Rule 130

Fabio De Masi (GUE/NGL)

Subject: EU subsidies for ferries commissioned and built in 2010 by Saaremaa Shipping Company Ltd (Estonia)

To the best of the Commission's knowledge, were EU subsidies paid in respect of the ferries commissioned and built in 2010 by the Estonian Saaremaa Shipping Company Ltd in Fiskerstrand (Estonia)?

If so, what was the amount of the subsidies and over what period were they payable?

The names of the ferries in question are (or were):

Muumaa – built in March 2010,

Saaremaa – built in June 2010, and

Hiumaa – built in April 2011.
