5. THE COMMISSION’S 2020 RULE OF LAW REPORT

Adoption of draft opinion

Rapporteur: [Isabel García Muñoz](#) (S&D)
 Administrator: Benoît Lefort

Shadow Rapporteurs: **Petri Sarvamaa (EPP), Katalina Cseh (Renew), Daniel Freund (Greens) and Younous Omarjee (The Left)**

The draft opinion from the CONT Committee to the Committee on Civil Liberties, Justice and Home Affairs on the Commission's 2020 Rule of Law Report was considered in CONT meeting of 14-15 April. The Members of the Committee tabled 62 amendments and the Rapporteur has suggested 10 Compromise Amendments to the Shadow Rapporteurs, which are put to the vote. Notably, the draft opinion highlights that the rule of law is an essential precondition for compliance with the principle of sound financial management and for the protection of the Union's financial interests. The draft opinion also stresses that, while the Commission's annual Rule of Law report is a separate tool from the Regulation on a general regime of conditionality for the protection of the Union budget, which has been in force since 1 January 2021, it urges the Commission to strengthen the synergy between the annual reports and the Regulation.

6. STRENGTHENING TRANSPARENCY AND INTEGRITY IN THE EU INSTITUTIONS BY SETTING UP AN INDEPENDENT EU ETHICS BODY

Adoption of draft opinion

Rapporteur: [Mikuláš Peksa](#) (Verts/ALE)
Administrator: Hans Stander

Shadow Rapporteurs: **Tomáš Zdechovský (EPP), Isabel García Muñoz (S&D), Gilles Boyer (Renew) and Luke Flanagan (The Left)**

The CONT Committee will vote on the draft opinion to the Committee for Constitutional Affairs (AFCO) on strengthening transparency and integrity in the EU

Institutions by setting up an independent ethics body. The amendments tabled by the Members of the Committee (39 in total) presented diverging views on the feasibility and added value of an independent ethics body. The Rapporteur has proposed 10 compromise amendments that have been discussed in a shadows' meeting, and to which all political groups have contributed. The resulting compromise amendments have been included in the voting list and are subject to the vote.

7. RESOLUTION ON CONFLICT OF INTEREST OF THE PRIME MINISTER OF THE CZECH REPUBLIC CONT/9/06070

Adoption of motion for a resolution

Rapporteur: [Monika Hohlmeier](#) (EPP)
Administrator: Diego Rasetti

The publication by the EU Commission of the final audit report on the functioning of the management and control systems in place to avoid conflicts of interest in Czechia confirmed the concerns voiced many times in recent years by Parliament: as Prime Minister, Mr Babiš exercised influence on the allocation of EU subsidies to Agrofert Group, the agro-chemical conglomerate that he founded. The audit report confirms that the impartial and objective exercise of

Mr Babiš' functions as Prime Minister, as Chairman of the ESIF Council, and as Minister for Finance and Deputy Prime Minister for Economy was compromised.

The draft Motion insists that a conflict of interest at the highest level of government of a Member State, cannot be tolerated and must be fully addressed, reiterating the solutions already proposed in previous resolutions and debates.

While the Commission ensures that the EU budget is protected by the recent measures suspending disbursements and via the on-going audit activities, the draft Motion observes that in a context of systemic deficiencies and weaknesses of the regulatory framework preventing a full identification of final recipients and beneficial owners of EU funds, even the effectiveness of the monitoring and controlling activities is at a stake.

Moreover, no action or proposal is brought forward by the Czech government to solve a situation that undermines the Union's values and the sound management of resources, and questions the compliance with the Rule of Law.

Considering the development of oligarchic structures in the Czech Republic, and their influence on media and on the justice system, the draft Motion calls for the Commission's thorough assessment of such situation with a view to launching the appropriate actions in a timely manner, keeping in mind that Czech citizens and taxpayers should not pay or suffer any consequences deriving from the conflict of interest of their Prime Minister.

Additionally, given Mr Babiš' still active participation in negotiations on EU budget and programmes, the draft Motion invites the Council to take all the necessary measures to address the conflicts of interest confirmed by the Commission's audit findings.

8. CONTROL OF THE FINANCIAL ACTIVITIES OF THE EUROPEAN INVESTMENT BANK - ANNUAL REPORT 2019

CONT/9/04670 - [2020/2245\(INI\)](#)

Consideration of draft report

Rapporteur:
Administrator:

[Bas Eickhout](#) (Verts/ALE)
Diego Rasetti

Shadow Rapporteurs: **Angelika Winzig (EPP), Corina Cretu (S&D), Alin Mituța (Renew) and Luke Flanagan (The Left)**

The European Investment Bank is the biggest multilateral financial institution in the world and a major actor in the implementation of several Union's policies. The draft report looks into the 2019 annual records of EIB's funding activities, the main priorities of its investment policy and the sustainability of its business

model.

