to the Commission**

Rule 130

**Kazimierz Michał Ujazdowski (ECR)**

Subject: Increased access of citizens to information on interest representation towards the EU institutions

In a report prepared by MEP Sven Giegold, which was adopted in September, the Parliament urged the Commission to make all information on interest representation towards the EU institutions easily accessible to the public through an online one-stop shop (point 9 of the Giegold report). This would undeniably help to achieve a better balance between underrepresented interests and those more strongly represented (point 10).

Will the Commission say if it has started to implement this recommendation and, if so, what does the agenda look like?
