Rule 130

Mihai Țurcanu (PPE)

Subject: Measure 3, under Article 16 of Regulation (EU) No 1305/2013, regarding Quality Schemes for Agricultural Products and Foodstuffs.

Can the Commission kindly specify whether an active farmer can apply for support under Article 16(1) of Regulation (EU) No 1305/2013 if they wish to register a new product in the Database of Origin and Registration (DOOR) under a quality scheme established by Regulation (EU) No 1151/2012, where this depends on the beneficiary actually receiving financing following completion of the legal formalities and registration of the new product in the DOOR?

Is the support granted for the information and promotion activities referred to in Article 16(2) conditional on receiving support under Article 16(1) of Regulation (EU) No 1305/2013?
