**B5-0188/2003**

**Motion for a European Parliament resolution on aid for the Spanish Olive Oil Board**

*The European Parliament,*

- A. whereas a Spanish Olive Oil Board ('Interprofesional española del Aceite de Oliva') has recently been set up,
- B. whereas one of the main aims of this new organisation is to boost marketing,
- C. considering that this organisation represents almost 67% of production, around 90% of exporters and 91% of olive oil processed,
- D. whereas this Board will enable the industry to guarantee the future of olive oil with coordinated actions aimed at increasing the profitability of olive oil production,
  - 1. Requests that aid be granted for the actions undertaken by the Spanish Olive Oil Board to implement national and international promotion campaigns to increase olive oil consumption;
  - 2. Calls for a significant part of such aid to come from European funds;
  - 3. Recommends that the Community aid should serve to increase the consumption of olive oil and not to reduce the production thereof.
