Mr Ville Itälä, OLAF Director-General, will present the 32nd Commission's Annual Report on the Protection of the EU's financial interest ("PIF report") 2020.

The PIF report 2020 includes statistics on the detection of irregularities and fraud by Member States, highlights the legislative and control framework and the inter-institutional cooperation in the fight against fraud, and including between the EU and Member States' authorities, between Member States, and agreements in force with non-EU countries. It provides also updated information on the current state of play of the implementation of the Commission's Anti-Fraud Strategy adopted in April 2019, of the Hercule III programme for which 2020 marked the last year of its implementation, the VAT e-commerce package, and the rule of law conditionality, among other things.

The number of fraud and irregularities reported by the competent EU and national authorities dropped in 2020 compared with previous years. While certain cyclical effects explain the drop in fraudulent irregularities, the drop in the detection and reporting rate of non-fraudulent irregularities in certain areas of spending cannot easily be explained and are therefore of concern. In addition to known risks, new challenges are emerging linked to new ways of managing and spending EU funds, linked to performance and achieving specific targets, areas of reinforced spending, for example those related to the green and digital transition and to the health sector.

New approaches and tools will be required in the fight against fraud, especially in the aftermath of the COVID-19 pandemic and in the implementation of sound financial management of the Recovery and Resilience Facility, building on existing IT tools such as ARACHNE and EDES.

Among the key events of 2020 and of the first half of 2021 there is the start of operations of the EPPO in June 2021, a revised regulation of OLAF, the introduction of a general regime of 'conditionality' to protect the EU budget, and good progress on implementing the Commission's Anti-Fraud Strategy.

The presentation of the PIF Report 2020 in CONT comes after last year's annual own-initiative report, adopted by Parliament during the July's plenary 2021, based on, among other sources, the PIF Report 2019.

The CONT members will exchange views on the progress made and on the requests and outcomes included in Parliament's resolution, as well as discuss on weaknesses and risks to the management of EU funds.

Relevant information is available in the [meeting file](#) and in the [CONTwebsite](#).

On 14 October 2021, the CONT Committee will hold a hearing with EU Commissioner Hahn, responsible for Budget and Administration, who will present the integrated financial and accountability reporting package for 2020. The package reports on the implementation, performance, results, financial management and protection of the EU budget. It offers essential input for the annual discharge procedure, through which the Parliament holds the Commission accountable for the way it manages the EU budget. This agenda item will be initiated by the presentation of the report to the discharge authority on internal audits carried out in 2020. This presentation will be made by the Director General of the Commission's Internal Audit Service, Manfred Kraff.

The total amount of commitment appropriations implemented from the EU budget amounted to EUR 181.7 billion in 2020. The three biggest areas of expenditure were, with EUR 60.8 billion, sustainable growth and natural resources; EUR 60.2 billion in the area of economic, social and territorial cohesion; and EUR 29.3 billion on competitiveness for growth and jobs. More than two thirds, 72%, of the budget, was implemented under shared management. The rest was spent either directly by the Commission (20%) or indirectly in cooperation with entrusted entities (8%).

According to the Commission, the overall risk at closure for 2020 is estimated at 0.9% (0.7% in 2019) of the relevant expenditure. The overall risk at payment for 2020 is reported to be below the materiality threshold at 1.9% (2.1% in 2019). The Commission expects that 1% is protected through recoveries and corrections. Based on the risk at payment, the Commission has divided the annual expenditure into three categories of risk:

1. **Lower risk** (risk at payment lower than 1.9%): This segment amounted to EUR 88 billion in 2020 (56% of the expenditure). This includes the expenditure of the paying agencies in agriculture and the European Maritime and Fisheries Fund as well as the operational programmes for cohesion with a low error rate; expenditure related to the Marie Skłodowska-Curie actions; the European Research Council grants; the European Space Agency and the European GNSS Agency; the Connecting Europe Facility; Erasmus+; the Asylum, Migration and Integration Fund; and budget support, subsidies and administrative expenditure.
2. **Medium risk** (risk at payment between 1.9% and 2.5%): This amounted to EUR 26 billion in 2020 (16% of the expenditure). This includes the expenditure of the paying agencies in agriculture as well as the operational programmes for cohesion with an estimated error rate in the indicated range.
3. **Higher risk** (risk at payment above 2.5%). This amounted to EUR 44 billion in 2020 (28% of the expenditure). This includes the expenditure of the paying agencies in agriculture as well as the operational

programmes for cohesion with an estimated error rate above the indicated limit, or with serious deficiencies; the expenditure related to the Horizon 2020 research grants; and the complex grants of other departments.

The integrated financial and accountability reporting package provides further information on these aspects. It consists of five specific reports:

1. the 2020 annual management and performance report;
2. the 2020 consolidated annual accounts of the EU;
3. the report on the follow-up to the discharge for the 2019 financial year;
4. the report to the discharge authority on internal audits carried out in 2020;
5. the long-term forecast of future inflows and outflows of the EU Budget (2021-2027).

The Annual Management and Performance Report gives an overview of the performance, management and protection of the EU budget in 2020, explaining how the budget supported the EU's political priorities and describing both the results achieved and the role of the Commission in ensuring sound financial management. The consolidated annual accounts contain financial information on the activities of the year, the assets and liabilities, and the revenue and expenditure of the institutions, agencies and other bodies of the EU, produced in accordance with the International Public Sector Accounting Standards. In the report on the follow-up to 2019 discharge, the Commission reports on how it proceeded with requests made by the Parliament and the Council in their discharge reports for 2019. The report on internal audits carried out in 2020 presents a synthesis of the recommendations made by the Commission's Internal Audit Service and the actions taken on those recommendations to improve the Commission's governance, risk management and control processes. In the long-term forecast for 2021-2027, the Commission presents a payments and revenue forecast for the next 5 years.

Background documents (including DG's annual activity reports, final accounts, etc.) can be found on the [CONT website](#).
