Items for decision

1. Screening of ECA reports

Report	Title	Date of publication	Pol.group	Secretariat's/Chair's proposal
SR 22/2022	EU support to coal regions	Scheduled for the second week of November	EPP	Presentation in CONT with invitation to Members of BUDG, REGI, ENVI, EMPL

Decision:

Coordinators approved the proposal from the Secretariat/the Chair.

2. Conflict of interest for Members of the OLAF Supervisory Committee

On 1 August 2022, the CONT Secretariat was informed by the OLAF Supervisory Committee (SC) Secretariat that the Legal Service of the Commission had confirmed the risk of a conflict of interest (CoI) situation affecting one of the newly appointed Members of the Supervisory Committee. The Commission Legal Service had suggested to handle the CoI with a number of measures that were hardly enforceable by the Secretariat of the OLAF Supervisory Committee, hence the latter was exploring the application of Article 15(5) Reg. 883/2013 providing for an intervention by the three Institutions to relieve the SC member who had ceased to fulfil the conditions governing the performance of his duties. The member has however been selected in full compliance with all criteria of the call for interest. Before the matter could be discussed, the member resigned on 12 August 2022. Mr. Thierry CRETIN was automatically appointed, in substitution, as first in order of preference in the reserve list.

Decision:

Coordinators discussed the situation leading to the resignation of a recently appointed member of the OLAF Supervisory Committee and agreed that it was unfortunate that CONT had not been involved in the process. It was highlighted that the member had fulfilled all requirements to be validly appointed and that his professional activities did not conflict with his appointment. Coordinators tasked the Chair to convey to the OLAF Supervisory Committee their discontent that the way of proceeding seems to indicate that nobody active in private practice would be considered eligible to the OLAF Supervisory Committee.

3. Vote on PIF and EIB reports on Monday 5 December

According to the CCC guidelines, Committee votes should not be scheduled on Mondays and Fridays, except in case of urgency subject to a decision by the respective committee Chair.

Because there is very limited Committee meeting slots during fall and in order to ensure a smooth and timely handling of the PIF and EIB INI reports, the Secretariat would like to propose to hold the votes on the draft INI reports relating to PIF and the EIB on Monday 5 December in the afternoon.

Decision:

Coordinators decided that the votes on the EIB and the PIF INI reports can be held on Monday 5 December 2022 in the afternoon.

4. Prolongation of delegation to the Chair to decide on remote Coordinator's meetings**Decision:**

Coordinators approved that the delegation to the Chair to decide to hold Coordinators meetings in a hybrid format is prolonged until the end of April 2023.

Items for information**5. State of play of appointments on CONT files**

- [Work in progress document](#)
- [Overview of the points](#)

6. Documents received for information**7. Any other business**

- Mission to Spain to be advanced:** The Chair proposed to move the mission to Spain forward from 3-5 April to 9-11 January 2023 in order to ensure that the results of the mission can be as useful as possible in the Commission discharge and at the same time ensure that the mission takes place well in advance of the upcoming elections in Spain and not during the "Semana Santa" where interlocutors will be difficult to find. Coordinators agreed to the proposal.
- Procedure for the closure of accounts of FRONTEX:** The Chair explained why there needs to be a vote on the closure of accounts for Frontex. This is required by Annex V, Article 5, paragraph 2, lit b) of the Rules of procedure. This vote will take place on 8 November. Coordinators agreed to submit the closure of the accounts directly to the vote.
- Explanation for the postponement of the ARACHNE hearing:** The Chair explained that the ARACHNE hearing had to be postponed from 24 October to 5 December because that Commission had sent out a questionnaire that overlapped with the questionnaire from CONT and Member States were initially informed that it would be sufficient to reply only to the Commission's questionnaire. Meanwhile, Member States have been informed that both questionnaires are complementary and that they should also reply to the EP questionnaire. Coordinators took note of the reason for the postponement.
- Authorisation of mission orders for APAs for the eo. CONT meeting in Luxembourg:** The Chair explained that the Secretariat had just been informed that DG PERS did not authorise all mission orders to APAs for their participation in the extraordinary CONT meeting in Luxembourg on 27 October. The Secretariat worked on finding a solution as quickly as possible. The issue had been resolved

by a positive reply on 26 October.

Not only the European Commission, but all EU institutions, and the Parliament itself (besides other agencies, bodies and joint undertakings) go under the process of parliamentary scrutiny of the implementation of the budget. The European Institutions enjoy administrative autonomy according to Articles 316 and 335 of the TFEU and they are individually responsible for the implementation of their budgets according to Article 59 of the Financial Regulation. Parliament's Budgetary Control Committee takes a decision on discharge to other institutions and bodies on the basis of Rule 100 of Parliament's Rules of procedure.

The aim is to ensure compliance with the relevant legal and regulatory framework requirements, and verify its use in accordance to the principle of sound financial management, namely with the principles of "economy", "efficiency" and "effectiveness".

This year, additionally to the usual Institutions, also the European Public Prosecutor's Office is integrated in this discharge procedure.

In the framework of the annual procedure, questions related to the 2021 discharge were suggested by CONT Members. The Rapporteur submitted the full set of questions to each concerned Institution. The Q&A catalogue was forwarded to CONT Members on 13 October and is available on the [CONT website](#).

