13.45 – 15.00 **Joint meeting with REGI**

*Room remote meeting with Interactio:
Altiero Spinelli 3G-3*

Following the latest extraordinary measures taken by the President of the Parliament on 25th November, 2021 aimed at reducing the spread of COVID-19, remote participation has been reintroduced to enable Parliament to continue to carry out its duties and to exercise its prerogatives. With reference to Article 2 of the Decision, access to meetings of committees should be limited to Members, essential staff of the secretariat, one representative of each political group and persons invited by the chair. The Chair invited for discharge hearings representative of institutions, agencies and Joint undertakings to participate in person, if they wish so.

 - Pierre Karleskind - EFCA, EMSA
- Ryszard Czarnecki (ECR)
- Bas Eickhout (Greens)
- Younous Omarjee (The Left)

The documents are published on the [CONT website](#). Of particular relevance for the hearing as regards the 2020 discharge for the Agencies are:

- The ECA's 2020 [Annual Report](#) on EU agencies;
- The replies from the EU Agencies to the questions of the CONT Committee ([standard questionnaire](#), [individual written questions](#) and [horizontal written questions](#));

Reporting Member of the European Court of Auditors, Mr Alex Brenninkmeijer, will present the findings and conclusions of the ECA's annual report on the Agencies for the financial year 2020. This year's report contains

more horizontal information, in comparison with 2019. This allows for a good assessment of the direction in which the Agencies in general are developing.

Mr Hans Bruynickx, chair of the EU Agencies Network, will represent the Network in the discussion. The EU Agencies network contributed to the preparations for this hearing by providing horizontal replies, on behalf of all agencies, on questions asked by the Members of the CONT Committee.

The Rapporteurs for the 2020 discharge to the Agencies decided to invite ACER and eu-LISA to the hearing because of their qualified opinions by the ECA on expenditure. They also decided to invite Frontex as that agency remains under scrutiny after the 2019 discharge procedure, not least because of the conditions formulated by the Parliament for the release of a reserve in the agency's 2022 Budget.

- The European High Performance Computing Joint Undertaking (EuroHPC JU) [2021/2151\(DEC\)](#)
- Clean Sky JU [2021/2149\(DEC\)](#)

For the financial year 2020, the nine Joint Undertakings (JUs) subject to the discharge procedure by Parliament are the following:

The European Joint Undertaking for ITER and the Development of Fusion Energy (F4E),
The Single European Sky Air Traffic Management Research Joint Undertaking (SESAR),

On 12 November 2021, the Court of Auditors published its specific annual report on JUs in the form of a single consolidated report on all JUs, comprising an “audit in brief report”. In its report, the ECA:

- issued for all nine JUs, an unqualified (“clean”) audit opinion on the reliability of the accounts, as well as on the legality and regularity of the payments and revenue underlying the year 2020
- drew attention with an “emphasis of matter” paragraph for F4E to the fact that any changes in key assumptions for the estimate could lead to significant cost increases and/or further delays in the implementation of the ITER project
- observed various matters needing improvement in the areas of budgetary and financial management, in-kind contributions, grant payments, procurement procedures, human resources and sound financial management
- noted that In 2020, the JUs took appropriate measures to maintain business continuity during the COVID-19 pandemic and mitigate its possible impact on their service delivery.

It is proposed that the hearing proceeds as follows:

- Chair's introductory remarks;
- Introduction by the Member of the European Court of Auditors (ECA), Ms **Ildiko Gáll-Pelcz**, who will present the findings of the specific [ECA Annual Report 2020](#);
- Presentation by the Executive Directors of each of the JUs invited:
 - ❖ F4E;
 - ❖ EuroHPC;
 - ❖ Clean Sky.
- Remarks and questions from the Rapporteurs; Replies from the Joint Undertakings;
- In a ping-pong system, the Chair, Shadow Rapporteurs and other Members will ask questions to the invited guests; the Joint Undertakings will reply to the questions posed;
- Closing remarks of the ECA Member, the Joint Undertakings and the Rapporteurs;
- Chair's closing remarks.

Regional policy is part of Chapter 5 in the European Court of Auditors' Annual Report entitled "Economic, social and territorial cohesion – MFF heading 1b". The main policy instrument under this policy field is the European Regional Development Fund (ERDF). The Commission's Directorate-General on Regional and Urban Policy, DG REGIO, implements EU funds under the field of regional policy, which represents almost a quarter of the total EU budget, and is a major source of public investments in many Member States. DG REGIO's expenditure is implemented mainly in shared management. DG REGIO delivers its objectives through management of programmes financed under the European Regional Development Fund (ERDF), the Cohesion Fund (CF) and from 2021 the Just Transition Fund (JTF).

For the 2014-2020 programming period, DG REGIO estimated risk at payment linked to the 2020 relevant expenditure is calculated at 2.1% / 2.6% taking into account the financial corrections already made. In the 2020 AMPR, the Commission reported a combined overall risk at payment of between 1.9 % and 2.4 % for this MFF sub-heading based on DG REGIO and DG EMPL estimated amounts at risk and their KPIs. For the second year in a row, the Commission's error estimates fall within ECA's own error range estimate. At the same time, according to ECA, the rates reported in the AMPR (as well as the specific rates reported in both DG EMPL and DG REGIO AARs) are below their estimated level of error, estimated at 3.5%.

