

WRITTEN QUESTION E-1656/09  
by Gary Titley (PSE)  
to the Commission

Subject: Transparency of DG Regional Policy's Coordination Committee of the Funds

DG Regional Policy's Coordination Committee of the Funds (COCOF), which was created under the General Regulation on the Structural Funds, considers a number of important documents but these documents are never published, apart from the agenda and minutes of the meeting.

Why aren't they published?

Would the Commission consider making these documents available on an easily accessible website, such as the Info Regio website, once they have been agreed?

Can this information be published in a timely fashion?

Can agendas be placed on the website before meetings?

Can the summary report and relevant documents that have been agreed upon be published after the meeting? Can this be done within 14 days of the meeting?
