

EN  
E-011339/2011  
Answer given by Mr Oettinger  
on behalf of the Commission  
(19.1.2012)

The Commission has no intention to propose the abolition of the Third Party Access (TPA) Principle. The obligation of transmission and distribution system operators to grant third party access to electricity and gas infrastructures based on published non discriminatory tariffs is indeed a fundamental principle of the Third Energy Package.
