

WRITTEN QUESTION E-0368/06  
by Paweł Piskorski (PPE-DE)  
to the Council

Subject: Situation in Iran

I am following reports on the actions of the Iranian authorities with great alarm. The call to 'wipe Israel off the map' and the violation of all basic human rights cannot go unanswered.

Does the Council have any thoughts on how to find a peaceful solution to this tense situation and to curb Iran's nuclear aspirations?