The Rapporteur, in particular, reviews the role of the EIB in financing the European Green Deal, its transformation from "an EU bank supporting climate" into "the EU climate bank", while also looking into the recently adopted policies (e.g. the new Energy Lending Policy) and how they have been made operational.

Furthermore, the draft report focuses on EIB's actions in implementing the European Fund for Strategic Investment (EFSI) and on the EIB's operations outside the EU, and indicates the stakeholders' engagement as the cornerstone of sustainable and inclusive development.

Against an overall positive assessment, the Rapporteur reiterates the importance of ethics, integrity, transparency, and accountability. Moreover, Mr Eickhout's remarks point at the revolving-doors and post-employment policies, the persistent lack of diversity and gender balance at management level. The draft report

includes calls for transparency, for disclosure of beneficiaries and beneficial owners, and for the full alignment with Anti-Money Laundering and Combating Terrorism Financing regulations. As already underlined in the 2019 discharge to the EU budget, a stronger external scrutiny of EIB by the ECA is essential: the revision of the current Tripartite Agreement between Commission, the EIB and the ECA should include the EIB operations financed by EIB's share capital. Finally, the Rapporteur urges the revision of the Financial and Administrative Framework Agreement (FAFA), the adoption of the new EIB Group Anti-Fraud Policy (AFP), and a new EIB Environmental and Social Principles and Standards Framework.

9. PROTECTION OF THE EU'S FINANCIAL INTERESTS - COMBATting FRAUD - ANNUAL REPORT 2019

CONT/9/04672 - [2020/2246\(INI\)](#)

Consideration of draft report

Rapporteur: [Caterina Chinnici](#) (S&D)
Administrator: Giulia Bastianello

Shadow Rapporteurs: **Monika Hohlmeier (EPP), Katalin Cseh (Renew), Mikuláš Peksa (Green/ALE) and Luke Flanagan (The Left)**

As in previous years, the CONT Committee draws up an own initiative report on Protection of the European Union's financial interests - combating fraud, this year related to 2019.

The PIF report 2019 (COM(2020)0363), the 31st annual report on the Protection of the European Union's financial interests from the Commission to the European Parliament and the Council (under Article 325 of the TFEU), was presented by Commissioner Hahn in the CONT meeting of 28 October 2020.

In her draft report, the Rapporteur Ms Caterina Chinnici notes the detected fraudulent and non-fraudulent irregularities, as well as achievements made such as the transposition into national law of the measures provided for in the PIF Directive, the appointment of the European Chief Public Prosecutor, the adoption of the New Commission Anti-Fraud Strategy, and of the Whistleblowing Directive in 2019. The Rapporteur highlights what still needs to be addressed in the fight against fraud, calling for more coordination, and for ensuring quality of the data collected and of anti-fraud measures at EU and national level.

Moreover, Ms Chinnici notes, among other things, the role of OLAF and the more structured cooperation with the ECA, the importance of establishing National Anti-Fraud Strategies, and lastly invites to explore new avenues with regard to the analysis and further improvement of the Commission's PIF report.

Rapporteur: [Monika Hohlmeier](#) (EPP)

Administrator: Kaare Barslev

Following the murder of the investigative journalist, Daphne Caruana Galizia, on 16 October 2017, media reports have given the impression that there are risks of weaknesses in the administration in Malta. Given these circumstances, the CONT Committee has taken the initiative to ask questions concerning the administration of EU funds in shared management and if they are handled correctly. The CONT Committee has invited representatives from DG AGRI, DG REGIO and OLAF to give the Committee information in relation to these issues.

The workshop "*Missing Trader Fraud: Definition, effects, prevention and solutions*" will focus on the missing trader intra-community fraud and carousel fraud. Missing trader fraud is the biggest kind of VAT fraud within the EU. This kind of fraud has been estimated to cost the Union EUR 60 billion on an annual basis. The exact amount lost is difficult to calculate as sufficient data is lacking and the fraud schemes are very complex. The speakers of the workshop will discuss the scale of the problem, possible solutions, and give recommendations for improvement of the VAT system.

Rapporteur: [Petri Sarvamaa](#) (EPP)

Administrator: Benoit Lefort

On 26 May 2021, the Committees on Budgets and on Budgetary Control will jointly have an exchange of views with the European Commission on the Rule of Law Conditionality Regulation and the development of guidelines for its application. In its Resolution of 25 March 2021, the Parliament stressed that the Regulation entered into force on 1 January 2021 and that its application could not be subject to the adoption of guidelines. However, if the Commission deems such guidelines necessary, the Parliament has requested to be consulted prior to their adoption by the Commission. The Regulation was challenged by Poland and Hungary in front of the European Court of Justice on 11 March 2021.

