

**Question for written answer E-000054/2017  
to the Commission**

Rule 130

**Fabio De Masi (GUE/NGL)**

Subject: Written Question E-006865/16 unanswered as regards the Commission's legal analysis of CETA

In its reply to Written Question E-006865/16, the Commission does not answer my questions. I therefore pose them again, and this time I expect the Commission to answer them. The background to the questions can be found in E-006865/16.

What legal analyses underlie the Commission's claim that CETA is under exclusive EU competence?

Will the COM publish these legal analyses? If not, will MEPs at least be able to read them in the reading room of Parliament's Classified Information Unit?
