

WRITTEN QUESTION E-1573/09  
by Chris Davies (ALDE)  
to the Commission

Subject: Cross-border movements of CO<sub>2</sub>

Is the Commission satisfied that there are no legal obstacles that might prevent the cross border transfer within the EU of CO<sub>2</sub> intended for permanent underground storage or use in enhanced oil and gas recovery operations?

If this is not the case, what steps is the Commission taking to lift such obstacles?
