134. *Deplores the problematic and hateful material in Palestinian school textbooks and study cards which has still not been removed; underlines that education and pupils' access to peaceful and unbiased textbooks is essential, especially in the context of the rising implication of teenagers in terrorist attacks; stresses that financial support from the Union for the Palestinian Authority in the area of education shall be provided on the condition that textbook content is aligned with UNESCO standards, as decided upon by Union education ministers in Paris on 17 March 2015, that all anti-Semitic references are deleted, and examples that incite hatred and violence are removed, as repeatedly requested in the resolutions accompanying the discharge decisions in respect of the implementation of the general budget of the European Union for the financial years 2016, 2018, 2019 and 2020; therefore requests the Commission to closely scrutinise that the Palestinian Authority (PA) modifies the full curriculum expeditiously;*

134. *commends the results of the study on Palestinian schoolbooks performed by the Georg Eckert Institute revealing a complex picture, confirming that they adhere to UNESCO standards.*
