Electric vehicles

Motion for a resolution**Paragraph 10***Motion for a resolution**Amendment*

10. Supports the Commission's intention of setting a European standard by 2011 for recharging electric vehicles, which will guarantee interoperability, and defends the setting of technical standards for charging systems, including different vehicle categories; calls on the Commission to strive for global standards wherever possible and to ensure that the charging standard encourages modern technologies, such as smart charging and opened communication standards, and is consistent with mandates on smart metering architectures;

10. Supports the Commission's intention of setting a European standard by 2011 for recharging electric vehicles, which will guarantee interoperability *and the safety of infrastructures*, and defends the setting of technical standards for charging systems, including different vehicle categories; calls on the Commission to strive for global standards wherever possible and to ensure that the charging standard encourages modern technologies, such as smart charging and opened communication standards, and is consistent with mandates on smart metering architectures;