Rapporteur: [Daniel Freund](#) (Verts/ALE)

Administrator: Hans Stander

The CONT Committee organises a Public Hearing on the use of the provisions in the Common Provisions Regulation (CPR) that are set out to protect the financial interests of the Union. These provisions allow the Commission, for example, to suspend funds in case of serious deficiencies in a Member State's management and control system of an operational programme. The hearing is divided into two panels. The first panel is titled "Untapped potential of CPR (new and old)?" and

brings together experts from the Commission, the European Anti-Fraud Office and Academia:

- Ms Adriana Sukova, Deputy Director-General for Employment, Social Affairs and Inclusion, European Commission, Directorate General for Employment, Social Affairs and Inclusion (DG EMPL).
- Mr Franck Sébert, Director Audit, European Commission, Directorate-General for Regional and Urban Policy (DG REGIO).
- Ms Maria Ntziouni, Adviser for Operations and Investigation, European Anti-Fraud Office (OLAF).
- Ms Kim L. Scheppele, Laurance S. Rockefeller Professor of Sociology and International Affairs in the Princeton School of Public and International Affairs.

The second panel, titled 'Management and control systems in Hungary a case for CPR suspension?' looks into concrete examples of the use of the abovementioned provisions and is composed of experts from the Commission and civil society:

- Mr Axel Badrichani, Head of Unit, Audit I, European Commission, Directorate-General for Regional and Urban Policy (DG REGIO).
- Ms Gabriella Nagy, Head of public funds programs, Transparency International Hungary.
- Mr Akos Hadhazy, Independent Member of Parliament in Hungary.

**16. ECA SPECIAL REPORT 04/2021: CUSTOMS CONTROLS: INSUFFICIENT HARMONISATION
HAMPERS EU FINANCIAL INTEREST**
CONT/9/05848

Presentation of the special report by reporting ECA Member Jan Gregor

Rapporteur:
Administrator:

[Olivier Chastel](#) (Renew)
Ana Maria Nogueira

Shadow Rapporteur: **Michal Wiezik (EPP)**

The Customs Union is important for EU trade, and customs duties on imports are a significant source of EU revenue. In 2019, the Member States made available EUR 21.4 billion of customs duties to the EU budget, representing 13 % of the total EU budget revenue. China, the USA and Russia were the main countries exporting to the EU. Furniture, sports equipment, toys and clothing topped the list of most imported goods.

The EU has exclusive competence to make laws in the area of customs, while Member States are responsible for putting them into practice, so as to apply customs control in a similar way. This uniform application of customs controls (the Union Customs Code - UCC) by Member States is pivotal in preventing fraudulent importers from targeting border entry points with a lower level of controls. In light of the UCC, the Commission adopted a new regulatory framework, consisting of the Financial Risks Criteria and Standards Implementing decision (FRC decision) and a corresponding guideline.

The Special Report looks into the way this new regulatory framework is being implemented by the Member States and monitored by the Commission. The audit visits took place between October 2019 and January 2020, after the deadline set in the FRC decision for Member States to ensure that the requisite of using the criteria in the automated risk analysis was in place.

The audit concluded that the framework is not leading to a uniform application of customs controls, shortcomings were in both the content of the framework as well as its application in practice. For instance, Member States did not systematically share information on risky importers with one another.

The ECA recommends the Commission (in cooperation with the Member States) to enhance the uniform application of customs controls by, among others, improving the quality of risks signals, and addressing gaps in the handling of declarations across Member States.

It is proposed that the presentation of the ECA report develops as follows:

- Opening remarks by CONT and IMCO Chairs;
- Mr Jan Gregor reporting ECA Member, will present the Special Report;
- Mr Olivier Chastel, the CONT Rapporteur, will make observations and raise questions to the ECA's and Commission's representatives;
- Mr Gerassimos Thomas, TAXUD Director-General, will present the Commission's point of view;
- CONT and IMCO Members will share their remarks and put questions;
- Mr Jan Gregor and Mr Gerassimos Thomas will reply to the questions;

- Concluding remarks by the Chairs (CONT and IMCO).

The researcher coordinating the study on [“The Largest 50 beneficiaries in each EU Member State of CAP and Cohesion Funds”](#) will present their findings at the CONT Committee.

The presentation will explain the methodology used in the analysis on more than 12 million beneficiaries of the common agricultural policy (CAP) in 2018 and 2019 and about 600 000 beneficiaries receiving cohesion funds between 2014 and 2020. An overview will be given of the almost 300 reporting systems and the technical and legal barriers to data collection. An analysis of the largest direct and ultimate beneficiaries of these funds will follow giving a brief glance of the lists of beneficiaries presented in the study by fund, by type, and by Member State. Finally, the author will provide policy recommendations to enhance data accessibility and transparency.
