Subject: Compensation from Israel following destruction of EU-funded facilities in the West Bank

On 17 October 2017, seven EU Member States (Belgium, France, Italy, Spain, Sweden, Luxembourg and Ireland) sent a letter to the Israeli authorities requesting financial compensation following the demolition of education facilities and solar power plants by the Israeli authorities in the West Bank. Parliament has called repeatedly for an end to the demolition of Palestinian houses in the West Bank in its various resolutions, including that of 18 May 2017. The Commission gave its support to the consortium's initiative.

As a follow-up to this letter, could the Commission answer the following questions:

1. Has the consortium received an official answer to its letter? If not, what does the Commission intend to do to follow up this initiative?
2. What measures is the consortium planning to take to obtain compensation for this destruction? What legal actions are available?
