*Motion for a resolution*

*Amendment*

**88 a. Deeply regrets all conflict-related sexual violence; emphasises that this targeted form of brutal sexual violence and torture against women is systematically used in war conflicts to terrorise and to humiliate the population; in this context, strongly deplores the devastating suffering of women during the Hamas attacks on 7 October 2023 in which Hamas perpetrated rape and other forms of ferocious sexual torture against women, female teenagers and girls of Israeli and other nationalities, according to a UN mission report and a report of the Association of Rape Crisis Centers in Israel; regrets the lack of leadership of the EEAS and the Commission and their delayed reactions to these cruel attacks; strongly calls on the EEAS to establish a better global strategy to prevent these kinds of attacks, to provide support to women living in areas of risk and conflict zones, and to continue to publicly condemn any kind of sexual violence and torture;**
