to the Council

Subject: Timber procurement for Council building projects

Could the Council please clarify in respect of the following building projects:

- extension of the Justu Lipsius II building,
 - construction of the Lex 2000 building,
 - renovation of the Residence Palace
1. what timbers are being used,
 2. from which countries and by which timber companies have these timbers been supplied, and
 3. what evidence has been received to confirm that all timber used comes from legal and sustainable sources?
