Proposal for a regulation
Article 18 – paragraph 7 – point a a (new)

Text proposed by the Commission

Amendment

(a a) The list of sectors with unavoidable industrial process emissions from large-scale industrial installations, for which no direct emissions reduction options are available after the best available techniques have been applied, that will be prioritised for the CO2 storage projects in this Chapter, based on a clear methodology taking into account scientific evidence, the current state-of-the-art of relevant technologies, as well as appropriate demand-side emissions reduction measures. The list shall be regularly reviewed and updated at least every five years to take into account relevant scientific or technological developments.
