4. THE OLAF ANNUAL REPORT 2021

CONT/9/09033

Exchange of views with OLAF Director-General, Ville Itälä

CONT Rapporteur: [Gilles Boyer](#) (Renew)

Administrator: Diego Rasetti

2021 was a crucial year for Europe to start recovering in the aftermath of the pandemic: the OLAF Report offers information on its actions to detect, prevent and investigate fraud and irregularities in prejudice of the Union's financial interests against a background still marked by the consequences of the Covid-19.

In 2021 the European Commission has started to make the first payments from the Recovery and Resilience Facility and OLAF has contributed to the setting of fraud-proofed systems in the Member States, to prevent fraud against these multi-billion resources. In this same year, the European Public Prosecutor has become operational, and OLAF has launched intensive cooperation with this new partner.

The Report presents figure on OLAF's investigative performance and illustrates the detected trends in anti-fraud investigations. It has a special focus is on fraud schemes affecting the environment (illicit trade in environmentally damaging goods such as waste and hazardous gases) and on the worrying indications of the infiltration in many legitimate economic activities of organised criminal groups, seeking to detour resources aiming at financing green and digitalisation projects. OLAF explains that increasingly adaptable fraudsters have intensively attacked the Union's resources via double funding, manipulation of tenders and other means, making use of shell companies established in many jurisdictions, including outside EU. Overall, in 2021, the European Anti-Fraud Office (OLAF) recommended over half a billion euro to be recovered to the EU budget.

The debate, inspired by the observations contained in the OLAF Report, ideally aims at feeding the wider analysis of the new anti-fraud architecture of which OLAF is one of the pillars. Starting from this year's Exchange of Views, the analysis of OLAF Report will be complemented by the drafting of a Working Document which will consolidate the outcome of the debate and will contribute to offer terms of reference for the future discussions on the relevant topics.

Wednesday 15 June 2022, 10:00 – 11:00

5. THE OLAF SUPERVISORY COMMITTEE ANNUAL ACTIVITY REPORT 2020

CONT/9/09034

change of views with the Chairman of the Supervisory Committee, Jan Mulder and Members of the Supervisory Committee

CONT Rapporteur: [Gilles Boyer](#) (Renew)

Administrator: Diego Rasetti

The Chair of the Supervisory Committee will present the activities carried out in 2021 pursuing the mission to monitor OLAF investigative activity and to provide opinions, recommendations and observations to assist the Director-General in the discharge of his responsibilities. The Supervisory Committee was established to reinforce and guarantee OLAF's independence and its analyses encompass the resources needed to carry out the investigative function of the Office, the investigative priorities of the Office and on the duration of investigations.

The Supervisory Committee's activities carried out in 2021 have not yet fully benefitted from the amended OLAF Regulation [Regulation (EU, Euratom) 2020/2223 of the European Parliament and of the Council of 23 December 2020 amending Regulation (EU, Euratom) No 883/2013] that has strengthened the Committee's right to access all information and documents it considers necessary for the performance of its tasks. On the basis of the new provisions, a new Working Arrangements has been signed with OLAF in 2021, providing the Committee and its Secretariat with a partial direct access to OLAF's case management system.

However, the Report explains that a common spirit of mutual trust and sincere cooperation governs the relationship between OLAF and its Supervisory Committee, whose mandate has come to an end in 2021. In fact, five new Members have been appointed, and two of them have already taken up their duties in 2022.

For the first time this year this item foresees a Rapporteur. The relevant outcome of the debate will be integrated in the Working Document on OLAF activities, drafted with a view to contribute to provide some terms of reference for the future discussions on the relevant topics.

Wednesday 15 June 2022, 11:00 - 12:00

6. STUDY ON COVID-19 IMPACT ON EU PUBLIC ADMINISTRATION

the institutions.

The pandemic had a deeply impact on the functioning of EU institutions in terms of daily administrative routine and institutional decision-making, it led to changes in voting and in other procedures and imposed a new formal and informal inter-institutional dialogue. EU institutions reacted quickly, by adopting multiple solutions, and this study analyses the COVID-19 response across several fields, including business continuity, inter-institutional cooperation, public procurement, staff health, staff productivity and satisfaction. Consideration is of course given also to the impact of COVID-19 on the budget implementation of

The analysis covers seven European institutions: the European Parliament (EP), the European Commission (EC), the European Court of Justice (CJEU), the European Court of Auditors (ECA), the European Committee of

the Regions (CoR), the European Economic and Social Committee (EESC) and the European External Action Service (EEAS). In spite of the attempt made, the Council has not been included by the contractor due to a lack of information.

The extensive analysis and consultations has provided the ground for drawing lessons learned and recommendations for the short, medium and long term. The conclusions should contribute to capitalise on the experience gained during the COVID-19 pandemic crisis and through the use of new technological tools, strategies and working patterns over the past two years.

Rapporteur:

Lena Dupont (PPE)

The existing legal framework on the exchange of information between law enforcement authorities of Member States (the Convention Implementing the Schengen Agreement and Framework Decision 2006/960/JHA) should be updated and replaced, so as to facilitate and ensure, through the establishment of clear and harmonised rules, the adequate and rapid exchange of information between the competent law enforcement authorities of different Member States. The proposed Directive establishes rules for the exchange of information between the law enforcement authorities of the Member States where necessary for the purpose of preventing, detecting or investigating criminal offences. Information exchange will ensure police officers make relevant information available to their counterparts in other Member States.

