

WRITTEN QUESTION E-0760/09  
by Ewa Tomaszewska (UEN)  
to the Commission

Subject: European year to celebrate prominent personalities and events in European culture

Does the Commission intend to take into account paragraph 47 of the European Parliament resolution (P6\_TA(2008)0124) on a European agenda for culture in a globalising world, which recommends that in the interests of promoting European cultural values it should start regularly organising and supporting a European Year commemorating a significant European personality, artistic activity or cultural event? Or has it decided to ignore that recommendation?
