to the Commission**
Rule 130
Jörg Meuthen (EFDD)

Subject: Late-term abortions and Article 2 of the TEU

In Germany there have been calls to allow late-term abortions right up until immediately before birth. The Commission considers itself responsible for monitoring and ensuring compliance with Article 2 of the Treaty on European Union (TEU). Can it say whether permitting late-term abortions in German law would be in breach of Article 2 of the TEU, in particular the obligation to respect human rights?
