travel agency services, the Centre has completed all other actions taken to Court's observations related to the implementation of the budget for the financial years 2017 and 2018;
12. Recommends, on the basis of the facts available, that discharge be granted to the

Executive Director of the European Centre for the Development of Vocational Training
in respect of the implementation of the Centre's budget for the financial year 2019.
