## **5. Public Hearing on Personnel and other resources at EU Agencies, Bodies and Joint Undertakings**

The joint BUDG-CONT hearing on "*personnel and other resources at EU Agencies, Bodies and Joint Undertakings*" will take place in a CONT meeting on 27 June from 15.00 to 17.00.

### **Decision:**

Coordinators approved that the incoming BE Presidency is invited to a meeting in CONT early in 2024 to present their Presidency programme.

## **7. Next BUDG-CONT-FEMM meeting on gender budgeting issues**

As agreed under the Gender mainstreaming roadmap, once per year the BUDG, CONT and FEMM Committees, the Gender Mainstreaming Network, and the High-Level Group, should meet in order to take stock of thematic progress on gender mainstreaming in the budget and discuss ways forward on this matter. For the last two years, Commissioner Hahn has been invited to these meetings, first (2021) to explain the Commission's plans regarding the gender tracking methodology for the EU budget, and the next year (2022) to present the gender tracking methodology.

This year, the BUDG Secretariat proposed that the meeting is informed by a briefing prepared by the Policy Department on Budgetary Affairs on national parliaments' practices regarding gender budgeting, and to invite the following actors:

- The UN or UN Women, to explain how they supervise gender budgeting at international level and testify whether the EU budget has been feeding their actions;
- The OECD: to present best practices from their network of officials working on gender budgeting;
- EIGE or the Commission (DG BUDG): since they supervise gender budgeting and designed the gender tracking methodology for the EU budget.

**Decision:**

Coordinators approved the meeting and to invite the above-listed organisations (including practitioners) to an upcoming meeting (which still needs to be planned, in agreement with the BUDG and FEMM Committee).

### **Adoption of draft report**

Following the presentation for consideration in the CONT Committee, on 25 April 2023, 96 amendments have been tabled to the draft text of the own-initiative report.

The proposed amendments encompass many aspects of the EIB's business model, and refer to the EIB as a major actor in fostering the digitalisation and greening of the EU economy. Some amendments underline the role of the EIB in specific initiatives, such as the Pan-European Guarantee Fund (EGF), and the importance of the support that the Group provides to small and medium-sized enterprises (SMEs).

Some amendments draw attention to data and figures only recently made available by the EIB, following the Rapporteur's requests, on the EIB's overall performance levels, on the complaint mechanism and on activities carried out by the Inspectorate General. Further amendments have been inspired by the recent publication (on 8 May 2023) of the EIB Group Financial Report 2022 and (on 25 April 2023) of the Annual Activity Report of the EIF Audit Board for the 2022 financial year.

Some amendments call on the Bank to strive for levels of excellence as provider of advice and support to the regional and local implementing authorities in the framework of technical assistance actions and advisory services. The amendments presented acknowledge the EIB's strategic role in overcoming the challenges brought in by the technical complexity of the different set of rules for the Multiannual Financial Framework and for the Recovery and Resilience Facility.

Some of the tabled amendments also tackle the implementation of the EIB's transparency policy, the disclosure of information related to environmental projects financed either directly or through intermediaries, the geographical distribution of the EIB financial support and the importance of human rights, inclusiveness and sustainability.

Following the debate between Shadows and Rapporteur, additional content has been added to the comprehensive analysis of the EIB activities carried out in 2022, and 13 compromise amendments -covering 28 amendments- are proposed for voting. Last but not least, also the activities carried out by EIB Global, operational as per 1 January 2022, have been considered on the basis of the Opinion in form of a letter adopted on 23 May 2023 by the DEVE Committee..

The INI Report is scheduled for voting at the July Plenary.

## **5. PUBLIC HEARING ON THE APPLICATION OF THE RULES ON CONFLICTS OF INTERESTS IN THE MANAGEMENT OF EU FUNDS IN THE MEMBER STATES**

CONT/9/11648

Administrator: Christelle Courtade

- See separate draft agenda

In accordance with Article 61 of the [Financial Regulation applicable to the general budget of the Union](#), “a conflict of interests exists where the impartiality and objective exercise of the functions of a financial actor or other person (...) is compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other direct or indirect personal interest”. In 2021, the European Commission issued a [guidance](#) on the avoidance and management of conflicts of interests under the Financial Regulation, to help financial actors implement those rules in practice.

