by Alexandros Alavanos (GUE/NGL)
to the Commission

Subject: National immigration plans

In its endeavour to implement the decisions taken at the Council meeting in Tampere in 1999 concerning 'a common asylum and migration policy', the Commission requested the Member States to draw up and submit national migration plans.

1. Have the Member States submitted their national migration plans?
2. Has the Greek Government submitted the Greek migration plan? If so, does the Commission have any comments to make in that respect?
