

WRITTEN QUESTION E-3133/05
by Marie-Line Reynaud (PSE)
to the Council

Subject: Taxation - independent Community resources - redistribution

What action does the Council intend to take to ensure that Europe has the independent fiscal resources required to collect sufficient public funds with a view to bringing about genuine territorial redistribution and contributing much more effectively than at present to the steady provision of infrastructure vital to development (waste water treatment, rehabilitation of polluted sites in Central and Eastern Europe, recycling of domestic refuse, roads and motorways, upgrading of railway tracks, etc.)?