The questionnaires are focused on performance, internal controls, accountability and ethics, on human resources and working conditions, resources and procurement, with attention paid to digitalization and environment sustainability. Because the current discharge concerns the year 2021, a specific focus is given, also this year, to the Covid-19 crisis related measures.

The ECA Member will inform the Committee about the Court's findings on a budget that is mostly administrative and, as such, estimated at low risk.

Besides the ECA Annual Report, the following documents are of particular relevance for the hearing on the 2021 discharge:

- The 2021 Annual Reports of the different Other Institutions,
- The related Annual Accounts, and
- The Q&A catalogue.

All the relevant documents can be found on the [CONT website](#).

The Recovery and Resilience Facility was established on 19 February 2021. Well before its establishment, the Commission was working on the preparations for the implementation. This allowed the Facility a flying start, with the disbursement of EUR 56,6 billion in pre-financing and a first performance based payment of EUR 10 billion in 2021.

Within the Commission DG ECFIN (as authorising officer) and the Recovery and Resilience Task Force (SG RECOVER) oversee the implementation of the Facility.

Both departments describe in their respective Annual Activity Reports in detail the work they have done for the implementation of the Facility.

ECFIN and SG RECOVER.

This hearing presents the Members of the CONT Committee with the opportunity to hear first-hand, at a technical level, how the implementation of the Facility progressed in 2021. Given the that the Facility is implemented through of a performance based approach, with limited responsibility for the Commission on compliance with EU rules (such as state aid and procurement rules), it will be interesting to hear what the considerations are on how this has been reflected in the accountability documents of both DG

Mariusz Pomienski, Director of Chamber V of the European Court of Auditors will represent ECA at this hearing

The Secretariat-General of the European Commission is one of the central services of the European Commission, it facilitates its smooth and effective functioning and provides strategic direction.

It is the President's department, at the service of the President, the College and the other Commission departments. It manages the collegial decision-making process and ensures the alignment of EU policies with the political priorities of the Commission. In agreement with the President, the Secretariat-General provides support to the Vice-Presidents in the performance of their role.

The Secretariat-General is at the heart of the Commission's corporate governance structure, chairing and organising meetings of the Corporate Management Board as well as several other specialised boards and groups, including the Information Technology and Cybersecurity Board, the Information Management Steering Board and the Group of Resource Directors. Additionally, one of the three Deputy Secretaries-General holds the role of the Commission's Chief Operating Officer.

The discharge hearing will be based on information provided in public documents, such as

- the Court of Auditors' 2021 Annual Report,
- the Commission's Integrated Financial and Reporting package, and
- the 2021 Annual Activity Report of the Secretariat General of the Commission.

In accordance with the timetable for the discharge procedure, the written questions for this meeting were sent to the Commission on 7 October 2022. The Commission's answers were received on 19 October 2022 and forwarded to the CONT Members by the CONT secretariat.

It is proposed that the hearing with the Commission Secretary General Juhansone proceeds as follows:

- Introduction by the reporting Member of the European Court of Auditors, Marek Opiola, who will present the findings of the respective chapters of the Annual Report 2021
- The Commission Secretary-General, Ms Juhansone will reply to this introduction;
- CONT Rapporteur and shadow rapporteurs will put questions to the Commissioner and the ECA followed by answers (the ping-pong system);
- Other Members will question the Commissioner and/or the ECA;
- Closing remarks by the ECA Member and the CONT Rapporteur.

The Court of Auditors concluded that, given the complexity of the process and time constraints, the Commission had performed an appropriate assessment. However, given the considerable amounts of financial support involved, and the fact that the Facility follows an entirely new implementation method, the

question remains whether the shortcomings identified by the Court can be sufficiently addressed.

In this special report the Court examines the assessment of the Commission of a sample of six national recovery and resilience plans (RRPs). These RRP detail the measures the Member States are taking to achieve the objectives of the Facility, and define milestones and targets that will be used to measure progress on the objectives. In addition, when milestones and targets have been fulfilled, the Member State can submit a payment request to receive the financial contribution agreed in the payment profile for that Member State.

The Rapporteur has prepared a Working Document, summarising the findings and recommendations of the Court and providing recommendations to the Commission that reflect the Rapporteurs view on the observations of the Court. The working document is available on the CONT Website.

First Vice-President Dombrovskis and Commissioner Gentiloni are jointly responsible for the implementation of the Recovery and Resilience Facility (the Facility). In this hearing the Members of the CONT Committee will examine their role in the implementation of the Facility, both as regards compliance with rules and regulations, based on the Annual Report 2021 of the European Court of Auditors, and on performance. As regards the Performance of the RRF, the Commission provides information on the [RRF scoreboard](#), and also the [Review Report](#) and the [Annual Implementation Report](#) are relevant.

The year 2021 is the first year that the Facility is examined in the discharge procedure. The Facility was set-up under Article 122 of the Treaty on the Functioning of the European Union. This meant that the Parliament had no formal say in the set-up and implementation of the Facility. The Parliament is however fully competent to assess the implementation of the Facility in its annual discharge procedure.

First Vice-President Dombrovskis and Commissioner Gentiloni will present the state of play of the implementation of the Facility, and will also react on the findings of the Court of Auditors on the first disbursement made under the Facility, with a value of EUR 10 billion (and EUR 1,5 billion in cleared pre-financing) to Spain. The Members will question both Commissioners on issues related to compliance, and, more important for the Facility, related to performance.
