Paragraph 1

Draft legislative resolution

1. **Gives** its consent to the draft Council decision

Amendment

1. **Refuses to give** its consent to the draft Council decision

Or. en

Justification

Article 153 (1) TFUE grants the Union support and complement competences to Member States' activities; therefore, Union institutions should not "authorise" Member States to ratify international conventions on such competences, as pretended by the draft Council decision, but rather it should be for Member States to authorise the Union to act. Furthermore, the draft Council decision incorporates ideology terminology under recital (2), as does the Convention itself. Article 11 of the Convention introduces a risk of ideological brainwashing.