During this hearing, ECA Member Pietro Russo will also present ECA's assessment on the performance of the EU Budget at the end of 2020 for the chapter on Economic, Social and Territorial Cohesion, which focuses on the

European Social Fund (ESF). CONT Members are reminded that this fund is not under Commissioner Ferreira's portfolio and will not be able to answer questions in this regard.

The discharge hearing will be based on information provided in public documents, such as

- the Court of Auditors' 2020 Annual Report, and
- the new Annual Report on Performance of the EU budget, as well as
- the Commission's Integrated Financial and Reporting package, and
- the 2020 Annual Activity Report of DG REGIO.

In accordance with the timetable for the discharge procedure, the written questions for this meeting were sent to the Commission on 15 November 2021. The Commission's answers were received one day later than expected, on 26 November 2021.

It is proposed that the hearing with Commissioner Ferreira proceeds as follows:

- Introduction by the reporting Members of the European Court of Auditors, Lazaros Lazarou, who will present the findings of the respective chapters of the Annual Report 2020, and Pietro Russo, who will present findings in the performance area on ESF;
- Commissioner Ferreira will reply to this introduction;
- CONT Rapporteur and shadow rapporteurs will put questions to the Commissioner and the ECA followed by answers (the ping-pong system);
- Other Members will question the Commissioner and/or the ECA;
- Closing remarks by the Commissioner and the Chair.

This own-initiative report looks into various ways of fighting oligarch structures for protecting EU funds from fraud and conflict of interest with a particular emphasis on the new MFF package 2021-2027.

It is a natural follow up of some of the key topics raised in the INI report on the impact of organised crime on own resources of the EU and on the misuse of EU funds with a particular focus on shared management from an auditing and control perspective (2020/2221(INI)).

The draft report outlines the term of 'oligarchy' in the current EU political context, states the legal framework of the notion of 'fraud' and 'conflict of interest', summarizes main fraudulent practices in the field of cohesion and agriculture and gives a general overview of the currently available remedies and potential preventive measures to be implemented or adopted under the new MFF, taking into account as well the Recovery and Resilience Facility and the upcoming revision of the Financial Regulation.

Representatives from European Commission and OLAF might also be present and could take the floor.

Discharge hearing with Commissioner **Jutta Urpilainen** responsible for International Partnerships in the presence of ECA reporting member **Baudilio Tomé Muguruza**

The partnership agreement, signed in Cotonou on 23 June 2000 for an initial period of 20 years, is the framework governing EU's relations with ACP (African, Caribbean and Pacific States) countries and OCTs, currently extended until 30 November 2021.

Its main objective is to reduce and ultimately eradicate poverty. After an internal reorganisation within the Commission, DG INTPA became responsible for the implementation of the EDFs (previously DG DEVCO).

For MFF 2021-2027 development aid to the ACP and the Overseas Countries and Territories (OCT) will be integrated into the Neighbourhood, Development and International Cooperation Instrument (NDICI/Global Europe). However, ongoing projects within the 8th, 9th, 10th and 11th EDFs will not be integrated into the EU general budget, but will continue to be implemented separately and be subject to a separate discharge resolution until their closure.

For 2020, the total value of expenditure subject to audit was almost EUR 4 billion.

According to the findings of the ECA 2020 Annual Report related to the activities funded by the 8th, 9th, 10th and 11th EDFs, the expenditure for the financial year 2020 is materially affected by error and the testing of transactions produced an estimated overall level of error of 3,8% (3,5% in 2019).

The ECA issued an adverse opinion on the legality and regularity of expenditure. The highest estimated level of error, by error type, was due to the absence of essential supporting documents.

The documents are published on the CONT website and of particular relevance for the hearing as regards the 2020 EDF discharge are:

- The ECA's 2020 Annual Report on the activities funded by the 8th, 9th, 10th and 11th EDFs;
- The 2020 Annual Activity Report for DG INTPA;
- The annual accounts of the EDF 2020.

It is proposed that the exchange of views shall proceed as follows:

- Introduction by the Member of the European Court of Auditors, Mr Baudilio Tomé Muguruza who will present the findings of the ECA Annual Report 2020;
- Commissioner Jutta Urpilainen will briefly reply to this introduction and present 2020 main achievements in the area of EDF's cooperation aid;
- CONT Rapporteur Mr Younous Omarjee and other Members will question the Commissioner and/or the Court using the ping-pong system;
- Closing remarks by the CONT Rapporteur.

The European External Action Service (EEAS) is a functionally autonomous body of the European Union, separate from the General Secretariat of the Council and from the Commission. It is treated as an institution for the purposes of the Financial Regulation and therefore subject to the procedure of discharge provided for in Article 319 of the TFEU and in Article 263 of the Financial Regulation.

