Subject: EU-US trade statistics

Would the Commission please provide the following statistics:

1. the average tariff levied by the EU on goods imported from the US;
2. the annual income provided by these tariffs to Member States in the years 2010, 2011 and 2012, and how much of this was passed to the EU budget in each of those years;
3. the expected loss of tariff income from reducing to 0 % almost all tariffs on US goods with exception of the most sensitive.
