

WRITTEN QUESTION E-6234/08
by Neil Parish (PPE-DE)
to the Commission

Subject: Mycotoxins

Some crop diseases produce mycotoxins which can be harmful to humans if not properly controlled. Can the Commission therefore confirm what is the effect of the proposed Regulation of the European Parliament and of the Council concerning the placing of plant protection products on the market (COM(2006)0388, Replacement of Council Directive 91/414/EEC¹) on crop diseases which are also known to impact human health?
