Subject: Fact-checking campaign about the French Presidential election - planned duration

According to the website politico.eu (*'For EU, French vote is existential'*, 30 March 2017), the Commission has indirectly got involved with French politics: *'In an unusual move, it's getting involved in French politics, albeit indirectly, with a fact-checking campaign to counter the anti-EU narrative coming from Le Pen's National Front.'*

How long will this 'fact-checking campaign' by the Commission in France last?

Is the Commission planning to carry out similar campaigns in other Member States? If so, which ones?