It is placed under the authority of the High Representative/Vice-President (HRVP) of the Union for Foreign Affairs and Security Policy, Mr Josep Borrell Fontelles, who is invited to the CONT meeting for a discharge hearing with Members on the implementation of EEAS budget and activities during the financial year 2020.

In accordance with the timetable for the discharge procedure, the written questions addressed to the EEAS were sent on 5 November 2021. The answers received from the EEAS were e-mailed to the CONT Members on 22 November 2021 and are available on the [CONT website](#).

The questionnaire mainly deals with the following issues: the budget management and how it has been impacted by the Covid-19 crisis, performance and control activities, the EEAS human resources strategy in the light of pandemic outbreak and the initiatives adopted for business continuity and staff well-being. The written questionnaire has also included references to the update of the EEAS anti-fraud strategy and the ethical framework, the situation of the EU Delegation to UK, the environmental dimension and interinstitutional cooperation.

The documents are available on [CONT website](#), of particular relevance for the hearing as regards the 2020 EEAS discharge are:

CONT/9/07681

Presentation of the special report by ECA reporting Member Ladislav Balko

Rapporteur: [Andrey Novakov](#) (EPP)

Administrator: Ana Maria Nogueira

Cohesion policy's main objective is to strengthen the economic, social and territorial Cohesion by reducing disparities between the level of development of the regions. Making Cohesion policy more performance-based has been a shared objective of the European Parliament, the Council and the Commission since first adopted on the legislative package for the 2014-2020 European Structural and Investment (ESI) Funds in December 2013. In this period,

Cohesion policy was delivered through three of the five ESI Funds: the European Regional Development Fund (ERDF), the European Social Fund (ESF) and the Cohesion Fund (CF).

Under this framework, three instruments gave Member States financial incentives to achieve results, optimise their use of funding, and comply with the EU's policy objectives. As follows 1) 'ex-ante conditionalities' ('EACs', requirements to fulfil specific prerequisites to create an investment-friendly environment from the start of the programmes), 2) mandatory performance reserves (roughly € 20 billion, or 6% of Cohesion spending to be released for priority axes and other programmes), and 3) performance-based funding models (which linked EU financial support to pre-defined outputs/results).

The Court examined whether the before mentioned instruments were well designed to incentivise performance and shift the focus to achieving results when implementing the EU budget. The audit also investigated the effective use of these financial instruments by the Commission and the Member States, as well as if their use made a difference in the way Cohesion funding was allocated and disbursed.

As part of the examination, the Court selected 14 operational programs (OPs) from four Member States (Germany, Italy, Poland and Romania) covering both ERDF/CF and ESF funding under five thematic objectives closely linked to Europe 2020 and eight related action plans for EACs.

The general conclusion was that the Commission and Member States had been only partially successful in using the three instruments to make the financing of Cohesion policy more performance-based.

Based on the findings, the Court recommends the Commission to:

- monitor Member States' fulfilment of enabling conditions for the 2021-2027 period through its representative in the monitoring committee for Cohesion policy programmes, and report to the European Parliament and to the Council on Member States' fulfilment of enabling conditions and its own enforcement activities;
- inform Member States at an early stage about the approach to be applied for the mid-term review, and take any relevant findings of the 2024 evaluation of the Member States' use of the RRF for its 2025 mid-term reviews;
- clarify the rules underlying the 'financing not linked to costs' funding model for Member States;
- clarify the approach for providing assurance and guarantee effective application of the rules governing the internal market on EU funding through the 'financing not linked to costs' model

In its replies to the findings and recommendations, the Commission accepted the recommendations by the ECA and will implement them. The Commission will build on the lessons learned and pay particular attention to the preparation and implementation of the recovery and resilience plans by the Member States as well as to the mid-term review for the 2021-2027 programmes.

The ECA SR will be presented by ECA reporting Member Ladislav Balko.

Special report No 24/2021, "*Performance-based financing in Cohesion policy: worthy ambitions, but obstacles remained in the 2014-2020 period*", is available on the [ECA website](#).

The Chair raised the following two issues:

- The agenda of the CONT meeting on the same day (30 November) had been changed in order to allow the President of ECA to explain his and the Court's views on the article in Liberation from 26 November. It would be correct for the CONT Committee to analyse the allegations based on facts.

- The answers provided by Commissioner Johansson concerning certain NGO's and their non-compliance with rules were not satisfactory. Therefore - and in agreement with the rapporteur for the Commission discharge, Mr Chastel - the Chair would invite the Commissioner for a new meeting on these issues.

The Greens raised the following two issues:

- Members of CONT lacked knowledge about how mechanisms for suspension of funding to Member States worked. The Chair agreed that this issue should be put on the agenda of CONT as a specific item in the near future. The objective should be to allow Members to have more information about such mechanisms.
- Director General of OLAF, Mr Itälä, had during the discussion about problems with guesthouses financed under the structural funds said that he would come back to the Committee with more information at some point. The Chair confirmed that this issue will be put on the agenda when Mr Ittala is ready to present the additional information.
