Amendment

9. Welcomes that the co-ordinated package of personalised services was drawn up by Spain in consultation with the social partners\(^3\); the involvement of certain social partners was ensured by their representation in Lanbide's governance board, which is made up of representatives of the regional government, trade unions and employer organisations; considers that the biggest trade unions and the cooperative ventures of the Basque region should have also been consulted, as they are essential social partners in the context of social dialogue;

\(^3\) The application was approved by Lanbide, the Basque public employment service (social partners are part of the governance board), on 2 July 2021. Meetings were also held on 19 January and 2 February 2021 with Federación Vizcaína de Empresas del Metal, (federation of metal enterprises of Biscay), Asociación de Empresas de Guipúzcoa - ADEGI (Business association of Gipúzcoa) and SEA-Empresas Alavesas (business associations of Alava).