Two years later, what are the experiences of Member States in avoiding and managing conflicts of interests based on EU financial rules? The CONT Committee will hear the views from regional managing authorities, from the Romanian National integrity Agency and from the European Commission and discuss lessons learned linked to the application of the rules on conflicts of interests in relation to the management of EU funds in the Member States.

**Presentation of the report by ECA reporting Member [Pietro Russo](#)**

Rapporteur: [Maria Grapini](#) (S&D)  
Administrator: Susana Delmas Costa

Shadow rapporteur: **Michal Wiezik**

In 2018, a revision of Article 61 of the Financial Regulation explicitly extended conflict of interest prevention to Member States' authorities at any level (regardless of their internal governance arrangements) as well as to any person or entity implementing EU funds under shared management.

In this Special Report the Court of auditors assessed whether conflicts of interest are adequately addressed in the common agricultural policy and cohesion policy, in the light of the above mentioned revised legislation.

The ECA's overall conclusion is that although there is a framework in place to prevent and manage conflicts of interest in EU spending, there are loopholes in promoting transparency and in detecting situations at risk.

Such situations refer mainly to: non mandatory self-declarations in the countries they examined for members of government involved in making decisions about EU programmes and allocating related funding, even though regulations have explicitly required this since 2018; insufficient attention to certain red flags; measures for whistleblowers not yet in place; lack of publicly available information about the scale of conflicts of interest in shared management of EU spending, and no indicators measuring the frequency or magnitude of the issue.

The Commission has accepted all the recommendations proposed by the Court.

## 7. PARTIAL RENEWAL OF MEMBERS OF THE COURT OF AUDITORS - HU NOMINEE

CONT/9/11756 [2023/0803\(NLE\)](#) PR – PE746.908v01-00

**Appointment of Ildikó Gáll-Pelcz, candidate nominated for re-appointment by Hungary**

**Adoption of draft report**

Rapporteur:  
Administrator:

Ryszard Czarnecki (ECR)  
Kaare Barslev

The Members of the European Court of Auditors are appointed for a term of six years. The mandate is renewable. In accordance with Article 286(2) of the TFEU the Council, after consulting the European Parliament shall adopt the list of Members drawn up in accordance with the proposals made by each Member State.

Appointments to the ECA are submitted to Parliament's plenary on the basis of a report from CONT. The report takes into account the requirement of Article 286(1) of the TFEU: "*The Members of the Court of Auditors shall be chosen from among persons who belong or have belonged in their respective States to external audit bodies or who are especially qualified for this office. Their independence must be beyond doubt.*", as well as other considerations.

In Parliament, the procedure is defined in Rule 129 RoP. According to Rule 129 (1), "*candidates nominated as Members of the Court of Auditors shall be invited to make a statement before the committee responsible and to answer questions put by members. The committee shall vote on each nomination separately by secret ballot.*"

Ms Ildikó Gáll-Pelcz is a member of the European Court of Auditors since 2017. In preparation for the hearing, the candidate has been asked to answer a questionnaire prepared by CONT.

The hearing is structured as follows:

- Opening of the hearing by the Chair;
- The candidate will give an opening statement (maximum of 8 minutes);
- The CONT Rapporteur and shadow-rapporteurs will put questions to the candidate using the ping-pong system;

- Other Members will question the candidate (catch-the-eye if time permits);
- Concluding remarks by the Chair.

After the hearing, the committee will hold an evaluation of the candidate, if required (*in-camera*) and then proceed to vote on the appointment by secret ballot.

The format of reports on candidates for membership of the Court of Auditors is defined in Parliament's resolution of 4 February 2014, which implies that amendments cannot be tabled for this report.

The draft report will be finalised, according to the outcome of the evaluation and the vote in committee. The candidate's CV and the answers to the questionnaire are annexed to the report.

The report for plenary will state that Parliament delivers either a favourable or a negative opinion on the appointment of the candidate. The vote in Plenary is planned for May II (31 May - 1 June). The draft report is available on the [CONT website](#).

Based on a Commission proposal for budget protection measures under the Rule of Law Conditionality Regulation of 18 September 2022, the Council adopted an implementing decision on measures for the protection of the Union budget against breaches of the principles of the rule of law in Hungary on 15 December 2022.

