Subject: VP/HR - Regarding the occupation and annexation of Crimea

Actions based on the military aggression of the Russian Federation started one year ago and the currently ongoing and intensive militarisation of the Crimean peninsula performed by the Russian Federation endangers the stability and security of the whole of Europe and seriously breaches the Charter of the United Nations, other international agreements, as well as bilateral agreements of Russia and Ukraine.

1. What actions are planned to be taken in order to investigate and objectively evaluate the violations of human rights in Crimea made by the occupying power and to protect the Crimean Tartars and other national minorities?
2. What measures are planned to be taken to objectively evaluate the losses suffered in Ukraine because of the illegal actions of the Russian Federation and to create a multilateral mechanism for the registration and calculation of losses of the Crimea occupation and annexation?
- 3.
