Russian aggression against Ukraine

Motion for a resolution
Paragraph 19

19. Reiterates its previous calls to significantly reduce energy dependence, in particular on Russian gas, oil and coal, by, inter alia, diversifying energy sources, including expanding liquefied natural gas terminals and supply routes, unbundling gas storage, and increasing energy efficiency and the speed of the clean energy transition; calls for the Nord Stream 2 pipeline to be definitively abandoned and therefore welcomes the decision of the German Government to halt the certification of Nord Stream 2; calls on the Commission and the Member States to create a coordination mechanism and to use all possible gas depositories in order to ensure uninterrupted gas supply to the EU; calls on the Member States, the Commission and the European Central Bank to carefully monitor the impact of the Russian attack on financial stability and the stability of prices, especially in relation to energy products, and to consider appropriate measures to mitigate any negative economic and social impact; calls on the Member States to stop any collaboration with Russia in the nuclear field, in particular cooperation with Rosatom and its subsidiaries, including cooperation with Russia in the International Atomic Energy Agency and the termination or removal of operating licences for all Rosatom subsidiaries;
