Subject: VP/HR - EU Undertaking for the reconstruction of Iraq

The Conference for the Reconstruction of Iraq, which was held from 12 to 14 February 2018 in Kuwait, provided an opportunity for the European Union and Member States to make significant financial and technical assistance commitments. These commitments arose from the publication of the EU strategy for Iraq in January 2018.

Could the Vice-President/High Representative indicate:

- 1) which specific actions and projects related to rebuilding infrastructure and restoring public services have been targeted and have received EU funding, and what results they have produced?
- 2) How the Commission services coordinate their actions with the Member States committed to reconstructing the country, namely by identifying priority investments?
- 3) To what extent these financial commitments and this technical assistance meet the objective of reconciliation of Iraqi society?
