Subject: Data on migrants

According to the Human Rights Watch 2017 World Report, the Hungarian authorities have officially limited the daily entry of asylum seekers - to 20 in 2017. According to the Immigration and Asylum Office of Hungary, the total number of refugees registered in Hungary in 2017 was 95. 2026 applications were rejected.

Which body is responsible for checking the conformity of data on migrants in Hungary in 2017?

What data does the Commission have regarding the number of registered migrants on the territory of Hungary?
