

**Question for written answer E-001457/2014
to the Council**
Rule 117
David Casa (PPE)

Subject: Unrest in Bosnia

The current civil unrest is said to be the worst ever in post-war Bosnia¹.

Even after the end of the war in 1995, the EU always kept a close eye on Bosnia. The EU also maintained a presence in the region through the CFSP and CSDP framework.

Given the degree of violence and tension in Bosnia, does the Council have any information on potential Member State involvement in Bosnia aimed at preventing further violence?
