

**Question for written answer E-002518/2014
to the Commission**

Rule 117

José Ignacio Salafranca Sánchez-Neyra (PPE)

Subject: EU-Brazil Summit: Mercosur

The 7th EU-Brazil Summit was held in Brussels on 24 February 2014.

In this context and in connection with the negotiations on the EU-Mercosur Association Agreement:

Does the Commission think that the holding of this Summit has given impetus to the negotiation process for the EU-Mercosur Association Agreement?

Does the Commission think that consideration ought to be given to the possibility of finding a solution, such as the Peru-Colombia Multi-Party Agreement, that opens the door to the rest of the Mercosur members?
