Isabel Carvalhais

A sustainable blue economy in the EU: the role of fisheries and aquaculture (2021/2188(INI))

Motion for a resolution**Paragraph 116***Motion for a resolution*

116. Calls, in particular, for **an EU ban on** the use of **bottom trawling in all** marine protected areas; calls for the EMFAF to be used to provide effective support for the transition to more selective and less damaging fishing techniques for EU fishing fleets;

Amendment

116. Calls, in particular, for **the EU to prohibit** the use of **detrimental techniques in its strictly protected** marine areas, **following the best available scientific advice**; calls for the EMFAF to be used to provide effective support for the transition to more selective and less damaging fishing techniques for EU fishing fleets;