In its draft opinion, the rapporteur focuses on enhancing the role of Union bodies, offices and agencies, in particular the European Anti-Fraud Office (OLAF), the European Union Agency for Law Enforcement Cooperation (Europol), the European Union Agency for Criminal Justice Cooperation (Eurojust) and the European Public Prosecutor's Office (EPPO). The rapporteur also introduces explicit references to the protection of the financial interests of the European Union, the improvement of the data collection for comparable and actionable statistics in this area, and the acceleration in the implementation of the Secure Information Exchange Network Application (SIENA).

8. WORKSHOP ON EU CUSTOMS CONTROL MECHANISMS AND THEIR POSSIBLE

IMPROVEMENT

CONT/9/09106

Workshop

Rapporteurs: [Thomáš Zdechovský](#) (PPE) and [Katalin Cseh](#) (Renew)

Administrator: Marius Cobianu

The workshop brings together experts and policy makers to discuss challenges related to customs control mechanisms, especially what regards collection of customs duties (one of the traditional own resources of the EU budget). The event was

requested by the CONT committee following the persistence of so called undervaluation fraud cases, but the idea is to analyse control mechanisms in the broader context of reforming the customs union. Members should learn about the challenges and difficulties in customs control, the weaknesses of the system that allow for such fiscal fraud, but also about what is being done by both EU and national level, how national authorities can learn from each other and cooperate to make controls and their follow up more effective.

The workshop gathers experts from EU institutions (European Commission, OLAF and the European Court of Auditors), as well as from academia (bringing evidence about undervaluation fraud and Member States' control practices), but also practitioners (network of customs authorities and the business community). A background note on customs control mechanisms and customs fraud has been prepared by the Policy Department for Budgetary Affairs to facilitate preparation for the debate.

11. PARTIAL RENEWAL OF ECA MEMBER - NL NOMINATION

CONT/9/08854

2022/0805(NLE)

Hearing of Mr Stephanus Abraham Block, candidate nominated by Netherlands

Rapporteur:

[Markus Pieper](#) (EPP)

Administrator:

Kaare Barslev

Shadows rapporteurs: [Claudiu Manda](#) (S&D), [Gilles Boyer](#) (Renew), [Joachim Kuhs](#) (ID),

The Members of the European Court of Auditors are appointed for a term of six years. In accordance with Article 286(2) of the TFEU, the Council, after consulting the European Parliament, shall adopt the list of Members drawn up in accordance with the proposals made by each Member State.

Appointments to the ECA are submitted to Parliament's plenary on the basis of a report from the CONT Committee, which takes into account the primary law requirement of Article 286(1) of the TFEU: "the Members of the Court of Auditors shall be chosen from among persons who belong or have belonged in their respective States to external audit bodies or who are especially qualified for this office. Their independence must be beyond doubt.", as well as other considerations.

In Parliament, the procedure is defined in Rule 129 of the Rules of Procedure. According to Rule 129 (1), "candidates nominated as Members of the Court of Auditors shall be invited to make a statement before the committee responsible and to answer questions put by members. The committee shall vote on each nomination separately by secret ballot."

In preparation for the hearing, the candidate has been asked to answer the questionnaire prepared by the CONT Committee.

The hearing will be structured as follows:

- * Opening of the hearing by the Chair;
- * The candidate will be invited to make an opening statement (8 minutes);
- * The CONT Rapporteur and shadow-rapporteurs will put questions to the candidate using the ping-pong system;
- * Other members will question the candidate (catch-the-eye if time permits);
- * Concluding remarks by the Chair.

After the hearing, the Committee will hold an evaluation *in camera* and then proceed to vote on the appointment.

The Committee will be voting by a secret electronic vote. Members will indicate whether they give a favourable opinion, a negative opinion or abstain.

The format of opinions on candidates for membership of the Court of Auditors is defined in Parliament's resolution of 4 February 2014, which implies that amendments cannot be tabled for the report.

The draft report will be finalised, according to the outcome of the evaluation and the vote in Committee. The candidate's CV and the answers to CONT questionnaire are annexed to the report.

The report for plenary will state that Parliament delivers either a favourable or a negative opinion on the appointment of the candidate.

The draft report is available on the [CONT website](#).

13. PUBLIC HEARING ON THE ROLE OF INVESTIGATIVE JOURNALISM TO UNCOVER FRAUD AND CORRUPTION IN EUROPE

CONT/9/09107

Public hearing

Administrator Fernando Gallego Osuna

The Committee on Budgetary Control will host a public hearing on the role of investigative journalism to uncover fraud and corruption in Europe on 16 June 2022 in Brussels. Investigative journalists are often the first ones who point out fraud and corruption. Discussion about free media is especially important for Central Europe, where the level of media freedom is quickly decreasing in the last years. The aim of the hearing in CONT is to get a better understanding of the role of investigative journalism in these dynamics.

The public hearing will be composed of two panels of journalists from media such as Welt (Germany), Recorder (Romania) or Direkt36 (Hungary), and representatives of associations working in this field, such as Reporters without Borders or the Organized Crime and Corruption Reporting Project (OCCRP). Some of the topics to be covered range from the lack of Transparency at the EU Recovery and Resilience Fund to investigations into the fraudulent public water systems financed by the European Union.