The decision has suspended 55% (corresponding to 6.3 bn. EUR) of the budgetary commitments under three operational programmes in Cohesion Policy, and prohibited the Commission to enter into legal commitments with public interest trusts, or any entity maintained by such public interest trusts, for programmes implemented in direct and indirect management. Pursuant to Article 3 of this Council decision, Hungary has to inform the Commission by 16 March 2023, and every three months thereafter, on the implementation of the remedial measures to which it committed to address the findings of the Commission's notification sent on 27 April 2022.

The Committees on Budgets and on Budgetary control have invited Johannes Hahn, Commissioner for Budget and Administration, to a joint meeting to update and exchange views with Members about the implementation of the Rule of Law Conditionality Regulation, as required by this Regulation. Members of both committees are particularly interested to hear about the steps taken by Hungary with regard to its remedial measures since the adoption of the Council decision of 15 December 2022 as well as about other relevant developments with regard to the application of the Rule of Law Conditionality Regulation.

## 11. EXCHANGE OF VIEWS WITH THE PARLIAMENTARY COMMITTEES ON BUDGET AND ON ANTI-CORRUPTION POLICIES OF THE UKRAINIAN PARLIAMENT VERKHOVNA RADA

Rapporteur: [Monika Hohlmeier](#) (EPP)

Administrators: Giulia Bastianello and Kaare Barslev

The CONT Committee decided to organise a first meeting with sister committees from the Ukrainian Verkhovna Rada, namely with the Committee on Budget and the Committee on Anti-Corruption policy.

The meeting between the Chairs of the committees of the European Parliament with their counterparts of the Verkhovna Rada on 12 April 2023 was the starting point of a closer cooperation between the European Parliament and the Verkhovna Rada. Building a closer cooperation between the two parliaments will undoubtedly be an important element in Ukraine's journey from candidate status to become a full-fledged member of the European Union.

Ukraine has had and still has a major problem with corruption, fraud and lack of control with public spending. Fighting corruption and developing high standards of budgetary control and accountability will be a key element of transformation of Ukraine towards European standards.

The purpose of the meeting is to establish a cooperation between the committees in line with the Memorandum of Understanding signed by the European Parliament and the Verkhovna Rada. The Committee on Budget and the Committee on Anti-Corruption policy will be represented by their Chairs and further high-level representatives participating remotely. Members of both sides should provide a first overview of the work and role of each respective committee. There could also be an introductory discussion on the EU financial support to Ukraine and how this support is being controlled on both sides.

By e-mail of 11 May, the Policy Department has sent exhaustive briefings with background information to all CONT Members.

## 12. STUDY ON "THE USE OF CONTRACT AGENTS IN DECENTRALISED EU AGENCIES"

CONT/9/11870

Rapporteur:  
(EPP)  
Administrator:  
(Policy Department D)

### Presentation by Policy Department D

Over recent decades, the regulating or supporting activities of decentralised EU Agencies have become essential for implementing EU policies. Their number has grown accordingly, currently reaching 35 decentralised EU Agencies with separate budgets, collectively employing over 11.000 people.

In 2014, the EU Agencies too were subject to a 5% staff cut. This impacted the general workforce composition at the Agencies, with many organisations compensating for staffing gaps by employing more Contract Agents, both in absolute terms and as a proportion of the total workforce. Over time, across all decentralised EU Agencies, function groups III and IV have become the most common types of Contract Agents, with staff performing administrative, accounting, or technical tasks. Today, Contract Agents seem to be mostly considered part of the structural workforce, while constituting a separate staff category.

In recent years, feedback from various agencies has hinted at difficulties recruiting and retaining a sufficient number of qualified contract agents, owing to general administrative restrictions on recruiting, local disadvantages of location or salary levels, or a combination of factors.

The study, commissioned by the CONT co-ordinators and carried out by Deloitte, examines various aspects related to the management of Contract Agents in seven decentralised Agencies of the European Union: ECHA, EEA, EIGE, ENISA, ESMA, Eurofound and Europol. It evaluates the evolution of Contract Agents as part of the workforce and presents findings on processes related to personnel budgeting, recruitment and retention, salary and remuneration, and advancement prospects for contract staff.
