to the Commission

Subject: Transposition of the evacuation directive 89/618/Euratom

1. Council Directive 89/618/Euratom<sup>1</sup> of 27 November 1989 on informing the general public about health protection measures to be applied and steps to be taken in the event of a radiological emergency has apparently not yet been transposed into national law in Denmark, Germany, Greece, France or Austria. Is this true, and is the Commission aware of this situation?
2. What action does the Commission intend to take, especially in present circumstances?
