to the Commission**
Rule 117
Fabrizio Bertot (PPE)

Subject: State of play with regard to action taken on asbestos

With reference to the measures intended to tackle the consequences of asbestos use:

- What measures, both financial and otherwise, has the Commission supported in the past in order to facilitate activities aimed at the disposal of asbestos and the prevention of related risks for the local population?
- What steps has it taken for the training of operators in the construction sector and the structures set up to deal with asbestos-related problems and, should this subject not have been tackled, how does it intend to proceed in this regard?
- What is the latest European legislation concerning asbestos?
