Report
Charles Goerens, Rainer Wieland
Application of Regulation (EU, Euratom) No 1141/2014 on the statute and funding of European political parties and European political foundations (2021/2018(INI))

Motion for a resolution
Paragraph 49

49. Calls on the Commission to assess/consider whether vote-based funding schemes for European political parties could be used; notes that changing the funding system to one based on votes may increase turnout and promote a more pluralistic political environment at EU level;

Amendment

49. Advocates a funding system based on votes cast in favour of each national member party of a European political party participating in the European elections, composed of:

a) an amount allocated per vote, determined by a distribution key which is closely based on the latest overall amount in the current funding system and which should be annually indexed in future;

b) an additional amount of 10% of the abovementioned overall amount to cover the organisational effort of each European political party proportionate to the number of its national member parties that participated in the last European elections;

c) a smoothing factor that takes into account an average of the result for the respective year and the four preceding years;
